2009-2010 GRADUATE CATALOG

Welcome to the University of Nebraska at Kearney

This catalog will serve as a reference for you during the beginning weeks at the University of Nebraska at Kearney and throughout your university career.

We hope the information contained within this catalog will provide answers to your questions about the University; if not, the faculty, administration and staff are always available to answer questions personally.

Acceptance of registration by the University of Nebraska and admission to any educational program of the University does not constitute a contract or warranty that the University will continue indefinitely to offer the program in which a student is enrolled. The University expressly reserves the right to change, phase out, or discontinue any program.

The listing of courses contained in any University bulletin, catalog, or schedule is by way of announcement only and shall not be regarded as an offer of contract. The University expressly reserves the right to (1) add or delete courses from its offerings, (2) change times or locations, (3) change academic calendars without notice, (4) cancel any course for insufficient registration, or (5) revise or change rules, charges/fees, schedules, courses, requirements for degrees and any other policy or regulation affecting students, including, but not limited to, evaluation standards, whenever the same is considered to be in the best interests of the University.

This catalog is in effect beginning with the 2009-2010 academic year. A student must, however, meet the requirements from one catalog only rather than choosing a portion from one catalog and the remainder from another.

If a student has not taken courses for more than four calendar years, the student must reapply. If the student is seeking a degree, UNK reserves the right to require the student to meet the more recent requirements for graduation. Curriculum changes or modifications require that all new program requirements be met regardless of course work previously completed.

The University of Nebraska at Kearney does not discriminate in its academic, admissions or employment policies and abides by all federal, state, and regental regulations pertaining to the same.

The University of Nebraska at Kearney is an affirmative action/equal opportunity institution.

How to Use the Catalog

The Calendar in the beginning of this catalog emphasizes noteworthy dates in the academic year.

The General Information section provides a history of Graduate Studies at UNK, as well as information about the facilities and policies on campus.

The Admissions Information section outlines the appropriate procedures for applying to UNK as a postgraduate or graduate student.

The Financial Information section provides options to help students plan for expenses, as well as information about how UNK can help qualified students meet educational expenses.

The Academic Information section explains the degrees, academic programs, and opportunities available to students. The Academic Regulations detail the various procedures, requirements and regulations that affect students while at UNK.

The Graduate Programs section details the requirements for the available degree programs. These are listed in alphabetical order by department. Information and admission requirements unique to each program are included, in addition to the specific requirements for each degree.

The Nondegree Areas section lists departments that offer graduate courses, which students in degree programs can use toward program requirements or non-degree students can use for advanced study.

Descriptions of the courses offered by UNK are available in the Graduate Courses section, including the number, title, hours, and a brief summary of the course content.

The Graduate Faculty section lists members of the graduate faculty in alphabetical order, including their special teaching and research interests.

<thead>
<tr>
<th>Glossary of Terms</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Degree Audit</strong></td>
</tr>
<tr>
<td>An analysis of a student's progress toward meeting degree requirements. The Audit provides a summary of institutional requirements, General Studies and major/minor program requirements. Students have access to degree audit on-line via WebEASI, from their academic advisor or the Office of Student Records and Registration.</td>
</tr>
<tr>
<td><strong>Elective</strong></td>
</tr>
<tr>
<td>A course in the curriculum in the choosing of which a student has some options, as opposed to a required course. The term free or unrestricted elective denotes that the student either has complete choice in the selection of a course or choice among courses in several different fields. A restricted elective is one limited to a certain discipline or group of disciplines, such as an English elective or a social science elective.</td>
</tr>
<tr>
<td><strong>Matriculation</strong></td>
</tr>
<tr>
<td>The first registration following admission as a classified student.</td>
</tr>
<tr>
<td><strong>Transcript</strong></td>
</tr>
<tr>
<td>A copy of the permanent academic (educational) record at an institution of higher education. It becomes an official transcript when the seal of the institution is affixed and the signature of the Registrar is appended.</td>

### Fall Semester 2009
- **August 21, Friday**
  - Open registration 1:00-3:00 p.m.
- **August 24, Monday**
  - All classes begin
- **September 7, Monday**
  - Labor Day Break - No classes
- **September 8, Tuesday**
  - Classes reconvene
- **September 15, Tuesday**
  - Deadline to apply for December graduation
- **October 19-20, Monday-Tuesday**
  - Fall Break - No classes
- **October 21, Wednesday**
  - Classes reconvene
- **November 25-28, Wednesday-Saturday**
  - Thanksgiving Break - No classes
- **November 30, Monday**
  - Classes reconvene
- **December 14-17, Monday-Thursday**
  - Final week
- **December 18, Friday**
  - Commencement

### Fall Semester 2010
- **August 20, Friday**
  - Open registration 1:00-3:00 p.m.
- **August 23, Monday**
  - All classes begin
- **September 6, Monday**
  - Labor Day Break - No classes
- **September 7, Tuesday**
  - Classes reconvene
- **September 15, Wednesday**
  - Deadline to apply for December graduation
- **October 18-19, Monday-Tuesday**
  - Fall Break - No classes
- **October 20, Wednesday**
  - Classes reconvene
- **November 24-27, Wednesday-Saturday**
  - Thanksgiving Break - No classes
- **November 29, Monday**
  - Classes reconvene
- **December 13-16, Monday-Thursday**
  - Final week
- **December 17, Friday**
  - Commencement

### Spring Semester 2010
- **January 8, Friday**
  - Open registration 1:00-3:00 p.m.
- **January 11, Monday**
  - All classes begin
- **January 18, Monday**
  - Martin Luther King Jr. Day - No classes
- **January 19, Tuesday**
  - Classes reconvene
- **February 1, Monday**
  - Deadline to apply for May graduation
- **March 14-21, Sunday-Sunday**
  - Spring break - No classes
- **March 22, Monday**
  - Classes reconvene
- **May 3-6, Monday-Thursday**
  - Final week
- **May 7, Friday**
  - Commencement

### Summer Session 2010
- **May 10, Monday**
  - Classes begin
- **May 31, Monday**
  - Memorial Day - No classes
- **June 1, Tuesday**
  - Classes reconvene
- **June 15, Tuesday**
  - Deadline to apply for summer graduation
- **July 5, Monday**
  - Independence Day Break - No classes
- **July 6, Tuesday**
  - Classes reconvene
- **July 29, Thursday**
  - Term ends
- **July 30, Friday**

- **July 26, Thursday**
  - Term ends
- **July 27, Friday**
  - Commencement

For a more detailed calendar with dates and deadlines relating to registration and graduation, see the Academic Calendar from the Office of Student Records and Registration.
As a public state-supported institution serving approximately 6,400 students, the University of Nebraska at Kearney provides a broad educational, research and service function to the citizens of the State of Nebraska. It asserts this responsibility by pursuing those aspects of higher education that deal with the preservation of all knowledge as well as the dissemination and the application of knowledge. Thus, the University provides opportunity for enrichment of the individual intellectually, culturally, artistically and emotionally. In light of this, the University continues to evaluate and determine its education, research and services in order to establish criteria and assign priorities as it selects the most suitable activities in these areas for a modern society.

Located in the heart of Nebraska’s Platte River Valley, the community of Kearney is the agricultural, commercial, medical, educational and cultural center of a large mid-state area. It is the fifth largest city in the state with a population of 29,000. Being on “America’s Main Street” - Interstate 80 - makes it a popular stopping place for thousands of travelers, and it has an abundance of good restaurants, lodging facilities and entertainment. The humidity is low, the winters are not too harsh, and the falls and springs are delightful.

UNK Mission

The University of Nebraska at Kearney is a public, residential university committed to be one of the nation’s premier undergraduate institutions with excellent graduate education, scholarship, and public service.

UNK Vision

The University of Nebraska at Kearney will achieve national distinction for a high quality, multidimensional learning environment, engagement with community and public interests, and preparation of students to lead responsible and productive lives in a democratic, multicultural society.

Key to such improvement will be: clear focus on mission imperatives, fidelity to historic core values, and continuous and rigorous self-appraisal or assessment of outcomes.

History

In March of 1903, House Roll No. 1 of the State Legislature appropriated $50,000 to build a normal school in western Nebraska. In September of that same year, after 111 ballots, the State Board of Education accepted the city of Kearney’s offer of twenty acres and Green Terrace Hall at the western edge of the city to become the site. On October 18, 1904, the cornerstone of the first building was laid; in the summer of 1905, Nebraska State Normal School at Kearney offered its first classes in Kearney Public School facilities. The first classes on campus were held that fall as the building was completed.

In 1921, the name of the institution was changed to Nebraska State Teachers College at Kearney. In 1963, it became Kearney State College. Both name changes were a part of system-wide changes for the college.

In 1989, however, a legislative act, LB247, moved the institution from Nebraska State College system to the University of Nebraska system. After Supreme Court review, Kearney State College became The University of Nebraska at Kearney on July 1, 1991.

State Representative C.J. Warner of Waverly introduced the 1903 bill creating the institution; his son, State Senator Jerome Warner, introduced the bill making UNK a part of the University.

Nine presidents/chancellors have served the institution. Dr. A. O. Thomas, 1905-1913; Dr. George S. Dick, 1913-1919; Dr. George Martin, 1919-1936; Dr. Herbert L. Cushing, 1936-1961; Dr. Milton J. Hassel, 1961-1971; Dr. Brendan J. McDonald, 1972-1982; Dr. William R. Nester, 1983-1991; Dr. Gladys Styles Johnston, 1993-2002, and Doug Kristensen, 2002 to the present.

- Council on Social Work Education (CSWE) (Social Work)
- National Association of Industrial Technology (NAIT) (Aviation Systems Management, Construction Management, Industrial Distribution, Telecommunications Management)
- National Association of Schools of Music (NASM) (Music)
- National Association of School Psychologists (School Psychology)
- National Kitchen and Bath Association (NKBA) (Interior Design)
- Nebraska Department of Education (Teacher Education)

The following accreditations are of the UNMC College of Nursing-Kearney Division:
- Nebraska State Board of Nursing (Nursing)
- Committee on College Nursing Education (CCNE) (Nursing)

Additionally, the Family Studies program is certified by the National Council on Family Relations (NCFR).

*30 North LaSalle Street, Suite 2400, Chicago, IL 60602-2504

The goal of Graduate Studies is to develop in each student an appreciation of knowledge and to provide an intellectual stimulus for advanced study. A scholarly education is pursued through mutual deliberation between students and faculty on philosophies, concepts and natural phenomena relevant to a world society. Graduate study is offered in several fields for students who wish to increase their effectiveness in the arts and sciences, education, government, business and industry. Emphasis is placed upon current thinking, modern practice and research findings in academic and professional education. The general objectives of Graduate Studies are:

1. To provide challenging studies for those students who seek the knowledge and competencies inherent in an advanced degree in the field of teaching.
2. To offer programs of study and advanced degrees for those students who wish to further their academic and professional education in fields of endeavor other than teaching.
3. To provide an opportunity for the non-degree student to increase academic and professional competencies.
4. To provide experiences for graduate students which will enhance their cultural, attitudinal and philosophical values.
5. To provide research experiences for graduate students to enable them to become adept in developing and applying research techniques and in the interpretation of information derived from research.
6. To provide opportunities for graduate students to become involved in scholarly endeavors through participation in independent study, field research, internships and the development of thesis problems.
Organization of Graduate Studies

I. Governance of Graduate Studies at UNK

The University of Nebraska at Kearney (UNK) Graduate Faculty shall have all powers of governance of Graduate Studies at UNK, except as otherwise provided herein, or in Graduate College governance procedures approved by the Board of Regents, or in the general statutes and rules governing the University.

II. The UNK Graduate Council

The University of Nebraska at Kearney Graduate Council shall serve as the policy-and decision-making body of the UNK Graduate Faculty and as an advisory body to the UNK Dean of Graduate Studies.

A. Membership of the UNK Graduate Council

The Council shall consist of twelve elected members of the UNK Graduate Faculty, three “at large” Graduate Faculty members, and three graduate student members.

1. Three Graduate Faculty members from different departments will be elected by the Graduate Faculty of each academic College. Terms for elected members of the Council shall be three years and shall commence with the beginning of Fall Semester following election to the Council.

   When the term of office for an elected member of the Council ends or when a vacancy occurs and the remainder of the term is for one year or more, an election to fill the vacancy shall be conducted by the Office of Graduate Studies. A mail ballot shall be sent to all Graduate Faculty members of the College in which the vacancy exists. The ballot shall list nominees recommended by the Graduate Council and provide an opportunity for additional nominations. The two persons on the ballot who receive the highest number of votes shall stand for election to the Council.

   If the remainder of the term is for less than one year, the Dean of Graduate Studies shall appoint a member of the Faculty in the College concerned to fill the remainder of the term.

2. Three additional University of Nebraska at Kearney Graduate Faculty will be appointed by the UNK Dean of Graduate Studies as “at large” members of the Graduate Council. In making these appointments, the Dean of Graduate Studies shall select individuals to serve as liaisons with the University of Nebraska Executive Graduate Council (EGC). Terms for these Graduate Council members will be concurrent with their term on the EGC, or for one year, as appropriate.

   Should any of the EGC representatives be elected members of the UNK Graduate Council, the Dean of Graduate Studies may make the remaining appointment(s) with the intention of maintaining a balanced representation based on the number of graduate students and Graduate Faculty in each College. Such appointments shall be for a term not to exceed one year.

3. The graduate student members of the Council shall be selected by the UNK Graduate Student Association. In the absence of an active Graduate Student Association, the UNK Dean of Graduate Studies shall appoint the members from a list of departmental nominees. Graduate student members must be currently enrolled in a minimum of 6 hours and in good academic standing. Terms for graduate student members shall be one year, commencing with the beginning of the Fall Semester.

B. Powers of the UNK Graduate Council

The UNK Graduate Faculty has delegated to the Council its policy-and decision-making powers for graduate matters, subject to review and possible override by a vote of the Graduate Faculty. Decisions of the Council effecting change of policy and/or regulations may become effective immediately. All actions become final one month after general publication to the UNK Graduate Faculty unless a petition signed by at least ten members is submitted to the UNK Dean of Graduate Studies requesting a meeting of the Graduate Faculty to discuss the action of the Council. The UNK Graduate Faculty may, after discussion of the matter, request the Dean to conduct a referendum (mail ballot) of the issue.

III. The UNK Dean of Graduate Studies

The Dean of Graduate Studies, University of Nebraska at Kearney, shall be recommended for appointment by the UNK Chancellor and by the President, University of Nebraska. Appointment shall be made by the Board of Regents. The Dean of Graduate Studies shall be responsible to the Chancellor, University of Nebraska at Kearney, and to the Dean of the Graduate College, University of Nebraska, and shall be administratively responsible for the welfare of all graduate programs at the University of Nebraska at Kearney, and for implementing the policies of the Board of Regents and the Graduate Faculty concerning graduate studies.

The Dean of Graduate Studies shall preside at meetings of the Graduate Faculty, University of Nebraska at Kearney, and shall be chair of the UNK Graduate Council.

IV. Graduate Committees

Each graduate department authorized to offer major work leading to the Master’s or Specialist’s degree shall have a Graduate Committee consisting of not fewer than three UNK Graduate Faculty members, one of whom is designated as chair of the Graduate Committee. In all cases, at least two-thirds of the Committee must be Graduate Faculty members.

Membership of the Graduate Committee is recommended by the administrative unit through its department chair of program director, for appointment by the Dean of Graduate Studies, University of Nebraska at Kearney (on behalf of the Dean of the Graduate College). Graduate Committees are responsible for the general supervision of graduate work in their administrative units.

V. General

Policies, procedures, rules and regulations previously in effect relating to University of Nebraska at Kearney graduate programs and not superseded or rendered void by this document, or by policies of the University of Nebraska Graduate College, shall remain in effect upon its adoption. The actions of the University of Nebraska at Kearney Graduate Council and the UNK Graduate Faculty shall not supersede the Rules and Regulations or actions of the University-wide Graduate Faculty or the Executive Graduate Council.
Graduate Programs are directed by the UNK Graduate Council elected from the Colleges of Fine Arts and Humanities, Natural and Social Sciences, Business and Technology, and Education. Three graduate student representatives are elected to the Council. The Dean of Graduate Studies and Research serves as Chair.

Public Service
It is the purpose of any state-supported institution to serve the needs of its diverse constituency. UNK works cooperatively with other agencies to provide the public with educational services to enhance individual, regional, state, national, and international development. Sponsorship of the James E. Smith Midwest Conference on World Affairs resumed in 1988 with international representatives converging on Kearney to discuss issues of global importance. Through the Museum of Nebraska Art, the Artists and Lecturers series, and the various other artistic and cultural resources of the campus, the institution serves as the cultural hub of Central Nebraska.
There are 43 buildings on the 513-acre campus of UNK. The major buildings are:

**William E. Bruner Hall of Science**
Built in 1966, the original Bruner Hall of Science footprint was 84,900 gross square feet, but in 1987 a 15,520 GSF Lecture Hall added three additional levels. In 2004 deferred maintenance renovations upgraded building systems at a cost of $6.4 million. In 2009 a $14 million renovation addressed the upgrade of 47,000 GSF, the razing of Mary Morse Lecture Hall and the construction of a 17,800 GSF new addition. The renovation upgraded and enhanced teaching and research labs and support spaces within the existing building. The addition features a new planetarium and offices for the Health Science Programs, classrooms and student lounge space. Other departments occupying the building are Biology, Chemistry and Physics.

**Calvin T. Ryan Library**
This building was erected in 1963. An addition in 1983 doubled the size of the facility. The attached Mitchell Center includes radio and television broadcasting facilities and houses the Communication Department.

**College of Education Building**
Completed in 2002, the College of Education Building is a 50,000 square foot building with state-of-the-art technology. The building has been designed with the needs of teaching and clinical education as its focus. Six large classrooms are equipped with electronic teaching stations, wireless computer capabilities and the potential for computer-assisted teaching in a variety of teaching configurations. Fifty faculty offices are provided for the departments of Counseling and School Psychology, Communication Disorders, Educational Administration and Teacher Education, along with other spaces for the Dean of Education, advising, teacher certification activities, and administrative support.

**Communications Center Building**
Part of the former State Hospital complex acquired in 1972, this renovated building is used by Publications and Creative Services on the first level, Video Services on the second level and eCampus on the third level.

**Copeland Hall**
Built and used as the campus gymnasium from 1918 to 1961, this building was used for offices and classes until 1995 when a classroom addition was built. The original building was renovated in 1996 and now houses offices for the Dean of Natural and Social Sciences and the Departments of Sociology, Geography and Earth Science; History; and Psychology.

**Cushing Health, Physical Education and Recreation Facility**
Originally constructed in 1961, this facility has undergone extensive renovation. The renovated building houses classrooms, offices, laboratories, locker facilities, an indoor running track, racquetball, tennis, basketball and volleyball courts, weight area and swimming pool. These facilities service recreation and intramural programs in addition to space for intercollegiate athletic teams and the Department of Health, Physical Education, Recreation and Leisure Studies.

**Facilities Building**
This brick structure houses offices and work areas for Facilities Management and Planning and Police and Parking Services.

**Fine Arts Building**
This building houses the department of Music and Performing Arts and the office of the Dean of Fine Arts and Humanities. It opened in January, 1970, and in 1979 a wing was added to house the Department of Art and Art History and the Walker Art Gallery.

**Founders Hall**
Opened in 1977 and dedicated to the original faculty of UNK, this facility now serves as the administrative hub of the University. Offices include the Chancellor and Vice-Chancellors, Dean of Student Life, Finance, Student Records and Registration, AA/EOE, Human Resources, Business Services, and Budget, on the first level. Second level includes offices of Institutional Research, Ethnic Studies, General Studies, Assessment, Graduate Studies, Sponsored Programs, and faculty offices and classrooms for Departments of Social Work, Mathematics and Statistics, Political Science and Criminal Justice in the College of Natural & Social Sciences.

**Frank House**
The Historic Frank House mansion was constructed in 1889 and is listed on the National Register of Historic Places. It was wired for electricity during construction and included bathrooms, steam heat, servant’s quarter, ten fireplaces and hand-carved oak woodwork. Its focal point is a large Tiffany stained glass window. Restoration of the house is an on-going project. It is now used for University functions and is open to the public as a museum.

**General Services Building**
Originally built as the Military Science building in 1969, this building now houses the public offices of Facilities Management and Planning and Police and Parking Services.

**Health and Sports Center**
Dedicated during the fall of 1990, this state-of-the-art facility houses UNK’s indoor spectator sports. In addition, offices for the UNK intercollegiate athletics sports teams and the Athletic Director staff, locker facilities, equipment rooms, athletic weight area, athletic training facilities, wrestling and martial arts rooms are located in the building. Concession and restroom facilities serve spectators utilizing the 6000-seat arena.

**Memorial Student Affairs Building**

**The Museum of Nebraska Art**
Located on the Bricks in downtown Kearney, the Museum of Nebraska Art (MONA) is housed in a beautifully renovated 1911 Renaissance revival building listed on the National Register of Historic Places, providing an ideal setting for its collection of over 5,000 works. Dedicated to telling the story of Nebraska through the art of Nebraska, MONA exhibits the work of a distinguished and diverse group of artists with a tie to Nebraska or by artists from around the world who have depicted Nebraska subjects. Originally a Post Office, the building was remodeled and expanded in 1993 and includes an outdoor sculpture garden. The UNK community of students, faculty, and staff visit and are welcomed to MONA for a variety of classes, programs, and activities.

**The Nebraskan Student Union**
This building was opened in 1964. A major renovation and addition was completed in 2002 adding 25,000 square feet. The Nebraskan houses union administrative offices, the Office of Multicultural Affairs as well as student activity offices, Chartwells’ food service operations, the campus bookstore and conference space.
Ockinga Seminar Center
Constructed adjacent to Welch Hall as a gift from the Clara Ockinga estate, this building provides two seminar rooms used by the University and the public as well as the office of International Education.

Otto Olsen Building

Residence Halls
UNK has twelve residence halls and University Heights apartments to accommodate students residing on campus. Two new residence halls with 2- and 4-bedroom suite living arrangements became available in the fall of 2007 and 2008. In addition, in 2008 UNK began an $18 million renewal of residential space which will continue over six years. Renovations to all of the halls will include replacement of furniture, paint and carpeting, sprinkler additions, remodeled restrooms, HVAC improvements and abatement.

Ron & Carol Cope Center for Safety Education and Research
Constructed in 1981, the area includes a driving range and provides space for services offered by the Nebraska Safety Center.

A.O. Thomas Hall
A campus school from 1926-1963, it now houses the Departments of English, Modern Languages and Philosophy.

Roland B. Welch Hall
This facility was part of the 1972 State Hospital complex acquisition. In 1989 the building, which now houses International Education, was named Roland B. Welch Hall in honor of a long-time business professor.

West Center
In 1972 UNK acquired the former State Hospital complex. A major renovation was completed in 2001 and now provides facilities for the College of Business and Technology Dean, Departments of Accounting/Finance, Economics, Management, Marketing and Management Information Systems, and the College of Business and Technology Centers for Economics Education, Rural Research & Development, Nebraska Safety Education and Nebraska Business Development. In addition, the building houses UNMC’s College of Nursing, Kearney Division.

Alumni Association
Since 1906, following the graduation of the first class at the Nebraska State Normal School at Kearney, the Alumni Association has been working to maintain the link between graduates and the University of Nebraska at Kearney. More than 36,000 alumni are now in the files of the Association.

The Association produces UNK Today, a magazine published twice annually, maintains an alumni database, hosts reunions, coordinates Homecoming activities, sponsors Student Alumni Foundation and Gold Torch Mentoring Society, and facilitates the Distinguished Alumni, Alumni Service, and Athletic Hall of Fame Awards.

The official home of the Association is the Alumni House, 2222 9th Avenue. The facility, built in 1907, is on the National Register of Historic Places. It was once the residence of Dr. A.O. Thomas, the first president of the Nebraska State Normal School.

University of Nebraska Foundation
The University of Nebraska Foundation is a private, nonprofit corporation securing financial support for each of the four campuses of the University of Nebraska since 1936. The University of Nebraska Foundation encourages private financial support of the University of Nebraska from individuals, corporations and other foundations. It oversees the distribution of these gifts and of the interest earned from its endowed funds. Gifts to the foundation add a margin of excellence over and above the appropriate level of state support and are not intended to replace state funds.

Gifts to the foundation significantly enhance the university and its students by providing scholarships, distinguished professorships, professional chairs and visiting lectureships. Other foundation funds assist with recruiting efforts and support services needed by campus organizations, alumni programs and each college.

The foundation has offices in Kearney, Lincoln, Omaha, and Scottsbluff. The Kearney office was added on July 1, 1992, when the University of Nebraska Foundation merged with the Kearney State College Foundation.

The KSC Foundation was founded in 1959 when a group of eight Nebraska citizens acted on their commitment to higher education and concern for the future. This merger provides greater private support for the students and faculty of UNK.

For more information on supporting the University of Nebraska, please contact the University of Nebraska Foundation, 214 W. 39th, P.O. Box 2678, Kearney; 68846-2678; phone: 308-698-5270.

Clean Air Policy
The University of Nebraska at Kearney is a smoke-free campus. No tobacco products may be used in facilities or vehicles of the University of Nebraska at Kearney.

Use of tobacco products on the grounds of any UNK site is allowed as long as such use is not within close proximity (defined as within 10 feet) of any facility entrance or work site.

Computing Policies
Guidelines for the Use of Information Technology Resources at the University of Nebraska at Kearney and the University of Nebraska Policy for Responsible Use of University Computers and Information Systems detail the University’s computer policies. See pages 109-112.

Affirmative Action/Equal Opportunity
The University of Nebraska at Kearney affirms a policy of equal educational and employment opportunities, affirmative action in employment, and nondiscrimination in providing services to the public.

The Office of Affirmative Action/Equal Opportunity is responsive to University issues which support a diverse work and academic environment free from discrimination against any person upon the basis of race, age, color, disability, religion, sex (including sexual harassment), sexual orientation, national or ethnic origin, marital status, or veteran status.

The University affirms a policy of equal educational and employment opportunities, affirmative action in employment, and nondiscrimination in providing services to the public. Use of tobacco products on the grounds of any UNK site is allowed as long as such use is not within close proximity (defined as within 10 feet) of any facility entrance or work site.

Guidelines for the Use of Information Technology Resources at the University of Nebraska at Kearney and the University of Nebraska Policy for Responsible Use of University Computers and Information Systems detail the University’s computer policies. See pages 109-112.
Equal Educational Opportunity Policy

University of Nebraska at Kearney - April 1992

The University of Nebraska at Kearney reaffirms its policy of administering all educational programs, related support services and benefits in a manner that does not discriminate on the basis of a student's or prospective student's race, age, color, disability, religion, sex, sexual orientation, national or ethnic origin, marital status, or veteran status.

Furthermore, the University commits itself to encourage greater involvement of those individuals traditionally underrepresented in the student body and to establish organization structures and procedures that assure all students equal access to the facilities and educational benefits of the institution.

Sexual Harassment Policy

University of Nebraska at Kearney - March 1995

The University of Nebraska at Kearney reaffirms that all women and men -- students, staff, faculty and administrators -- are to be treated fairly and equally with dignity and respect. Any form of discrimination, including sexual harassment, is prohibited.

Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing, or
2. submission to, or rejection of, such conduct by an individual is used as the basis for employment or academic decisions affecting such individual, or
3. such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive work or academic environment.

For information regarding sexual harassment complaints or grievances refer to the University of Nebraska at Kearney Grievance Procedures Relating to Alleged Prohibited Discrimination at http://www.unk.edu/offices/aaeo.aspx?id=1522.

See also the U.S. Department of Education, Office for Civil Rights at http://www.ed.gov/about/offices/list/ocr/index.html.

Students with Disabilities/Special Needs

A goal at UNK is to develop an academic community accessible to all individuals while encouraging the skills necessary for independence and self-sufficiency. Therefore, it is the responsibility of students at UNK to identify themselves as individuals with a disability and to provide documentation/verification from a qualified individual. Admitted students with disabilities are encouraged to schedule an appointment with the Academic Success Office (308) 865-8214 to learn about campus and program accommodations and services available to them. See http://www.unk.edu/offices/disability/index.php?id=13654 for further information.
GRADUATE
Admissions Information

Graduate Student Classification

A graduate student is defined as any student who holds an undergraduate degree from a four-year institution accredited by a regional accreditation body. All students taking graduate courses must apply for admission to the Office of Graduate Studies and Research. At that time, each student is placed in one of the following student classifications:

1. **Degree-Seeking Graduate Students**: A student pursuing a program of study leading to a Master’s Degree or to a Specialist Degree. To be classified as a degree graduate candidate, a student must meet the requirements for admission to degree status as stated by the Office of Graduate Studies and Research and by the appropriate department or program.

2. **Non-Degree Graduate Student**: Non-degree graduate students are those who do not wish to pursue an advanced degree or who have not yet completed all admission requirements for degree admission. Non-degree students may register for undergraduate or selected graduate courses for such purposes as certification, self-improvement, employment requirements, or obtaining a second bachelor’s degree. Students in this status are not limited in the number of hours completed, although only 12 graduate hours taken in this status can apply to a graduate program. Certain non-degree classifications allow students to obtain financial aid. These classifications are: initial certification, additional endorsements, second bachelor’s degrees and pre-master’s coursework.

3. **Senior (undergraduate) Student**: A student requiring fifteen hours or fewer for the Bachelor’s Degree may be allowed to enroll in graduate classes. Qualified students must have a G.P.A. of 3.00 or higher, will not be permitted to register for more than six semester hours of graduate courses, and the maximum load of undergraduate-graduate hours may be no more than twelve hours.

Enrollment must be approved by the Dean of Graduate Studies and Research, the instructor or department chair, and the student’s advisor. Graduate courses taken to complete requirements for the Bachelor’s Degree may not be used subsequently to satisfy requirements for a graduate degree. However, graduate courses not applied to the baccalaureate degree may be applied toward a graduate degree.

Degree-Seeking Students

Individuals interested in pursuing a graduate degree at the University of Nebraska at Kearney should apply online at http://webasi.unk.edu. Application deadlines are as follows unless stated differently by the department:

- May 1 for Fall admission;
- October 1 for Spring admission;
- March 1 for Summer admission.

All degree-seeking applicants must:

1. Submit a formal application for admission either electronically or by paper and pay the application fee, if applicable;

2. Request directly from any University or College attended previously, two official transcripts of all undergraduate and graduate course work to be sent to the Graduate Admissions office;

3. Comply with departmental admission requirements. (Contact the individual departments for these requirements.)

When all materials are complete, the Office of Graduate Studies and Research will conduct an initial evaluation. Applicant files meeting the requirements for admission to graduate study will be forwarded to the appropriate department for their consideration and recommendation. Following receipt of the departmental recommendation, the Office of Graduate Studies and Research will notify the applicant of the action taken and admission status.

Degree Admission Status

When admitted as a degree student, the applicant will be placed in one of the following categories:

1. **Unconditional (Full) admission**: This status will be granted to the applicant who satisfies all the following conditions:

   a. Official transcripts of all college work have been received by the Office of Graduate Studies and Research, verifying a baccalaureate degree from a regionally accredited college or university and a cumulative grade point average between 2.75 and 4.0.

   b. Results of a satisfactorily completed entrance exam specific to the discipline (i.e. GMAT, GRE or other admission mechanism) have been submitted to the Office of Graduate Studies and Research.

   c. All other departmental requirements for unconditional admission to a degree program have been met. This might include but is not limited to, academic deficiencies, an interview, area or subject tests, advanced tests, a portfolio or performance, grade point average, or letters of recommendation.

2. **Conditional admission**: This status will be granted to an applicant who has submitted all necessary materials, but who does not meet all requirements for unconditional admission.

   a. Graduates of nonaccredited institutions will be assigned conditional status, and this status may also be used by departments to classify students based on departmental requirements for admission.

   b. Applicants who do not meet minimal grade point standards may be admitted on the basis of satisfactory supplemental admission materials, as defined by specific graduate programs. Academic performance during the first semester, or as outlined by the condition stated by the department, will be assessed and will determine continuance in the program.

The conditions of admission will be specified by the department and the Office of Graduate Studies and Research at the time of the admission notification. Conditional admission will continue until changed by the recommendation of the department and Graduate Dean. Conditional admission is automatically changed to unconditional admission upon approval of the Application for Candidacy for the degree by the Graduate Dean.
When an applicant is accepted conditionally or unconditionally, an advisor will be assigned by the department. The advisor will assist the student in attaining the student’s graduate objectives.

**For additional departmental admission requirements, students should refer to the appropriate departmental listing in the Graduate Catalog or consult with the department.

### International Students

International students are not eligible to enroll under non-degree status. Degree seeking international students must meet the following admission requirements:

1. Submit the International Student Application Form found at [http://www.unk.edu/academics/gradstudies.aspx?id=945](http://www.unk.edu/academics/gradstudies.aspx?id=945);
2. Submit an official credential evaluation of all transcripts or mark sheets from all previously attended colleges and universities. Any approved NACES evaluation firm may be used: [http://www.naces.org/members.htm](http://www.naces.org/members.htm) Official transcripts or mark sheets must also be submitted to the Graduate office.
3. Have an educational background equivalent to that required for United States citizens;
4. Submit a completed Financial Affidavit with proof of ability to meet financial responsibilities while attending the University of Nebraska at Kearney.
5. Submit an official TOEFL score (unless the native language is English, or the student has graduated from a U.S. college or university). Score must be sent directly from the Educational Testing Service to the Office of Graduate Studies & Research.
6. Comply with departmental admission requirements. (If submitting GRE or GMAT scores, the scores must be sent directly from the Educational Testing Service to the Office of Graduate Studies & Research.)

It is recommended that students begin the admission process six months prior to their anticipated arrival to allow enough time for evaluation and notification of the admission decision. Application deadlines are as follows:

- Fall Admission - deadline is May 1*
- Spring Admission - deadline is October 1
- Summer Admission - deadline is March 1

*Students interested in graduate assistantships should apply earlier. See graduate assistantship information.

### Admission to a Second Master’s Degree

A student who wishes to earn a second Master’s Degree may apply for admission to the second program after receipt of the initial degree. All current admission requirements must be met at the time of application. Upon the recommendation of the major department and the approval of the Dean of Graduate Studies and Research, a maximum of 6 semester hours of course work from the first degree may be applied to the second degree.

### Simultaneous Matriculation

Students at any campus of the University of Nebraska may not matriculate toward two graduate degrees simultaneously unless they are admitted to approved dual degree programs or receive the permission of all appropriate campus graduate deans.

### Non-Degree Students

An individual with a bachelor’s degree from a regionally accredited institution who is not seeking a graduate degree may enroll in graduate courses and receive credit as a non-degree student. Applicants for non-degree status need to submit an application for admission, the application fee and official transcripts sent directly from the institution that granted their undergraduate degree.

A student wishing to change from non-degree status to a degree program must file a new application for admission and adhere to all requirements specified for degree-seeking students. No more than 12 credit hours earned in non-degree status may be applied to a graduate degree program. International students are not eligible to enroll under non-degree status.

### Admission From Nonaccredited Institutions

Students desiring admission to a degree program who have received their baccalaureate degree from an institution without regional accreditation will be granted conditional admission, provided all other college and departmental requirements have been met. Unconditional (full) admission will not be granted until the student completes 12 hours of graduate course work in the proposed field of study, with a cumulative grade point average (GPA) of at least B (3.00), with no more than one grade of C. A grade below C will result in the student being dropped from the degree program.

### Readmission

Anyone who has previously been enrolled as a graduate student at UNK but has not attended for four years must be readmitted to graduate studies before registering again for classes. In order to be readmitted, students must complete and submit a new application form to the Office of Graduate Studies and Research and pay the application fee.

### Residency Classification for Tuition Purposes

### General

The statutes of Nebraska provide that all state educational institutions shall charge nonresident tuition for each nonresident of Nebraska who matriculates at any state institution. Nonresident status is determined in accordance with these statutes and current institutional policies, and is based upon evidence provided in the application for admission and related documents. Additional written documents, affidavits, verification or other evidence may be required as deemed necessary to establish the status of the applicant. The burden of establishing exemption from nonresident tuition is the responsibility of the student. Errorneous classification as a resident or willful evasion of nonresident tuition may result in disciplinary action as well as payment of required tuition for each semester attended.
Change of Residency Status

Individuals seeking to establish resident status for tuition purposes will be required to have established a home in Nebraska for at least 12 months. However, any individual who has moved to Nebraska primarily to enroll in a post-secondary institution in Nebraska will be considered a nonresident for tuition purposes for the duration of his/her attendance. Enrolling more than halftime for any term at a university, college or community college in Nebraska during the 12 months immediately preceding the term or semester for which residence status is sought, will be considered as strong evidence that an individual moved to Nebraska primarily to enroll in a post-secondary institution in Nebraska. The student would therefore be considered a nonresident for tuition purposes for the duration of his or her attendance at the University of Nebraska. Students who have been classified as a nonresident and feel they qualify for resident status should review the Application for Resident Classification, which is available in the Office of Graduate Studies and Research. Any sanctioned change of classification from nonresident to resident will not be made retroactive beyond the period in which the change is approved.

Denial of Admission

There is no right to a due process hearing with respect to denial of admission of a graduate student. Therefore, there is no need for an appeal procedure for applicants of graduate programs.
For the most current information on tuition and fees, contact the Finance Office at 308-865-8524 or visit their website at: http://www.unk.edu/offices/student_accounts/

It is the responsibility of students to satisfy all financial obligations to the University of Nebraska at Kearney before enrollment can be completed, prior to release of records and upon application for a degree. All fees and other charges may be changed at any time by the Board of Regents of the University of Nebraska.

Summary Of Costs Per Semester

(2009-2010 Rates)

On-Campus Course Fees
- Tuition (Resident).......................................................... $187.50/hr
- Tuition (Non-Resident).................................................. $387.75/hr
- Academic Success Fee.................................................. $1.75/hr
- Collegiate Readership Fee.............................................. $3.00 (no summer)
- Facilities Fee................................................................. $6.00/hr
- Health and Counseling Fee.......................................... $80.00
- ID Card Fee................................................................. $4.00
- Library Fee................................................................. $3.00/hr
- Multicultural Affairs Fee.............................................. $1.50
- Student Activity Fee..................................................... $13.00
- Student Event Ticket Fee............................................. $1.50
- Student Records Fee.................................................... $4.00
- Student Union Fee....................................................... $5.00
- Technology Fee......................................................... $9.00/hr
- Weight Room Fee....................................................... $1.00/hr (max 12 hrs)

Distance Course Fees
- eCampus Tuition (Resident)....................................... $187.50/hr
- eCampus Tuition (Non-Resident).............................. $292.75/hr
- eCampus Biology Tuition (Non-Resident)............... $338.00/hr
- Distance Education Fee.............................................. $25/hr
- Library Fee................................................................. $3.00/hr
- Student Records Fee.................................................... $4.00
- Technology Fee......................................................... $9.00/hr

Tuition, fees and other charges may be changed at any time by the Board of Regents of the University of Nebraska.

Special Fees (varies)
- Late Registration Fee
  Initial registration after the first week of the semester (Fall or Spring) or after the first class day (Summer) is considered late and a $15 late fee will be charged.
- Education and Credential Service Fee
  Contact the Career Center for specific fee information: 308-865-8501
- Graduation Fee (all degrees)....................................... $25.00
- Off-Campus Service Fee............................................ $20.00/hr

Certain courses require a materials fee in addition to regular registration fees.

Housing and Dining

Housing and dining costs may be changed at any time by the Board of Regents of the University of Nebraska.

Apartment and room only contracts may be available to upperclassmen living on designated Independent Living Floors. Contact the Office of Residence Life for details at http://www.unk.edu/offices/reslife/

Summer Sessions - see Summer Class Schedule

Living Accommodations

Approximately 2,200 students live on campus in ten traditional residence halls, one apartment-style complex, and two Greek complexes. Each housing facility is supervised by a live-in hall director, and is staffed by live-in resident advisors on the floors. Most residence facilities feature several lounges, study areas, and recreational spaces for student interaction and involvement. All halls feature computer labs which are networked to the UNK mainframe computers. These labs are available exclusively for on-campus students. All residence halls at UNK are wired for computer network access. From their residence hall rooms, students may access e-mail, library resources, course syllabi, on-line registration and other personal information. The network also provides a fast internet connection.

Housing contracts provide for the above services for the full academic year, unless otherwise indicated on the contract prior to issuance. Contracts may be paid, at the option of the student, at fee payment or on an installment plan.

Upon receipt of the application for housing, residence hall contracts are issued by the Director of Residence Life. The $50 processing fee must be submitted with the housing contract.

Summer School students should consult the Office of Residential and Greek Life for information concerning residence halls for summer school.

Each residence hall room is equipped with study desks, single beds, mattresses, curtains, chairs, chests of drawers, mirrors, closets and storage space. Each hall has its own laundry and recreational facilities. Students are expected to furnish a bedspread, bed linens, pillows, blanket, bathroom linens, phone, and study lamp. It is not deemed advisable to bring expensive equipment or furnishings. Students are expected to care for their own rooms. Small UL approved closed coil appliances are allowed in students' rooms but hot plates, microwaves, or large refrigerators are not permitted. Students may rent small refrigerators at the beginning of each semester or bring their own if they are not more than 3.6 cubic feet.
Opening dates
All residence halls will open for the academic year at 8 a.m. on the Friday prior to classes beginning. Accommodations for students 21 or older and students with families: University Heights Apartments, consisting of 36 efficiency and 70 one-bedroom units, are provided.

All apartments have central heating, central air-conditioning, garbage disposals, kitchen exhaust fans, electric apartment-size ranges and refrigerators. Units are rented unfurnished. Tenants are provided laundry facilities and parking facilities. All utilities except telephone and cable TV service are included in the rental rates. Rental rates are subject to change. A central post office is provided at the apartments. Applications and/or additional information may be obtained at the Office of Residential and Greek Life. Single students will be accommodated if they are over 21 and only if all apartments are not contracted apartments.

Off-campus Housing
The City of Kearney offers a variety of living accommodations. Rental costs vary accordingly.

Refunds
Refunds for Room and Board are prorated on a weekly basis.

Claims for any refunds due students must be filed with the Finance Office by the close of the term. Claims for refund of residence hall breakage deposits should be signed by the student, the house-director and the Director of Residence Life. Claims for amounts due the University which are to be charged against the student’s deposit will also be filed with the Finance Office, after which a check for money due the student will be issued and forwarded to the student.

Textbooks
Students will purchase their own textbooks. Textbooks average $80.00 to $100.00 per course, depending on the discipline.

Financial Aid
The University of Nebraska at Kearney provides graduate students with financial assistance in the form of scholarships and loans. The Financial Aid office assists students with financial aid from federal and state resources, the University and private organizations. Frequently students receiving assistance to pay for college are funded through a variety of sources. It is the responsibility of the Office of Financial Aid to coordinate the application and awarding process of multiple types of aid for students.

Graduate students are not eligible for many of the need based federal and state grants undergraduate students can receive. However graduate students can receive Stafford Loans. Stafford Loans are federally guaranteed student loans and have repayment benefits that are extremely favorable to students. Eligibility for Stafford Loans is determined by the Office of Financial Aid upon the completion of the Free Application for Federal Student Aid (FAFSA). Additionally graduate students can receive a Graduate PLUS Loan once Stafford Loan eligibility has been exhausted.

The FAFSA can be completed on the internet by going to www.fafsa.ed.gov. In order to complete the FAFSA entirely on-line, applicants will want to request a “PIN” number from the U.S. Department of Education, if they do not already have an existing PIN. This can be done at www.pin.ed.gov. The “PIN” number is an electronic signature with the Department of Education and eliminates the need to sign any part of the FAFSA. The results from your FAFSA will be sent to UNK automatically when you enter our Title IV School Code (002551) on your FAFSA. The FAFSA should be completed as soon as possible after January 1 for the following academic year.

In addition to the FAFSA, students may be required to submit a UNK Financial Aid Information Form and copies of federal tax returns. The UNK Financial Aid Information Form is available from our office or at www.unk.edu, click on Financial Aid and “How to Apply”. Once these documents are received in the Office of Financial Aid, the student’s application is checked for correctness. Occasionally additional documentation is requested to confirm student’s eligibility. Once verification is completed, the student will be notified via email with instructions for reviewing the financial aid award letter in WebEASI. The award letter explains the types and amounts of financial aid for which he/she is eligible.

For information on applying for merit based scholarships see Scholarships. Graduate students interested in Graduate Assistantships should contact the Graduate Office.

Questions regarding federal or state aid may be directed to:
Office of Financial Aid
University of Nebraska at Kearney
905 W 25th St.
Kearney, NE 68849-2350
Or www.unk.edu

Contact the office via e-mail at finaid1@unk.edu or via phone at (308)865-8520.

Standards of Satisfactory Academic Progress Policy for Graduate Students
The University of Nebraska at Kearney is required to establish minimum academic standards that students must meet to be eligible or maintain eligibility for federal financial aid. These standards apply to students who are receiving financial aid or who seek financial aid in the future. Failure to meet these standards for two consecutive semesters (fall, spring, summer) means the student is no longer eligible to receive financial aid.

The Qualitative Requirement for graduate students requires a minimum, cumulative grade point average of 3.0.

The quantitative requirements for graduate students are based upon enrollment status at the end of drop and add week at the start of each semester. You must successfully complete the numbers of hours upon which financial aid was based OR for which financial aid was awarded. Enrollment status and quantitative progress for graduate students are:

- Awarded as 1/2 time (6-8 hours) must complete a minimum of 9 hours
- Awarded as 3/4 time (4-5 hours) must complete a minimum of 6 hours
- Awarded as fulltime (9 or more) must complete a minimum of 9 hours

Additionally students have a maximum time frame for which they can receive aid. It is 150% of the required program hours as described in this catalog.

- To be counted as successfully completed or earned hours, the student must receive a grade of A, B, C or CR.
- Withdrawals (W), incompletes (I) or failures (F) are counted in the attempted hours but are NOT successfully completed or earned hours.

For additional information regarding Satisfactory Academic Progress for graduate students contact the Office of Financial Aid.
Return of Title IV Funds

Federal statute requires a recalculation of aid eligibility when a recipient of financial aid withdraws from the University of Nebraska at Kearney. The "Return of Title IV Financial Aid" requirement is based on the amount of federal financial aid received, the University charges incurred and the date of withdrawal. If a student received more assistance than earned, the excess funds must be returned. The amount of assistance earned is determined on a pro-rata basis. That is, if a student completed 30% of the semester, then the student has earned 30% of the financial aid he was originally scheduled to receive. Once a student has completed more than 60% of the semester all of the assistance is considered "earned."

The official date of withdrawal is the date indicated on UNK’s official withdrawal form at the Office of Registration and Records. However, if a student remains enrolled but fails to pass any classes, the calculation must be done in accordance with federal statute when an official withdrawal date is not available. Therefore, failing to officially withdraw does not result in the waiving of the requirement to return Title IV Financial Aid.

If a student’s University charges are reduced as a result of withdrawal, and that withdrawal creates a credit balance on the student account, the funds reflected in that credit balance may be used to repay the federal financial aid programs. If the credit balance does not cover the amount due back to the aid programs, the student will be billed the difference. If the student owes back to any of the grant programs, the student has 45 days to make repayment to the University or be reported to the U.S. Department of Education as a student who owes an overpayment. Owing an overpayment to the U.S. Department of Education means that the student may retain.

Federal statute determines the order in which programs will be paid back.
1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Perkins Loan
4. Parent Loans for Undergraduate Students (PLUS)
5. Federal Pell Grant
6. Academic Competitiveness Grant
7. SMART Grant
8. Federal Supplemental Equal Opportunity Grant (SEOG)
9. Federal Teach Grant

Below is an example of the Return of Title IV Funds calculation.

1. Establish the withdrawal date and calculate the percentage of aid the student may retain.
   • John withdraws on 9/24/2008.
   • 9/24/2008 is 29 days into the semester, which is 116 days long. Therefore, he has completed 25% of the semester.
   • This means that he may keep 25% of the aid awarded to him, however 75% must go back to the aid programs. (Once a student has completed 60% or more of the semester, no aid will need to be returned.)

2. Calculate the percentage of unearned aid.
   • John received $2,668 in Title IV aid.
   • 75% of $2,668 in financial aid must be returned: $2,001.

3. Calculate the maximum percentage of aid based on cost that the school may have to return.
   • John’s bill for the Fall of 2008 was $1,276
   • 75% of the cost, $1,276, is $957.

4. Calculate the amount of aid the school must return.
   • The school then returns the lesser of $957 (percentage of cost) or $2,001 (percent of unearned financial aid) to the aid programs.
   • The school returns $957 on John’s behalf.

5. Aid the student must personally return.
   • John’s grant aid is returned on his behalf by the school and therefore becomes part of the bill that must be repaid to the school. Failure to pay this would result in reporting to the Department of Education as an overpayment.
   • The balance of John’s loan not paid by the school will go into repayment in accordance with the terms of the promissory note.

Graduate Assistantships

Graduate Assistantships are awarded on a competitive basis to qualified graduate degree seeking students. The Assistantships offer assignments in teaching, research or administration. They are designed to offer students supervised educational experiences at the graduate level. Interested students should visit the UNK employment website at https://employment.unk.edu/. The website will list all open Graduate/Research Assistantships, as well as provide instructions for completing the application process. Assistantship decisions begin around April 15th for the following academic year appointments although applications are accepted until all positions are filled. Early application is encouraged.

Graduate Assistants employed full-time will automatically be awarded (resident or nonresident as appropriate) tuition remission equivalent to one-fourth of the credit hours in their Graduate Degree Program each semester they serve as a Graduate Assistant. Tuition remissions for Graduate Assistant appointments less than full-time will be prorated accordingly. Fees are not included in tuition remission and must be paid by the student. Remissions will apply only to course work applicable to the approved program listed in the graduate catalog (or their substitutes). All tuition and fees for courses that do not meet the above criteria, as well as any courses the student drops or withdraws from, will be paid by the Graduate Assistant. These remissions may be utilized during the semester(s) of a Graduate Assistant appointment and the following summer session.

Academic Standards

The Graduate Assistantship is intended to provide support to students pursuing a graduate degree who have demonstrated a high level of academic achievement or potential. Graduate students must be fully admitted to a degree program prior to the awarding of an assistantship. Graduate Assistantships are required to maintain a minimum G.P.A. of 3.0.

Work Load

Assistantships assigned on a halftime basis carry a workload of ten (10) hours per week. Assistantships assigned on a full-time basis carry a workload of twenty (20) hours per week. The University considers twenty hours per week full-time student employment. Therefore, full-time Graduate Assistants may not hold any additional employment positions at UNK.

Temporary leave from assistantships due to brief illness, family emergency, etc., are administered by the department and reported to the Office of Graduate Studies & Research.

Course Load

Individuals receiving an assistantship must enroll in a minimum of six hours per semester/term and are expected to complete a minimum of six (6) graduate hours per semester. These hours must be applicable to the student’s Program of Study.

Duties

The Graduate Assistant is directly responsible to the department head, who has the prerogative of assigning the graduate assistant to a full-time faculty member who supervises and evaluates the work of the assistant. Graduate Assistants may be assigned teaching, research or administrative duties. The department will clearly identify these duties.

A graduate Teaching Assistant is generally asked to teach the equivalent of six (6) credit hours of courses or labs. Office hours and class preparation for a Teaching Assistant should be included in the assignment.

Length of Appointment

Assistantships may be awarded on a semester or academic year basis. Appointments for the summer session are also available through some departments with their own source of funding.
GRADUATE
Financial Information

Successive assistantships may be awarded to a student at the discretion of the department and are subject to the successful degree progress as described above. Graduate students are generally awarded an assistantship for no more than two (2) years per program. Appointment exceeding two years must be approved by the Dean of Graduate Studies and Research.

Graduate Assistants are granted the same library privileges as faculty members.

Application

Students can find a list of open Graduate/Research Assistantships, as well as instructions for creating an application at https://employment.unk.edu. For questions about completing the application, call the Affirmative Action/Equal Opportunity Office at (308) 865-8655.

UNK Graduate Council

Each fall three graduate students are appointed to serve as representatives to the Graduate Council. These students attend the Graduate Council meetings and share concerns and ideas of graduate students. Interested students should contact their Graduate Program Committee Chair or the Dean of Graduate Studies and Research for more information.

Reichenbach Scholarship

The Reichenbach Scholarship is awarded by the Office of Graduate Studies & Research, utilizing resources from the Reichenbach fund of the University of Nebraska Foundation. Supplemental funds are provided by contributions from UNK (graduate-degree) alums to our annual phonathon. Reichenbach Scholarships are intended to provide financial assistance to graduate students who demonstrate potential as meritorious scholars. These scholarships are awarded for one academic year, although a recipient may reapply for a second award. Interested students should contact the Graduate Program Committee Chair of their respective department. Two nominations are forwarded by the Graduate Program Committee (GPC) of each department to the Graduate Council for consideration. GPC Nominations for new students are made in the spring (deadline approximately April 15) and again in the summer (deadline approximately July 15). Award decisions for returning students are made only in the summer. The Graduate Council will then evaluate all candidates and make their recommendation to the Dean of Graduate Studies & Research.

Eligibility for this award is limited to full-time graduate students. These students must adhere to the following policies:

1. Award recipients who are also graduate assistants must complete a minimum of (6) graduate hours per semester.
2. Award recipients not serving as graduate assistants must complete a minimum of (9) graduate hours per semester.
3. Recipients must achieve a minimum GPA of (3.00).

Graduate Student Scholarships

Graduate students must apply for all scholarships during the month of February. Information and applications are available on the financial aid webpage (http://www.unk.edu/offices/financialaid.aspx?id=183) and must be submitted by March 1st. For additional information on these scholarships, contact the Financial Aid Office (contact information located at the end of this section).

Tuition Scholarships For Non-Residents

Graduate Non-Resident Tuition Waiver Awards provide a tuition waiver for the difference between the nonresident and resident tuition rates. Non-Resident Awards will be selected on a competitive basis as determined by the Dean of Graduate Studies & Research. In this process, consideration will be given to: Undergraduate and graduate grade point average, entrance exams (GRE, GMAT, MAT or other department approved procedures), letters of recommendation, under-represented minorities or students with special talents. The Non-Resident Tuition Waiver is awarded according to the following terms:

1. Student must be fully admitted to an advanced degree program and be currently residing in the state of Nebraska.
2. Student has a cumulative grade point average of 3.00 for all previous work at both the undergraduate and graduate levels.
3. Use of the Non-Resident Tuition Waiver must begin the semester immediately following notification of receipt.
4. All Non-Resident Awards are renewable based on continuation in good academic standing (GPA of 3.0 or higher) and progress toward a degree.
5. Renewals are based on academic performance and will be determined at the end of each academic year.
6. Non-Resident Award winners are eligible to apply for all other scholarships which are applicable.
7. The Non-Resident Tuition Waiver may be used for summer sessions.
8. The Non-Resident Tuition Waiver will terminate if the recipient transfers to another institution.
9. Failure to comply with the above guidelines will result in termination of the Non-Resident Tuition Waiver. Once the scholarship is lost, it will not be reinstated.
10. Award will not apply to online courses.

Midwest Student Exchange Program

The Midwest Student Exchange Program (MSEP) was established by the Midwestern Higher Education Commission to increase interstate educational opportunities for students in its member states. The program enables residents of Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, and Wisconsin to enroll in academic programs at reduced tuition levels. Tuition for MSEP is equal to 150 percent of regular resident tuition. Students must indicate on their application for graduate admission that they are applying as an MSEP student. Contact the Office of Graduate Studies and Research for additional information.

Financial Aid Programs

Graduate students at the University of Nebraska at Kearney are eligible to apply for assistance through the federal student aid programs. A description of the application process is on the financial aid web page or is available from the Financial Aid Office:

Office of Financial Aid
University of Nebraska at Kearney
Kearney, Nebraska 68849
Telephone (308) 865-8520
Website: http://www.unk.edu/offices/financial_aid/

### Degrees

**Degrees Offered**

#### The Master’s Degree

The University of Nebraska at Kearney offers five Master’s Degrees: the Master of Arts, the Master of Arts in Education, the Master of Business Administration, the Master of Science and the Master of Science in Education.

The Master of Business Administration Degree is designed to help the student gain the broad business background, analytical tools, and management skills favorable to success as a manager in modern business, industry, government, and education.

Graduate work leading to the M.A.Ed. or M.S.Ed. is offered within a number of areas in Secondary Education, Elementary Education, and Special Education. There also are Master’s Degrees in Counseling and School Administration. The M.A. and M.S. Degrees are traditional liberal arts programs. Each student should check the appropriate section of the catalog for information regarding degrees in an area of particular interest.

#### The Specialist Degree

The Specialist Degree is an advanced degree usually requiring a minimum of one year of study beyond the Master’s Degree. The Specialist Degree is awarded in the areas of Educational Administration, School Psychology, and Counseling.

For specific information concerning these programs, refer to the section of this catalog devoted to the Department of Educational Administration and School Psychology.

The Specialist Degree programs are for people preparing for a position which calls for a higher level of study than the Master’s Degree and advanced study both in time and in depth. In keeping with this basic purpose, general objectives for the Specialist Degree have been formulated:

1. To provide advanced work in a specialized field of study.
2. To strengthen the student’s background in an area of specialization.
3. To increase the educational competency and effectiveness of the individual.
4. To provide experiences for the students which will enable them to be intimately involved with the kinds of tasks inherent in their profession.
5. To develop a Program of Study to meet the personal and professional goals of the student, with research and an internship being integral elements in the program.

These objectives are intended to provide direction for the students and their advisors in the preparation of a degree program.

---

### Degree Requirements

**Program of Study/Degree Audit**

The Office of Graduate Studies and Research will send a Degree Audit to each student who is conditionally or unconditionally admitted to a graduate degree program. A Degree Audit is an analysis of a student’s progress toward meeting degree requirements. The Audit provides a summary of institutional requirements and program requirements. This Degree Audit will serve as a student’s approved program of study and will be sent along with his/her admission notification letter. Students may view their Degree Audit at any time by logging into their student account at the following web address: [http://webeasi.unk.edu/](http://webeasi.unk.edu/). Admission to a Master’s or Specialist’s Degree Program does not necessarily mean Admission to Candidacy for the degree.

#### Transfer Credit

Graduate credits earned at another accredited college or university must be approved by the Office of Graduate Studies and Research before they can be applied on a Master’s Degree program. No more than nine semester hours of graduate work (with a grade of at least a “B”) may be transferred. The 9-hour limitation does not apply to graduate course work completed at any campus of the University of Nebraska. However, such credits must be individually evaluated and approved by the appropriate Graduate Program Committee and UNK Dean of Graduate Studies and Research before they can be transferred. Transfer credits will not be applied to a student’s program of study (Degree Audit) until an approved Change in Program of Study form and official transcripts have been received in the Office of Graduate Study and Research. Please refer to “Changes to the Approved Program of Study.”

#### Credit/No-Credit Courses

Only six hours of courses designated as credit/no-credit may be applied toward a Master’s or Specialist Degree. At the graduate level, credit/no credit grading must be a function of the course and may not be the choice of the student.

Graduate students must earn at least a B for credit to be granted.

#### Graduate-Only Level Course Requirement

Courses selected for a student’s Program of Study must include 50% or more of courses restricted to graduate students only (800- and 900-level courses), unless the Graduate Council permits the student to reduce this amount. 800-level courses designated with the letter “P” do not apply to this requirement.

#### Special Topic Courses

Special topic courses include seminars, workshops and classes that cover topics not generally available in the regular curriculum. These courses are usually offered on a non-repeating basis, and do not require Graduate Council approval. No more than 6 hours of special topic course credits may be used in fulfilling the requirements for a master’s or specialist’s degree.

#### Time Limit For Graduate Degrees

Students are allowed ten years to complete a degree program. Course work over 10 years old at the completion of the degree program will not be used for a Master’s or Specialist Degree. The first day of class of the earliest course taken as a part of the student’s program is the beginning of the student’s graduate education.

#### Changes To The Approved Program Of Study

Any substitution of courses or other change in an approved program of study (Degree Audit) must be recommended in writing from the student’s advisor by submitting a Change in Program of Study Form. The changes will then be approved by the Graduate Program Committee Chair and Dean of Graduate Studies and Research. Except in unusual circumstances, this approval should be secured prior to the student enrolling in the course to be added to the program of study.

#### Admission to Candidacy

A student who wishes to become a candidate for the Master’s or Specialist’s Degree will file an application for Admission to Candidacy.
with the Dean of Graduate Studies and Research. The form for such application is available in the Office of Graduate Studies and Research or via the web at: http://www.unk.edu/academics/gradstudies.aspx?id=947. The requirements for Admission to Candidacy are the following:

1. Satisfactory completion of departmental requirements for admission to a degree program and for Admission to Candidacy.
2. The successful completion of at least twelve (12) hours of University of Nebraska at Kearney graduate course work.
3. Admission to Candidacy must come prior to registration for the last twelve semester hours required for graduation. A student may be refused Admission to Candidacy for the degree if previous college record, performance on qualifying criteria, or the quality of graduate work indicate inability to satisfactorily pursue graduate study.

Comprehensive Examination/Writing Project/Portfolio

At least four weeks prior to the date of graduation, the candidate will be required to show proficiency in the candidate’s field of study. The mechanism to indicate this proficiency will be developed and administered by the student’s department. The chief objective is to evaluate competencies and the ability to implement knowledge in the candidate’s field of study. This may take the form of a comprehensive examination, comprehensive writing project, portfolio, capstone course, or other mechanism determined by the department and is to be completed by dates indicated in the academic calendar of this publication. Students who complete a thesis do not have to complete a comprehensive exam. The thesis defense fulfills this requirement.

Thesis, Field Study and Scholarly Study Requirements

A writing project (Thesis, Field Study, or Scholarly Study) provides an opportunity for the student to obtain first-hand experience in research methods under competent direction of a faculty member. The thesis writing project must be assigned to a total of at least six hours of graduate credit on the approved program of study. The scholarly study and field study writing projects may be 3-6 hours of graduate credit on the approved program of study.

At the time a student elects to write a thesis, field study, or scholarly study for either the Master’s Degree or the Specialist Degree, the advisor and the Chair of the Graduate Program Committee concerned shall obtain approval from the Dean of Graduate Studies and Research on the composition of the committee by submitting a “Proposed Supervisory Committee” form. This committee will approve a thesis problem and guide the student in the writing of the thesis, field study or scholarly study. The committee will also examine the student in the required oral examination at the completion of the project. The time and place of the examination will be determined by the Chair of the Committee.

The committee will be composed of the following graduate faculty members:

- The candidate’s thesis professor who will serve as chair,
- A member representing the candidate’s major discipline (generally from the degree granting institution),
- A third member representing a related field in the college in which the candidate’s major field is located, and
- A fourth member selected at large from the University of Nebraska Graduate Faculty. This member may be an additional representative from the candidate’s department.

Exceptions to the composition of the thesis committee must be approved by the Graduate Program Chair and The Dean of Graduate Studies and Research. The candidate, along with the major professor, may seek a review of the composition of the committee if sufficient cause is shown.

It is the responsibility of the student to follow the writing requirements set by the Office of Graduate Studies and Research. Thesis students shall use the “Guidelines for the Preparation of Your Master’s Thesis” for their project. See http://aauunk.unk.edu/thesisguide/default.asp. A .pdf version of this guide is also available on the Resources page of the Graduate Studies and Research website under THESIS Information. See http://www.unk.edu/academics/gradstudies.aspx?id=947. Students completing a Scholarly Study can obtain a guidelines from their advisor in the Counseling & School Psychology Department and students completing a Field Study can request guidelines from their Educational Administration Advisor.

The student must have an oral defense of the writing project. At that time, the supervisory committee must sign the acceptance page. Approval of the writing by every member of the supervisory committee is required.

If the candidate fails to pass the oral examination, the committee shall choose one of the following options:

- Recommend to the Dean of Graduate Studies and Research that the candidate be reexamined after a specified interval. Means for improvement shall be recommended to the candidate by the committee.
- Recommend to the Dean of Graduate Studies and Research that the candidate be refused graduation.

Filing for Graduation

During what is expected to be the final semester of a student’s program of study, the student must file a formal application for graduation. Applications and complete graduation instructions are available at http://webeasi.unk.edu. Deadlines for filing for graduation are:

- September 15 for December graduation,
- February 1 for May graduation and
- June 15 for summer graduation.

A $25 fee will be assessed at the time a student applies for graduation. If all degree requirements are not completed prior to the commencement date, the student must reapply for graduation for the next academic semester. The student will again pay the $25 graduation application fee in order to receive his or her diploma.

There are commencement ceremonies performed following each semester. Participation is encouraged, although is not mandatory. All academic requirements must be completed and financial indebtedness paid to the University prior to the posting of the degree and release of transcripts.

Registration by WebEASI

Students register for classes using WebEASI, the interactive web interface. This system allows students to register, drop and add classes, check an existing class schedule, obtain information on registration holds and grades. WebEASI also offers additional features such as access to address information, the complete schedule of classes, account balance, degree audit and financial aid. To access WebEASI go to http://webeasi.unk.edu. See the current published class schedule or go to http://www.unk.edu/offices/registrar/ and click on "Registration Information" for upcoming registration dates and complete registration instructions.

Early Registration

Currently enrolled UNK students can register early for the upcoming semester. The published class schedule contains specific registration procedures and appointment times. Students are encouraged to use WebEASI to check for any “holds” (fines, outstanding fees, other obligations) that might prevent them from accessing the registration option.
Open Registration

Open Registration precedes the beginning of classes for the semester. Any admitted student can register during this time. A new student or a former student who has not attended University of Nebraska at Kearney for two years or more (four years for graduate students), must complete an admission/readmission form at the Admissions Office (undergraduates) or at the Graduate Office (graduates) prior to registration.

For specific details regarding dates, locations, and procedures, students should refer directly to the appropriate Class Schedule published each semester and for the summer session by the Office of Student Records and Registration.

Late Registration

Initial registration after the first week of the semester (Fall or Spring) or after the first class day (Summer) is considered late and a $15 late fee will be charged. In order to process a late registration, students must have written permission from the instructor of each course for which they wish to register and they must complete their registration at the Registrar’s office, Founders Hall from 8:00 am to 4:00 pm. Tuition and all fees are due at the time of registration and failure to pay at that time will result in late charges and prepayment for future terms.

Beginning the third week of the semester or the third day of a summer class, students wishing to register must have permission from the course instructor, department chair, and the dean of the college for each class in which they plan to enroll. Students cannot register for full semester classes following the fourth week of the term.

Student Load

Nine hours per academic semester constitutes a full-time class load, with twelve hours constituting the recommended maximum class load. Permission of the advisor, Graduate Program Committee Chair or Department Chair, and Dean of Graduate Studies and Research are required to take more than 12 hours. Approval will not be granted for enrollment in more than 15 graduate hours.

During the 12-week summer term, a student may enroll in a maximum of 6 hours per each four-week segment, a maximum of 9 hours per each eight-week segment, and no more than 12 graduate hours for the entire twelve-week session.

Registration Requirements for Financial Aid

Academic Year or Summer Session

<table>
<thead>
<tr>

<tr>
<td>3/4 Time</td>
<td>6-8 credit hours</td>
</tr>
<tr>
<td>1/2 Time</td>
<td>4-5 credit hours</td>
</tr>
</tbody>
</table>

Change of Schedule (Drop/Add)

Students MUST complete the procedures outlined below and file an official change of schedule form in order to change their registrations. Failure to attend class does NOT constitute a drop and does NOT cancel the student’s registration or his/her obligation to pay all tuition and related fees for the course.

Fall and Spring Semesters

Students may adjust their schedules (drop and/or add classes) using WebEASI through the first week of the semester (until 5:00 pm on Friday). After the first week of the semester, students must obtain a Drop/Add form from the Registrar’s Office, have the instructor sign the form and return it to the Registrar’s Office for processing.

A student dropping a course after the first week of a semester and any time prior to the end of the 9th week of that semester will be awarded a “W”. For courses of duration other than an entire semester, a student dropping a course after the first day of the class and any time prior to the end of the mid-point of the class duration (e.g., the end of the 4th week of an 8-week course) will be awarded a “W”. The “W” will appear on the student’s grade report and transcript.

NOTE: At the point WebEASI confirms registration in a course, the student is considered officially enrolled. Failure to attend class does not constitute withdrawal from the class, nor does it absolve the student from making complete payment for all tuition and related fees associated with that course. Students who choose not to attend, MUST follow the procedures described in “Change of Schedule - Drop/Add” to drop a course.

Summer - Adding a Class

After the start of the summer term, but prior to the beginning date of class, students may FAX, mail or present a drop form with the student’s signature to the Registrar’s Office for processing.

NOTE: To drop a class students must follow procedures outlined above. Failure to attend class does not constitute a drop and does not cancel the student’s registration or his/her obligation to pay all tuition and related fees for the course.

A student may not withdraw from a course AFTER THE mid-point of the class unless highly unusual, extenuating circumstances (beyond the student’s control) are established to the satisfaction of the Vice Chancellor for Academic and Student Affairs.

NOTE: To drop a class students must follow procedures outlined above. Failure to attend class does not constitute a drop and does not cancel the student’s registration or his/her obligation to pay all tuition and related fees for the course.

A student may not withdraw from a course after the course has ended or the semester/session in which the course was taken has ended.

Withdrawal from the University of Nebraska at Kearney

A student wishing to withdraw from all classes may do so via WebEASI through the first week of the semester (until 5:00 p.m. on Friday). Beginning the second week, the student must complete the appropriate withdrawal form to cancel his/her registration. Withdrawal forms are available in the Registrar’s Office.

Withdrawing from all classes does NOT terminate a student’s admission to a program. To effectively withdraw from a program and terminate your admission, please contact the Office of Graduate Studies and Research by e-mail (gradstudies@unk.edu) or via phone at 800-717-7881.
Refunds

On-Campus Classes
Students who cancel/drop registration in one or more full semester classes may be eligible for a refund according to the schedule below. Short term classes will follow a prorated refund schedule. A class cannot be dropped past the midpoint of the class.

Off-Campus Classes
Students who cancel/drop registration in one or more full semester off-campus classes may be eligible for a refund according to the schedule below. Short term classes will follow a prorated refund schedule. The student must complete the Class Withdrawal form, available from the instructor, and mail it to the Registrar’s Office. The postmark date on the envelope is the Withdrawal Date for determination of a refund, if applicable. A class cannot be dropped past the midpoint of the class.

Refund Schedule: Full Semester On-Campus, Off-Campus & Evening Classes

</tr>
</tbody>
</table>

NOTE: Fees are refundable at the same rate as tuition. A $35.00 administrative fee may be assessed whenever 100% refund is given for complete withdrawal from all classes. Short term classes will follow a prorated refund schedule. A class cannot be dropped past the midpoint of the class.

Tuition Refund Schedule: Summer Sessions

1. If dropping all classes after term has begun, student must contact the Registrar’s office for complete withdrawal.

2. If dropping just one class, obtain Drop/Add form (Change of Class Schedule) from the Registrar’s Office.
   a. Have instructor or dept. chair sign and return form to the Registrar’s Office.
   b. All refunds will be calculated according to the date the form is presented at Registrar’s Office, NOT the date on form.

3. A class CAN’T be dropped past the midpoint of the class.

Note: Fees are refundable at the same rate as tuition. A $35.00 administrative fee may be assessed whenever 100% refund is given for complete withdrawal from all classes. Short term classes will follow a prorated refund schedule. A class cannot be dropped past the midpoint of the class.

---

Course Numbering

Graduate courses are numbered at the 800- or 900-level. Certain courses numbered 800 are open to senior undergraduate students who have less than 15 hours remaining to complete an undergraduate degree. Courses numbered “800P” may also have an undergraduate counterpart numbered at the 400-level. These 400-numbered courses are listed in the undergraduate catalog.

Courses numbered 800 (without the “P”) or 900 are designated only for graduate students. These students will hold an undergraduate degree or the equivalent before being admitted to these courses.

Courses numbered at the 900-level are designated primarily for study beyond the Master’s Degree. Students who have the Master’s Degree or who have completed 30 semester hours of work above the bachelor’s degree, are permitted to enroll for 900-numbered courses.

Grading System

Traditional Grading/Scholarship Quality Points

The following traditional grade indices are used in descending order with “F” indicating academic failure. Letter grades carry weighted scholarship points per credit hour attempted as follows:

- A+ = 4.00 points
- A  = 4.00 points
- A- = 3.67 points
- B+ = 3.33 points
- B  = 3.00 points
- B- = 2.67 points
- C+ = 2.33 points
- C  = 2.00 points
- C- = 1.67 points
- D+ = 1.33 points
- D  = 1.00 point
- D- = 0.67 point
- F  = 0.00 points

Weighted scholarship points are not awarded for courses graded on the credit/no credit system. The grade of “W,” awarded as a result of withdrawing from a course prior to completion, is not computed in the GPA.

Grade Point Average (GPA Computation)

Grade point averages are computed for each term and accumulated for the duration of attendance. Credit hours accepted in transfer from institutions outside the University of Nebraska, or hours resulting from a competency-based assessment, and credit hours earned at UNK under the credit/no credit grading system are excluded in grade average computations. Withdrawals from courses resulting in a “W” and
incompletes “I” are disregarded in deriving grade point averages. All other letter grades are used in computing grade averages. Grades earned in courses taken at another campus of the University of Nebraska after July 1, 1991, will be used in calculating the student’s cumulative University/UNK GPA. The Office of Student Records and Registration must be notified by the student if a course is retaken in order to remove an earlier grade in that course, and to initiate a new computation of the cumulative GPA based on the most recent grade earned for that course.

Incomplete Removal

All course work assigned must be completed before a grade is awarded. The mark of “I” (Incomplete) is reserved for conditions in which a student has been unable, due to circumstances beyond his or her control, to complete the course by the end of the term. An incomplete must be removed within twelve calendar months. If the course work is not completed during this time then the “I” will convert to an “F” on the student’s transcript and cannot be changed other than by reregistering for the course. A student must complete course work for theses, scholarly studies, or field studies within two years of receiving an incomplete.

If an extension is desired, the student must initiate a written request for a specific time of extension, must exhibit extenuating circumstances beyond his/her control, and must make the request in advance of the twelve-month expiration. The request must be supported by a written endorsement from the course instructor, and submitted to the Registrar's Office prior to the expiration of the twelve-month period.

In order to ensure reasonable progress toward degree completion, students’ registration is limited by the number of “I” grades they receive. Students with two “I” grades may register for six hours, or nine hours with permission of their Graduate Program Committee and the Dean of Graduate Studies and Research. Students with three “I” grades may register for three credit hours, or six hours with permission of their Graduate Program Committee and the Dean of Graduate Studies and Research. Students with four “I” grades may register for three credit hours only with permission of their Graduate Program Committee and the Dean of Graduate Studies and Research.

Repeated Courses

Students may repeat courses to improve their GPA or to update their skills. When a course is repeated, the latter grade stands and is factored in the GPA regardless of the grade received. However, a grade of “NC” (no credit) cannot be used to replace a letter grade previously earned. After the second grade is awarded, the first grade is removed from the student’s grade point average. The original course and grade remain on the student’s transcript with the notation “Repeat (Excluded from GPA).”

Whenever a student repeats a course for a better grade, he/she must notify the Office of Student Records and Registration. When notification is received prior to the end of the semester, the results of the repeated course will be reflected in the student’s final grade report. Credit can be issued only once for a repeated course.

Courses designed to be repeated, where additional hours may be earned, are not eligible for the re-registration option. Such courses include, but are not limited to, Independent Study, Practicum and Internships. Courses assigned a subtitle can only be considered for re-registration if the student enrolls in the course under the same subtitle.

Grades earned in equivalent courses taken at another campus of the University (UNL, UNO, UNMC) may be used to replace a grade earned at UNK. Only those courses identified as University equivalents by the academic departments and listed in the UN Equivalency Guide may be considered under this policy. No other substitutions will be allowed. Courses taken outside the University of Nebraska system cannot be used to replace a grade earned at UNK.

Graduate Student Appeal Process

Appeal Of General Academic Matters Related To Student Programs

I. Graduate students holding admission with Non-degree status in the Graduate College, admission with a Master’s objective, or a Specialist’s objective should appeal as follows:

A. Initially, the appeal may be submitted to the student’s advisor.

B. If denied, the appeal may be submitted to the UNK departmental Graduate Program Committee responsible for the student’s graduate program.

C. If denied, an appeal may be made to the UNK Graduate Council. Normally, this will be the final appeals body (for exceptions, see section IV).
When a student’s graduate program consists of registrations essentially or entirely on the UNK campus, the UNK Graduate Council will constitute the appeal board. When a student’s graduate program includes substantial registrations on a campus other than the one administratively responsible for the program, three members of the Graduate Council for the other campus will be designated by the Dean for Graduate Studies on that campus to augment the Graduate Council on the campus administratively responsible for the program. In this case, the augmented Council will constitute the appeal board. The decision concerning augmentation of a campus Graduate Council for a specific appeal involving registrations on a campus other than the one administratively responsible for the student’s program will be made by the Deans for Graduate Studies on the campuses involved.

In all cases, appeals should be made in writing to the appropriate advisor, committee or council. In those cases where the appeal concerns graduate-level qualifying exams, comprehensive exams or final oral exams, the following deadlines must be observed. It is the responsibility of the student to make reasonable efforts to ascertain the results of the examination within 30 days after its completion.

The initiation of the appeal, in writing, by the student must be filed within 30 days following the student’s receipt of notification of the evaluation. In those cases involving an appeal of termination of program, initiation of the appeal, in writing, by the student must be filed within 30 days following the student’s receipt of the official written notification by the campus Office for Graduate Studies.

There is no absolute right of appeal to the Executive Graduate Council. The Executive Graduate Council will accept appeals only in those cases where in the exercise of its sole discretion it shall first find that one or more of the following grounds for accepting the appeal exist:

1. That the campus Graduate Council has violated some element of fair procedure (example: has failed to allow the parties concerned to present their cases fully to their campus Graduate Council);
2. That the campus Graduate Council has failed to examine or give adequate weight to important evidence relevant to one party’s position;
3. That the campus Graduate Council has given undue weight to evidence not pertinent to the case; or
4. That some gross miscarriage of justice would be perpetrated if the decision of the campus Graduate Council is allowed to stand.

A decision by the Executive Graduate Council not to accept jurisdiction of an appeal shall be final and is not subject to further appeal.

Appeals to the Executive Graduate Council must be made in writing and must specifically outline the grounds for the appeal. Such appeal must be made within 20 working days of the day the decision of the campus Graduate Council is received (working days shall not include those days the University is not in session.)

The Executive Council must make a decision to hear the appeal or not to hear the appeal within 30 working days after receipt of the appeal. Acceptance or denial of jurisdiction over the appeal will be made in writing.

The decision of the Executive Graduate Council on the merits of the case will be made and transmitted to the concerned parties within 40 working days after the decision to hear the appeal.

No person who was a member of the department or campus Graduate Council involved in the case will be eligible to participate in the decisions of the Executive Graduate Council either to decide whether the case should be heard or to decide the merits of the case. However, the Dean for Graduate Studies may replace members of the Executive Graduate Council not eligible for participation in the decision to hear the appeal or in the appeal itself.

Appeal Of Grades In Graduate-Level Courses

Appeal of grades in graduate-level courses shall be made through the graduate student grade appeal procedures of the campus through which the grade was awarded. Students who believe their evaluation in a course has been prejudiced or capricious must first attempt to resolve the matter with the course instructor and then the chair of the department through which the course was offered. If the matter is not resolved, the student may file an appeal in writing to the UNK Dean of Graduate Studies and Research, who will record the appeal. The Dean will forward the appeal to the Faculty/Student Affairs Committee of the Graduate Council. This appeal must be the student’s written statement specifying the reason(s) for the appeal, including documentation of course work pertinent to the course under appeal. Since awarding grades in courses occurs at the individual campus level, the decision of the Faculty/Student Affairs Committee of the Graduate Council on behalf of the campus Graduate Faculty shall be final and is not subject to further appeal.

If a student feels the grade he/she received in a class is incorrect, he/she must initiate contact with the instructor of record or in the absence of the instructor, with the appropriate department chair, within 30 days of the end of the term for which the grade was assigned. Failure to notify the instructor/department of record within the allotted time will render the initial grade final and no changes will be permitted.

Final Week Policy

Finals at UNK will be scheduled Monday through Thursday during the last week of the semester.

1. Final examinations for full semester classes are to be given at the regularly scheduled examination time only, as published in the official Class Schedule, during Final Week.
2. During the week prior to Final Week, the only examinations that may be given are: laboratory practical examinations, make-up or repeat examinations, and self paced examinations.
3. Projects, papers, and speeches scheduled for completion during the last week of classes must have been assigned in writing by the end of the eighth week of the semester. This refers to the project and its scope, not the topic.
4. Complaints about failure to follow the above outlined procedures should be made immediately to the appropriate department chair, dean, or the Senior Vice Chancellor for Academic and Student Affairs Office, if necessary.
5. Any course not having an examination during Final Week will meet under the direction of its instructor during the scheduled Final Week time period for a continuation of regular class work.
6. Exceptions to this policy may be granted by the Dean on the basis of good and sufficient reasons submitted to the Dean in writing.

Expectations in the Classroom

Class Attendance

Classes are conducted on the premise that regular attendance is desirable and expected. The individual instructor has the responsibility for communicating at the beginning of each semester the schedule of class meetings and the class attendance policies which are required in the course.
If a student is absent or anticipates an absence, the student’s primary responsibility is directly to the instructors, and the student should consult with them accordingly. A student who misses a class is personally responsible for information and assignments communicated during that class session.

Instructors or other University officials who may require students, individually or collectively, to be absent from their classes due to a field trip or similar officially recognized activity are responsible for providing adequate information to the students involved so that the students may provide notice to other instructors.

Classroom Behavior
Section 5.0 of the Bylaws of the Board of Regents of the University of Nebraska states:

“Students, like all members of the academic community, have the responsibility to create and support an educational environment. Each member of the community should be treated with respect and dignity. Each has the right to learn. This right imposes a duty not to infringe upon the rights of others. The academic community should assure its members those opportunities, protections and privileges that provide the best climate for learning.”

Ethical Conduct
It should be understood that academic performance is not the only criterion for graduation. Students are expected to maintain the highest standards of ethical conduct pertaining to academic course work, professional practice and research activity. Any breach in ethical conduct shall be subject to disciplinary action, regardless of the student’s prior or current academic performance.

Academic Integrity Policy
All students at the University of Nebraska at Kearney are expected to conduct their academic affairs in an honest and responsible manner. Any student found guilty of dishonesty in academic work shall be subject to disciplinary actions. Acts of academic dishonesty include, but are not limited to:

• plagiarism, i.e., the intentional appropriation of the work, be it ideas or phrasing of words, of another without crediting the source; cheating, i.e., unauthorized collaboration or use of external information during examinations;
• assisting fellow students in committing an act of cheating;
• falsely obtaining, distributing, using or receiving test materials or academic research materials;
• submitting examinations, themes, reports, drawings, laboratory notes, research papers or other work as one’s own when such work has been prepared by another person or copied from another person (by placing his/her own name on a paper, the student is certifying that it is his/her own work);
• improperly altering and/or inducing another to improperly alter any academic record.

Additionally, graduate students are more likely to assume roles as active scholars. With these roles come added responsibilities for academic honesty. For such individuals academic honesty requires an active pursuit of truth, not just an avoidance of falsehood. This pursuit includes but is not limited to:

• providing a full and a complete representation of any scholarly findings, be it experimental data or information retrieved from archives;
• taking care that the resources of the University (e.g., library materials, computer, or laboratory equipment) are used for their intended academic purposes and that they are used in a manner that minimizes the likelihood of damage or unnecessary wear;
• assuring that one’s co-workers are given due credit for their contributions to any scholarly endeavor;
• respecting a diversity of opinion and defending one’s colleagues as well as one’s own academic freedom;
• respecting the rights of other students who may come under the tutelage of the graduate student and being fair and impartial in grading and other forms of evaluation; and

Plagiarism
The prevention of plagiarism and the imposition of sanctions upon those who resort to plagiarism is necessary in any university that espouses the ideals embodied in the concept of academic freedom. Plagiarism is particularly reprehensible in a community dedicated to the pursuit and advancement of knowledge.

Plagiarism by Faculty
The investigation of allegations of plagiarism by a faculty member at any major administrative unit of the University of Nebraska at Kearney shall be the responsibility of the Faculty Senate Professional Conduct Committee.

Plagiarism by Students
The investigation of allegations or student appeals of plagiarism at any major administrative unit of the University of Nebraska at Kearney shall be carried out under the appropriate graduate student appeals process.

Integrity in Faculty/Student Authorship and Research
The scholarly and professional relationships among students, staff, and faculty shall be characterized by principles of integrity and honesty that reflect credit on themselves, their profession, the Graduate College, the Undergraduate Colleges, and the University of Nebraska at Kearney as a whole.

The prevailing professional standards in the several academic disciplines, where such standards have been formalized, generally constitute acceptable principles governing conduct in the dissemination of material resulting from joint research and writing and artistic efforts. However the absence of such formalized standards does not relieve individuals from the obligations to conduct themselves ethically and within the following guidelines with regard to professional and ethical behavior:

Misconduct in research, writing, and artistic endeavors is defined as fabrication, falsification, plagiarism, or other practices that seriously deviate from those that are commonly accepted within the scientific, artistic, and academic professional communities. Misconduct includes, but is not limited to, the following four categories of fraud or deviance in professional, artistic, and academic behavior: Falsification of Data; Plagiarism; Abuse of Confidentiality; and Deliberate Violations of Regulations.

Unless otherwise specified in policies established by the University or colleges, or in agreements signed by the parties involved, materials developed exclusively by a student as part of the activities of a course (including thesis or dissertation) are the student’s property and their final disposition remains the student’s prerogative. Should materials so developed result in publication or other dissemination, the authorship or other credit shall be determined by the student. However, if the course activities were funded by a grant or contract awarded for the work to be performed, then these rights belong to the awardee as noted in the following paragraph.

Unless otherwise specified in policies established by the University or colleges, or stipulated by a grant or contract, data and materials collected or produced by a person while participating in a project funded by a grant or contract shall be the property of, and under the control of, the person(s) to whom the grant or contract was awarded. Should such data or materials result in publication or other dissemination, the authorship or other credit shall be determined by the awardee.
Research

Universities are scholarly communities dedicated to the discovery, integration, application, teaching and dissemination of knowledge. As a comprehensive (Master’s) university, UNK embraces this mission at the graduate and undergraduate levels. The University of Nebraska at Kearney emphasizes learning, by both students and faculty, and both within and outside the traditional classroom, lab, or studio. Basic and applied research, and the ennobling of the human condition through creative activity, provide a basis for graduate education at UNK and have a place in every program.

The Office of Graduate Studies and Research and the UNK Research Services Council (RSC) promote student research, scholarship, and creative activity conducted in collaboration with faculty. These activities provide graduate students the opportunity for scholarly exploration and discovery and are viewed as a vital component of a graduate education at the University of Nebraska at Kearney.

Financial support is provided by the RSC for supplies and other material needed for the completion of graduate student research and creative projects. Theses, Field Studies, and Scholarly Studies are eligible for support through the student research programs, with funds being provided for the academic year and summer sessions. In addition, students are encouraged to present their work at professional conferences, and the Graduate Office provides partial funding in support of the associated travel. Interested graduate students should contact a UNK faculty member or the Office of Graduate Studies and Research.

Additional opportunities for research experience may be gained through the graduate assistantship program. Several departments offer research assistant experiences, with funding often coming from internal and external grants. Such appointments provide excellent opportunities to work collaboratively with faculty in a mentoring relationship. Students should contact their academic department about research assistantships.

Use of Human or Animal Subjects in Research

Any systematic investigation involving human participants which is designed to develop or contribute to generalizable knowledge must be reviewed and approved by the IRB (Institutional Review Board) for the Protection of Human Subjects in Research. Any use of animals for either research or instructional purposes must be reviewed and approved by the IACUC (Institutional Animal Care and Use Committee) prior to initiation. This includes investigations conducted by faculty, students, staff or others on the premises of the University of Nebraska at Kearney as well as investigations conducted elsewhere by any representative of the University of Nebraska. This policy applies to both funded and non-funded research projects. For additional information, copies of the guidelines which govern committee decisions, and forms for filing requests for review, contact either Dr. Carol Lomicky, Director, IRB, Founders 2114 or Dr. Wayne Briner, Chair, IACUC, Copeland 320B.

Bill of Rights

The Student Bill of Rights protects students from arbitrary or capricious decisions by classroom instructors. The Bill of Rights provides procedures for investigations and hearings on student complaints regarding grades or other academic problems. For a complete copy of the Student Bill of Rights, see the Student Handbook.

ACADEMIC RESOURCES

Information Technology Services

Information Technology provides administrative and academic technology-based services to the campus and provides support for the campus network. Available services include technical assistance and desktop support for faculty and staff; training for faculty, staff and students using a wide variety of computing resources; Internet access; hardware and software configuration and purchasing assistance; server support; web development, instructional design, and multimedia services; and administrative programming support.

A variety of computing platforms support administrative, instructional and research functions for faculty, staff and students. Lotus Notes is used for email. BlackBoard is utilized for development and management of web-based courses.

A general-purpose student computer lab is located in the Nebraskan Student Union. A lab monitor is always available to provide assistance. Computer labs are also maintained in each residence hall. Two general-purpose labs are located in the Calvin T. Ryan Library. General-purpose labs provide access to a standard suite of software, including browsers, word processing, and spreadsheets. There are student computer labs, some with Macintosh computers and some with Windows-based computers, located in each of the academic buildings, maintained by individual departments.

A wireless data network is available to students, faculty and staff in all campus buildings.

Accessible workstations for students with disabilities and special needs are available in the Nebraskan Student Union lab. Students with disabilities and special needs should contact the Office of Academic Success for information regarding these workstations.

A computer store in Room 113, Otto Olsen Building, offers full retail services for those wishing to buy computer equipment, including configuration advice and demo units. Contracts with major vendors provide attractive educational discounts, with sales limited to faculty, staff, and students of UNK.

The Help Desk, located in Room 115, Otto Olsen Building, is available to answer questions, resolve problems and provide information about computer use and network services at UNK. Training sessions and hands-on assistance are offered for faculty, staff, and students wishing to learn more about many aspects of technology. The Help Desk is staffed from 8 am to 5 pm on Monday through Friday, but assistance is available 24x7. After hours phone calls are routed to an answering service, which also responds to emails and offers live chat. (See the Helpdesk UNK at http://its.unk.edu.)
All of the residence halls offer network access to students in each room. With a wired or wireless connection to the UNK network, students who have their own computers can access campus computing resources and the Internet from their residence hall room.

Two sets of guidelines, the University of Nebraska Policy for Responsible Use of University Computers and Information Systems and Guidelines for the Use of Information Technology Resources at the University of Nebraska at Kearney, apply to faculty, staff and students at UNK. See pages 109-112.

Institutional Review Board

The University of Nebraska at Kearney Institutional Review Board (IRB) is an independent committee comprised of faculty from a variety of academic divisions, individuals with medical expertise, and community members. The role of the IRB is to protect human subjects who participate in research and to ensure that research conducted by UNK students, faculty, and staff complies with federal regulations.

The three general ethical principles that underlie the regulations concerning human subject research are: respect for persons, beneficence, and justice. These principles guide IRB review of research conducted at UNK:

Respect for Persons - Prospective participants in research must be given enough information about the nature of the research, what is required from them, and the potential benefits and risks of participating to allow them to make an informed decision about whether or not to participate.

Beneficence - Research involving human subjects must maintain a favorable balance between benefits and risks. Many types of risk must be considered, including physical harm, psychological harm, harm to one’s reputation or employment status, and financial harm. In any risk-potential situation, the benefits should outweigh the potential risk. Subjects must be aware of potential risks before consenting to participate in the research.

Justice - Researchers should fairly select subjects for research participation. Fairness refers to the subjects as individuals as well as to subjects as members of any social, racial, sexual, or ethnic group.

At the individual level, subjects cannot be selected only because they are favored by the researcher or disliked by the researcher (for example, only those failing a class are invited to participate). Additionally, certain groups should not be more burdened than others with being research subjects. On the other hand, groups should not be excluded from research because of prior beliefs or because they are difficult to reach as research subjects.

Depending on the research method and subjects, IRB review is conducted at three levels: exempt, expedited, and full board. Researchers should submit their protocols to the IRB prior to data collection. Researchers also must complete a training program. The link to the training, submission guidelines, and forms for IRB review are available at: http://www.unk.edu/academics/gradstudies.aspx?id=3003

Library

The Calvin T. Ryan Library staff, in partnership with the classroom faculty, Academic Success staff and other members of the UNK community, provide students with opportunities to develop skills that support their current educational pursuits, further their career opportunities, enrich their personal lives, and, ultimately, prepare them for lifelong learning.

The library building was originally constructed in 1963, and an addition was completed in 1983. It provides seating for more than 900 students, including group study rooms, lounge seating, and individual study carrels. In recent years further changes have been made, including the addition of two computer labs and an Internet café.

GRADUATE
Academic Information

The library provides access to a wide range of computer-based information resources, including the library’s catalog, numerous indexing and abstracting sources, and more than 34,000 full-text periodicals. A new online reference service provides telephone and e-mail reference service during scheduled hours, along with 24/7 “chat” reference through a partnership with 650 other academic and public libraries worldwide. Several large online reference collections make this reference information available to distance students as well as to those who use the library on-campus. The online portion of the library never closes, and these electronic resources are available 24 hours a day, seven days a week, to UNK students anywhere in the world who have a computer and reliable access to the Internet. The library’s homepage http://library.unk.edu offers University of Nebraska at Kearney users access to general information about the library, including library hours, and its information resources.

Numerous computer stations are available throughout the library. Wireless computers can be used almost anywhere in the building. Students may check out laptop computers at the circulation desk for use within the library. Also, located on the second floor of the library, is the campus Writing Center.

The collection consists of over 280,000 print volumes and 93,000 non-print items encompassing a wide range of materials. The Library subscribes to about 1,200 periodicals in print (magazines, journals, and newspapers). It is an official government depository for more than 277,000 U.S. documents, which represent publications of U.S. governmental agencies. The library is also a depository for documents from State of Nebraska agencies. A Special Collection includes titles on Nebraska history and the history of the American West. The library houses the University Archives, comprised of materials concerning the history of UNK and related information about its faculty, staff, administration, and students. The Regional Instructional Materials Review Center (RIMRC) makes instructional materials available for review by University of Nebraska at Kearney students and area educators.

The Interlibrary Loan/Document Delivery Division of the Library supports the research and instructional needs of the UNK community by providing access to materials not owned by the Library. This service is provided free of charge to UNK students, faculty, and staff.

The nine library faculty members and sixteen support staff are dedicated to making the library an integral part of students’ careers at UNK by acquiring and organizing information resources in a variety of formats, providing classroom instruction on the use of library resources, and consulting one-on-one with students in the library, via phone, and online.

Museum of Nebraska Art (MONA)

The Museum of Nebraska Art is unique among art museums, dedicated exclusively to telling the story of Nebraska through the art of Nebraska. MONA exhibits the work of a distinguished and diverse collection of artists including pieces by Nebraska artists as well as artwork featuring Nebraska subjects by artists from all over the world. A Kearney landmark listed on the National Register of Historic Places, MONA provides a fitting home for its collection of over 5,000 works. Located in downtown Kearney, MONA is a regional center for cultural activities where students enjoy opportunities to broaden their academic experiences through their association with the Museum and its collection. Visitors enjoy MONA by attending exhibitions, special educational workshops, lectures, and musical performances. Web and distance education programming provide connections to the Museum beyond central Nebraska as well. With no admission fee and convenient parking, MONA is an artistic treasure readily available to all.
Speech, Language and Hearing Clinic

The Speech, Language and Hearing Clinic is the center for the B.S.Ed. degree program in Communication Disorders and the M.S.Ed. degree program in Speech/Language Pathology. It offers a site for the integration of professional coursework with extensive practical experience under direct faculty supervision for those students choosing this major.

The Clinic offers clinical services in consultation, evaluation, and treatment for students, faculty, and the general public. Services are available for both children and adults with communication disorders related to articulation/phonological problems, language delay, reading and writing intervention, stuttering, voice problems, hearing loss, cleft palate, cerebral palsy, mental retardation, laryngectomy, and language disorders secondary to head injury and stroke. The Clinic is located in the west end of the College of Education Building. Clients may park in the lot coming directly off Hwy. 30 by the main doors to the clinic. The Clinic is open Monday through Thursday from 9am to 5pm, Friday from 9 to noon, and selected evenings.

Testing Center

The Testing Center, located in College of Education Building, provides Computer Based Testing and Paper/Pencil Testing for a wide array of areas. Our Computed Based Testing system delivers both linear exams (all items are presented in order) and adaptive tests (the computer uses the candidate’s response to each item to deliver subsequent items and ends when the computer is able to make a pass/fail determination).

Computer Based testing is offered year round, Monday through Friday, by appointment only. Paper/Pencil testing is conducted on specific published dates with pre-registration required. Study materials are available for certain programs.

The Testing Center services are available to all University of Nebraska students as well as students from surrounding Colleges and the general public.

The following Computer Based Tests are currently available through the Testing Center:

- AAMC Association of American Medical Colleges (MCAT)
- CLEP College-Level Examination Program
- GRE Graduate Records Examination
- NASD Regular and Continuing Education
- NBPTS National Board for Professional Teaching Standards
- NEINS Nebraska Insurance
- PRAXIS I Professional Assessments for Teachers
- iBT-TOEFL Test of English as a Foreign Language

Many other Prometric Tests - To view a full list of Prometric tests given at our site go to www.prometric.com.

The following paper/pencil tests are currently available through the Testing Center:

- ACT Residual American Testing Program (Valid for admission to UNK ONLY)
- DANTES Defense Activity for Non-Traditional Education Support
- GRE Subject Tests Graduate Records Examination
- LSAT Law School Admissions Test
- PRAXIS II Professional Assessments for Teachers

Walker Art Gallery

The Walker Art Gallery is dedicated to serving the students, faculty and staff of the Department of Art and Art History, the University campus community and the Kearney region, by presenting exhibitions of accomplished visual expression. Three such exhibitions are presented each academic year, drawn from regional as well as national sources. Each of these exhibitions is selected for its educational and inspirational value to the students, as well as artistic merit and intent. As a rule, exhibiting artists and designers lecture on their work, or offer gallery talks.

The Walker Art Gallery devotes over half of its exhibition schedule to the UNK art students. There is an annual juried student art exhibition, and a series, each semester, of capstone senior exhibitions. The students are given the primary responsibility for the installation and deinstallation of their exhibitions, thus gaining invaluable practicum experience.

Writing Center

The Writing Center, which is located on the second floor of Calvin T. Ryan Library, provides free, year-round writing assistance to all UNK students, faculty and staff. Assistance includes one-on-one consulting, interactive workshops, and helpful resources—such as handbooks, handouts and links.

Most one-on-one consulting takes place face-to-face, with consultations lasting 30 minutes (1-3 pages) to one hour (4-7 pages). Visitors can bring any piece of writing at any stage in the writing process for help with pre-writing and drafting, crafting a thesis, supporting ideas, organizing paragraphs, writing clearly, citing outside sources, editing for grammar and punctuation, and more. As an alternative or supplement to face-to-face consultations, writers with an active UNK email address can submit papers for electronic feedback or eConsulting. With an eConsultation, a designated eConsultant spends one hour responding via email within 2-4 days of submission.

All kinds of writers use our services, including highly successful writers who know that every writer needs a reader, less confident writers who want to improve their skills and learn new techniques, and writers learning English in conjunction with college level writing. In keeping with our goal to help all writers improve their own skills, writing consultants will not correct, edit, proofread, or write any part of the paper; they will help writers identify patterns of error and develop better options and strategies.

Many writers find it helpful to come as soon as an assignment is given, again when they reach an impasse, and then once (or twice) more when making their final revisions. Graduate level writers do the same, as well as bring individual chapters of what will later become a thesis. Consultants can help thesis writers identify gaps, confusing explanations, and areas for expansion; smooth rough transitions between or among ideas; advise on citations and format; and generally provide the kind of on-going, informed and empathetic support advanced writers need amid a big project.

Since the Writing Center has boasted over 1,000 consultations every semester since 2002, appointments are strongly encouraged and can only be made online. Visit www.unk.edu/acad/writing_center/ for exact hours, to make an appointment, and to view consultant bios—which may...
help a writer choose a consultant with whom to work consistently. All writers are allotted up to 120 minutes of assistance each week. Missing an appointment constitutes a no-show. Writers with three no-shows in a single semester are blocked from making appointments for the remainder of the term; they have to rely on walk-in availability.

Our interactive workshops address specific writing topics—such as revision strategies, proper punctuation, citation styles, and writing lengthy papers. Our growing collection of helpful handbooks, handouts and links are available both at the Writing Center and via our website. Write on!

ADDITIONAL OPPORTUNITIES

The University of Nebraska at Kearney offers a variety of opportunities to supplement and enhance a student’s educational experience. Interested students should contact the appropriate office to determine if they meet the requirements for participation.

eCampus

Kenya Taylor, Dean
eCampus at UNK has been meeting the educational needs of placebound, nontraditional adults for more than three decades by offering quality, affordable programs. UNK offers the same quality distance and online degree programs and courses that are offered on the campus. The majority of the eCampus courses are taught by credentialed faculty with Ph.D.’s who are committed to teaching excellence. eCampus supports faculty and students with numerous support services to ensure that online offerings provide students with a quality educational experience. These include training for online faculty, course consultations, test proctoring, as well as a wide range of resources to help students succeed with their online education.

As part of the eCampus unit, Video Services provides a wide range of video related services to the UNK community. Among these are interactive videoconferencing, desktop videoconferencing, streaming video, taping, and duplicating. In addition, Video Services oversees the delivery of Cable TV services to the campus.

International Education

Information related to International Education at UNK is available on the Graduate Studies website, http://www.unk.edu/academics/gradstudies.aspx?id=945. Students can find the International Student Application form, as well as links to International Student Services and the English Language Institute. See the catalog description of the International Students Admission Procedure on page 13.
students will design and conduct original research in art education and more rigorous than the research paper option. In addition to coursework, the research paper will fulfill the requirements criteria, write a scholarly paper. The paper will be reviewed by three or more faculty members. The research paper will fulfill the requirements of those individuals who are remotely located and is the only option for online degree completion. In the research paper option, the student must complete a “change of program” form because all transfer classes will require a review by the graduate office. Any studio courses which the student wishes to transfer to UNK for credit will have the same requirements as the review of the undergraduate studio work. Slides must represent only the work completed in those graduate studios. A copy of the course syllabus is recommended.

The student must complete a “change of program” form because all transfer classes will require a review by the graduate office. Any studio courses which the student wishes to transfer to UNK for credit will have the same requirements as the review of the undergraduate studio work. Slides must represent only the work completed in those graduate studios. A copy of the course syllabus is recommended.

The Master of Art in Education - Art Education degree does not lead to certification or a field endorsement. Students who are seeking certification or a field endorsement must contact the Teacher Education Department. Certification and field endorsements require the student to meet all department, university, and state requirements.

Option 1: Online Program: Art Education Research Paper

The Art Education research paper option is designed to meet the needs of those individuals who are remotely located and is the only option for online completion of the degree program. The research paper is the only option for online degree completion. In the research paper option, students will choose an art education topic and according to established criteria, write a scholarly paper. The paper will be reviewed by three or more faculty members. The research paper will fulfill the requirements for the comprehensive examination.

Option 2: Online/On Campus Program: Art Education Research Paper or Thesis in Art Education

The combination online/on campus program offers the Research Paper option listed above or a thesis option. The thesis option is much more rigorous than the research paper option. In addition to coursework, students will design and conduct original research in art education and write a scholarly paper. The student will culminate the degree requirements through a successful oral defense of the thesis and any of the required coursework covering the major areas of study and/or by passing a comprehensive written examination. The thesis option prepares the student for pursuing a terminal degree (Ed.D., Ph.D.). It is recommended that the thesis student takes courses on campus whenever possible to fully benefit from the academic rigor of the university environment. The thesis option can only be completed by successfully passing a UNK on campus research methods course or by transferring in an equivalent course.

Format of Examinations

The written examination (thesis option) is in an essay format. The intent of this process is for the student to demonstrate the ability to transfer knowledge from various areas of the degree to provide solutions to problems or questions asked during the exam.

The oral defense (thesis option) will be compiled of questions formulated from both the coursework and the thesis document. All members of the students’ thesis committee will submit questions and an open invitation for questions from qualified attendees will be solicited.

Retake of Examinations

The culminating written and/or oral defense may be attempted only twice. The retake of the examination may be scheduled no earlier than the following semester. The second written examination will also be a synthesis level essay examination. The oral defense will require scheduling a time for the examination on campus. The time and location will be arranged by the student in consultation with the advisor.

Program Admission Requirements

Acceptance into the Department of Graduate Studies and Research does not assure acceptance into the Master of Arts in Education - Art Education degree program.

In addition to the general graduate application requirements of the Department of Graduate Studies and Research, admission to the Master of Arts in Education degree program in Art Education is based upon consideration of the following:

1. Transcript for an accredited BA or BS degree in Art Education, or a BFA, BA or BS in a visual art degree program. These degrees must have a minimum of 24 semester hours of art/art history/art education courses. (Students with an undergraduate degree in a related discipline, such as Museum Studies or Art History, will be considered by the graduate committee based upon the relevancy of the student’s transcript and the strength of the written statement).

2. Portfolio Review. This requirement applies only to the students who are applying to the combined online/on campus program. This requirement does not apply to the online degree program applicants. Portfolio Review can include undergraduate and/or graduate studio work. The portfolio must include 15 professional quality slides or digital images on a CD. In most cases, graduate students cannot take a graduate level studio course unless the student has completed that studio at the undergraduate level or has demonstrated an equivalent proficiency. However, final decisions rest with the studio faculty and graduate committee.

3. All applicants must submit two letters of recommendation from individuals (not related to the applicant) who are familiar with and can attest to the student’s professional qualifications and academic potential.

4. A current resume and a statement by the applicant elaborating the reasons for pursuing advanced studies in art education. The statement should be two to four pages in length using standard margins and font.
5. All required application materials must be completed and delivered to the Art Department office (301 FAB) by the appropriate deadline. The applicant must provide a stamped self-addressed envelope for the return of slides or CD.

**Application Deadlines are as follows:**
- Apply by March 1 to be admitted for the Fall semester.
- Apply by October 1 to be admitted for the Spring semester.
- Apply by February 1 to be admitted for the Summer semester.

Upon acceptance into the program the Graduate Committee will appoint a major professor. Upon completion of six hours of course work the student’s status will be evaluated and again at the completion of twelve hours. Based upon satisfactory performance at twelve hours the major professor will make recommendations for admission to candidacy. Thesis students will need to consult the Art Department’s graduate handbook for thesis committee requirements.

**Technology Requirements**
1. Availability of a good quality digital camera.
2. Students who are entering the program must determine if the computer system on which they intend to complete online course work meets the minimum necessary UNK requirements for delivery. Please check the UNK webpage for a complete description of required equipment.
3. A strong working knowledge of blackboard. An on-line tutorial is available and should be completed prior to the beginning of any on-line courses. Check with individual professors for their requirements.

MASTER OF SCIENCE
Biology - Master of Science Degree

Biology is part of the Master of Science in Education Degree in Science Education.

Courses with the prefix BIOL are offered by the department. The P designation indicates an undergraduate equivalent. See page 64.

Biology Program Information and Admission Requirements

Master of Science in Biology: 36 Hours
Option A: Thesis Option
Option B: Non-Thesis Option (Distance Program)

All students must meet the general entrance requirements of the Office of Graduate Studies and Research.

Admission to a Master’s degree program in Biology is based on consideration of the following:

Admission Requirements for both Option A and Option B
GRE
• Prospective students are required to take the general portion of the GRE if their undergraduate GPA is less than 2.75 on a 4.00 scale. In addition, students wishing to be considered for a teaching or research assistantship must take the GRE.

Undergraduate Coursework Requirements
• The candidate for admission must have a B.S. or B.A. degree and have completed a minimum of 24 semester hours in biology. A minimum GPA of 2.75 on a 4.00 scale is required in the biology coursework.

Policy on Deficiencies
• Admission may be contingent upon students making up undergraduate deficiencies by taking appropriate course(s) for undergraduate credit or by enrolling in graduate level course(s) in that subject area(s). The necessary coursework to resolve any deficiencies will be determined by the Graduate Committee.

Undergraduate Coursework Requirements
• The candidate for admission must have a B.S. or B.A. degree and have completed a minimum of 24 semester hours in biology. A minimum GPA of 2.75 on a 4.00 scale is required in the biology coursework.

Policy on Deficiencies
• Admission may be contingent upon students making up undergraduate deficiencies by taking appropriate course(s) for undergraduate credit or by enrolling in graduate level course(s) in that subject area(s). The necessary coursework to resolve any deficiencies will be determined by the Graduate Committee.

Students with deficiencies will be required to earn at least a C grade in all courses taken to resolve deficiencies. Based on the decision of the graduate committee chairperson, graduate level classes may be required to make up deficiencies and can be counted toward the 18 elective hours in the degree, not to exceed six graduate credit hours total. All deficiencies must be resolved before the student applies for candidacy, which must come prior to registration for the last 12 semester hours required for graduation.

Option A: Thesis Option Requirements
Course Requirements
• Complete 36 hours of committee approved level coursework. (A minimum of eighteen hours must be non-P courses.)

Grade Point Average
• A minimum 3.0 GPA is required to graduate. A “B” average is required in all courses counting towards the Master’s degree, and no more than two C’s may be used.

Research Requirement
• Complete thesis on committee approved original research.
• Complete an oral defense of the thesis before the degree will be granted. (A preliminary copy of the thesis is to be submitted to the Graduate Dean one month prior to the expected date of graduation.)

Option B: Non-Thesis Option Requirements - (Distance Program)
Course Requirements
• Complete 36 hours of committee approved level coursework. (A minimum of eighteen hours must be non-P courses.)

Grade Point Average
• A minimum 3.0 GPA is required to graduate. A “B” average is required in all courses counting towards the Master’s degree, and no more than two C’s may be used.

Final Examination
• A satisfactory score must be received on the comprehensive examination, taken during the final session of enrollment, before the degree will be granted.
GRADUATE

Biology

Master of Science Degree

GR MS 5116

MS in Biology .................................................................36 hours

Option A: Thesis Option ..................................................36 hours

Requirements (18 hours required)
Take all of the following:
BIOL 802, Organic Evolution .........................................3 hours
BIOL 820, Introduction to Graduate Study ......................3 hours
Take 3 hours from the following:
BIOL 831, Biological Research ......................................1-3 hours
Biological Research is 1-3 credits and must be taken for a total of 3 hours.
Take 3 hours from the following:
BIOL 880*, Seminar ......................................................1 hour
Seminar is one credit and must be taken for a total of 3 hours.
Take 6 hours from the following:
BIOL 896, Thesis ..........................................................3-6 hours
Thesis is 3-6 credits and must be taken for a total of 6 hours.

Electives* (18 hours required)
All courses counting towards the Master’s Degree must be previously approved by the advisor and Graduate Program Committee to be used on the program of study.

Option B: Non-Thesis Option .........................................36 hours

In lieu of a defense of thesis, students completing Option B will be required to pass a written comprehensive examination covering the major areas of the biological sciences during their last term of enrollment.

Requirements (18 hours required)
Take all of the following:
BIOL 802, Organic Evolution .........................................3 hours
BIOL 820, Introduction to Graduate Study ......................3 hours
BIOL 863, Biological Perspectives ................................3 hours
Take 6 hours from the following:
BIOL 831, Biological Research ......................................1-3 hours
Biological Research is 1-3 credits and must be taken for a total of 6 hours.
Take 3 hours from the following:
BIOL 881, Current Issues in Biology ..............................1 hour
Current Issues is one credit and must be taken three semesters for a total of 3 hours.

Electives* (18 hours required)
All courses counting towards the Master’s Degree must be previously approved by the advisor and Graduate Program Committee to be used on the program of study.

*Electives
Classes with a P designation have an undergraduate counterpart. Courses are grouped according to emphasis area but can be taken in any combination at the discretion of the advisor and Graduate Program Committee.

Physiology, Genetics, Cellular and Molecular Biology Courses
BIOL 800P, Microbiology ..............................................4 hours
BIOL 801P, Principles of Immunology .........................4 hours
(Prereq: BIOL 360; BIOL 360; BIOL 401 or BIOL 400)
BIOL 803P, Plant Physiology ......................................3 hours
BIOL 804P, Developmental Biology ...........................3 hours
BIOL 812, Microbial Diversity ....................................3 hours
BIOL 814, Plant Pathology ...........................................3 hours
BIOL 840P, Infectious Diseases .................................4 hours
BIOL 844, Molecular Biotechnology ............................3 hours
BIOL 850P, Molecular Biology ..................................3 hours
BIOL 857, Human Histology .......................................3 hours
BIOL 858, Physiology of Stress ..................................3 hours
BIOL 859, Biology of the Brain ..................................3 hours
BIOL 860, Concepts of Genetics .................................3 hours
BIOL 861P, Human Genetics ....................................3 hours
BIOL 865P, Physiology ...............................................3 hours
BIOL 882P, Seminar in Molecular Biology ....................1 hour
May be taken for a total of 2 hours of credit. This course does not replace BIOL 880 Seminar.

BIOL 885P, Molecular Genetics ..................................3 hours

Ecology, Evolution, Environmental, and Organismal Courses
BIOL 804, Evolution of Epidemics ...............................3 hours
BIOL 805P, Range and Wildlife Management ...............3 hours
BIOL 806P, Plant Ecology ...........................................3 hours
BIOL 816P, Plant Diversity and Evolution .....................4 hours
BIOL 818P, Plant Taxonomy ........................................3 hours
BIOL 824, Principles of Ecology ..................................3 hours
BIOL 829, Ecological Anthropology ............................2 hours
BIOL 834, Conservation Biology .................................3 hours
BIOL 835P, Herpetology ..............................................3 hours
BIOL 862P, Animal Behavior ......................................3 hours
BIOL 866, Functional Morphology ..............................3 hours
BIOL 868P, Parasitology .............................................3 hours
BIOL 869, Conservation of Birds and Mammals ............3 hours
BIOL 870P, Insect Biology ...........................................3 hours
BIOL 872P, Fresh Water Biology .................................4 hours
BIOL 873P, Ornithology ..............................................3 hours
BIOL 874P, Mammalogy ..............................................3 hours
BIOL 886, Sexual Selection .........................................1 hour

Tools and Application Courses
BIOL 800P, Biological Studies using GIS .......................3 hours
BIOL 810P, Fire Ecology and Management in Grasslands..1 hour
BIOL 811, Scientific Illustration ..................................3 hours
BIOL 813, Issues in Bioethics ......................................3 hours
BIOL 821, Directed Readings .....................................1-3 hours
BIOL 822, Advances in Biology ..................................1-3 hours
BIOL 827, Biological Statistics ....................................3 hours
BIOL 830P, Special Topics in Biology ..........................1-3 hours
BIOL 852P, Techniques in Molecular Biology ...............3 hours
BIOL 854, Biological Application of GIS ......................3 hours
BIOL 856P, Regional Field Study ................................1-4 hours
BIOL 863, Biological Perspectives ..............................3 hours
(elective for thesis option students only)
BIOL 871P, Methods in Secondary Science Teaching ......3 hours
BIOL 875, Internship in Biology ................................1-9 hours
BIOL 876, Life Science Curriculum .............................3 hours
BIOL 884, Freshwater Management Techniques ............3 hours

MASTER OF BUSINESS ADMINISTRATION

Business Administration - Master of Business Administration Degree
Accounting Concentration
Human Resources Concentration
Information Systems Concentration
Tailored Option

Courses with the prefix BACC, BFIN, BMGT, BMIS, BMKT, and ECON are offered for the program. See pages 63 (BACC), 64 (BFIN), 68 (BMGT), 69 (BMIS, BMKT), and 76 (ECON).

Business Administration Program Information and Admission Requirements

Master of Business Administration Degree

The MBA degree is a professional graduate degree designed to provide a challenging educational experience for students who desire to assume positions of increasing responsibility in business, industry, and public service. Required courses are offered primarily in the evening to accommodate students who wish to further their professional development without terminating their employment.

The objective of the MBA Program is to provide students with a comprehensive exposure to Business Administration and its functional areas. The emphasis of the program is on decision making, problem solving, and understanding the role of business in society. It endeavors to improve and enhance the student’s management skills in business, industry and government. In addition, the program provides managerial proficiency for graduates with academic backgrounds other than business.

The goal of the MBA Program is to prepare students to meet the challenges inherent in a rapidly changing economic environment. The program provides an educational opportunity for students to enhance their knowledge and managerial skills, and to develop a global perspective essential in today’s marketplace.

Courses in the program cover management, marketing, accounting and finance and include the use of computers, statistics and quantitative methods as tools for analysis of business activities. The student examines human behavior in organizations, the communication process, and economic analysis and develops an understanding of managerial policy making and the social responsibilities of business.

Admission Criteria

The admittance requirement for the MBA program is a total of 990 points from the following formula:

200 (Undergraduate GPA) + GMAT score

The GMAT score must be 440 or above.

We will admit up to 10% of our students failing to meet the above requirement using the following procedure:

1. Students must take the GMAT at least twice before they can be considered for admittance under exceptional circumstances;
2. The student’s GMAT score must be 420 to be considered for admittance under exceptional circumstances;
3. The highest GMAT score will be used in our admittance decisions, instead of an average for all times the exam was taken.

If a student meets the above guidelines, a subcommittee of the MBA program committee (one member from each department) will recommend an admittance decision to the MBA Director. The MBA Director will make the final decision regarding admittance to these students.

Factors to be considered by the subcommittee and the MBA director in exceptional admittance decisions include:

1. Undergraduate GPA
2. Difficulty of undergraduate program
3. Undergraduate university attended
4. Significant prior work experience

If needed, a personal interview will be conducted to help the subcommittee and the MBA Director make the final decision.

International Students

Applicants whose degrees were earned outside the United States are required to have their transcripts evaluated by a credential evaluation firm. Refer to the international graduate application form for additional information. International students must also have a minimum score of 213 on the computerized TOEFL exam or 550 on the paper TOEFL exam in addition to the above requirements.

Application Materials

For information regarding the requirements for admission to the MBA Program, please contact:
MBA Director; West Center 135C; UNK;
Kearney, NE 68849-4580;
Telephone: (308) 865-8574
E-mail: mbaoffice@unk.edu

MBA Program Policies

In addition to the academic policies listed in the front of this catalog that govern all graduate students, the following policies are specific to the MBA program:

1. Students must be admitted to the program before completing more than 6 hours of required “MBA core” courses or graduate level electives.
2. BMGT 892 Administration Policy is the capstone course and should be taken with/after the other core classes.
3. MBA Supporting Core courses must be completed with a minimum grade of “C”.
4. The student shall maintain an average grade of at least “B” (3.0) in all graduate courses completed. No grades below “C” and no more than two “C” grades will be accepted in the MBA graduate program.
### MBA Supporting Core
24 hours

- BACC 250, Principles of Accounting I: 3 hours
- BACC 251, Principles of Accounting II: 3 hours
- BACC 311, Business Law: 3 hours
- BFIN 308, Principles of Finance: 3 hours
- ECON 271, Principles of Economics, Microeconomics: 3 hours

#### MBA Core (21 hours required)
30 hours

- BACC 858, Managerial Accounting Systems: 3 hours
- BFIN 809, Financial Administration: 3 hours
- BMGT 825, Decision Science: 3 hours
- BMGT 890, Organizational Theory & Behavior: 3 hours
- BMGT 892, Administration Policy: 3 hours
- BMKT 856, Marketing Management Seminar: 3 hours
- ECON 850, Managerial Economics: 3 hours

#### MBA Concentration (9 hours required)

Choose from one of the following:

**Accounting Concentration**

EP 3068

- Prerequisites:
  - BACC 350, Intermediate Accounting I: 3 hours
  - BACC 351, Intermediate Accounting II: 3 hours
  - BACC 352, Cost Accounting: 3 hours

- Requirements:
  - BACC 863, Advanced Accounting Information Systems: 3 hours (Grad only class. Prereq: BACC 858 or BACC 391)

**Human Resources Concentration**

EP 3069

- Requirements:
  - Take:
    - BMGT 860, Human Resource Management: 3 hours (Grad only course.)

- Electives:
  - Take 6 hours from:
    - BACC 812P, Employment Law: 3 hours
    - BMGT 810P, Compensation Management: 3 hours
    - BMGT 811P, Labor Relations: 3 hours
    - BMIS 885P, Management Information Systems Topics: 3 hours

**Information Systems Concentration**

EP 3070

- Requirements:
  - Take:
    - BACC 863, Advanced Accounting Information Systems: 3 hours (Prereq: BACC 858 or BACC 391)

- Electives:
  - Take 6 hours from:
    - BMIS 803, Independent Study: 3 hours
    - BMIS 885P, Information Systems Strategy and Management: 3 hours
    - BMIS 899P, Management Information Systems Topics: 3 hours

- If a student did not take BMIS 481 and BMIS 485 in undergraduate program, it is recommended he or she take BMIS 881P and BMIS 885P as part of the concentration in information systems.

**Tailored Option**

EP 3071

- Take 9 hours of courses approved by the MBA director, with 3 hours being grad only.
Advising
In consultation with an advisor, the graduate student will develop a program of study/degree audit after acceptance into the degree program. This program will be approved by the department and the Office of Graduate Studies and Research. The program of study requires a minimum of 43 semester hours of course work to be selected with the advisor’s approval. In some cases the graduate committee may require additional hours in Communication Disorders or in related areas if a student has a significant weakness in a specific area. A student may elect to take more than a minimum 43 hours. In special cases, alternate courses may be substituted for required courses, with the approval of the Communication Disorders faculty.

Admission Requirements
A student desiring to pursue the Master’s Degree in the area of Speech/Language Pathology must have completed an undergraduate degree or equivalent from an accredited institution. If the degree was not comparable to that offered at the University of Nebraska at Kearney or if deficiencies exist, the student must take those undergraduate courses deemed necessary by the Communication Disorders faculty to make up the deficiencies. An applicant who has obtained a Bachelor’s Degree in some other area will be required to take those undergraduate courses in Speech/Language Pathology and possibly in related areas necessary to complete the equivalent requirements for the undergraduate major. Applications are accepted for the fall term only and are due by February 1st.

Admission decisions are based on:
1. Graduate Record Examination (GRE) scores,
2. Undergraduate overall grade point average,
3. Undergraduate Communication Disorders major grade point average,
4. Graduate grade point average,
5. Letters of recommendation, and
6. Written communication skills on a formal application to the department.

Comprehensive Exams or Thesis Options
In addition to successful completion of all required course work, students must pass a comprehensive exam. Students who complete a thesis do not write comprehensive exams. Students can register for up to six hours of thesis for completion of the degree. Thesis credit hours can be counted toward the requirement of 43 hours of course work as elective credits.

Professional Certification
Enrollment in CDIS 893P, Internship (Schools) for 10 hours, and CDIS 894P, Internship (Clinical) for 6 hours, enables students to meet the American Speech-Language-Hearing Association (ASHA) certification requirements, Nebraska licensure requirements, and Nebraska teacher certification requirements. Such certification applications include both academic and clinical requirements. Additional course work may be added to a program of study to meet teacher certification requirements.

Program Description
The Communication Disorders program is designed to prepare Speech-Language Pathologists for Nebraska teacher certification, state licensure, and certification by the American Speech-Language-Hearing Association. The program prepares graduates to work in public schools, hospitals, rehabilitation centers, nursing homes, federal and state institutions. It also prepares students to apply for advanced degree programs in Speech-Language Pathology, Audiology, Speech and Hearing Sciences, and related areas. Additional professional opportunities include private practice, research, university teaching, and clinic supervision and administration.
## GR MSE 2904

**MSE in Speech/Language Pathology** ........................................ 43 hours

### Requirements (40 hours required)

Take all of the following:

- CDIS 815, Neurological Foundations ........................................ 2 hours
- CDIS 833, Practicum in Audiology ........................................... 1 hour
- CDIS 840P, Augmentative/Alternative Communication ............. 3 hours
- CDIS 857, Dysphagia .......................................................... 3 hours
- CDIS 860, Practicum in Speech-Language Pathology ............. 3 hours
- CDIS 861, Practicum in Speech-Language Pathology ............. 3 hours
- CDIS 862, Practicum in Speech-Language Pathology ............. 3 hours
- CDIS 863, Practicum in Speech-Language Pathology ............. 3 hours
- CDIS 865, Voice Disorders .................................................. 3 hours
- CDIS 867, Orofacial Anomalies ............................................. 2 hours
- CDIS 868, Motor Speech Disorders ....................................... 3 hours
- CDIS 870P, Professional Issues .......................................... 3 hours
- CDIS 878, TBI and Related Disorders .................................... 2 hours
- CDIS 887, Aphasia Rehabilitation ......................................... 3 hours

Take 1 course from:

- CDIS 820, Research in Communication Disorders .............. 3 hours
- TE 802, Techniques of Research ......................................... 3 hours

### Electives (3 hours required)

Take 3 hours from:

- CDIS 813P, American Sign Language I ......................... 3 hours
- CDIS 816P, American Sign Language II ......................... 3 hours
- CDIS 817, Speech Science Instrumentation ................... 2 hours
- CDIS 818P, Diagnostic Methods ........................................ 3 hours
- CDIS 828P, Advanced Audiology ....................................... 3 hours
- CDIS 832, Independent Study in Audiology ..................... 1-3 hours
- CDIS 851, Phonological Disorders ..................................... 3 hours
- CDIS 856P, Communication Disorders of Adolescents ....... 3 hours
- CDIS 881, Seminar in Speech-Language Pathology .......... 3 hours
- CDIS 884, Birth to Five Screening ..................................... 1 hour
- CDIS 885P, Fluency Disorders ........................................... 3 hours
- CDIS 886, Infant/Preschool Assessment ......................... 3 hours
- CDIS 888, Clinical Supervision ......................................... 1 hour
- CDIS 895, Independent Study in Speech-Language Pathology ... 1-3 hours
- CDIS 896, Thesis .............................................................. 6 hours
- CDIS 899P, Special Topics in Speech-Language Pathology ... 1-3 hours

May choose 3 hours from either:

- CSP 801P, Counseling Skills ............................................. 3 hours
- OR
- CSP 850P, Introduction to Counseling ................................. 3 hours
Department of Counseling and
School Psychology

Max McFarland, Ed.D., Chair - 308-865-8508
Julie Dinsmore, E.D., Counselor Education
Graduate Program Committee Chair
Robin Sobansky, Ph.D., School Psychology
Graduate Program Committee Chair

Graduate Faculty
Professors: Archwamety, Dinsmore, M. Kuskie, McFarland
Associate Professors: Hof, G. Mims, Sobansky

Counselor Education Graduate Program Committee
Dinsmore (Chair), Hof, M. Kuskie, G. Mims, M. Mims

School Psychology Graduate Program Committee
Sobansky (Chair), Archwamety, Beckman

Courses with the prefix CSP are offered by the department. See page 74.

Counseling & School Psychology Program
Information and Admission Requirements

The department offers two levels of degrees:

MASTER OF SCIENCE IN EDUCATION
School Counseling-Elementary - Master of Science in Education Degree
School Counseling-Secondary - Master of Science in Education Degree
School Counseling-Student Affairs - Master of Science in Education Degree
Community Counseling - Master of Science in Education Degree
(Accredited by the Council for Accreditation of Counseling and Related Educational Programs—CACREP)

EDUCATION SPECIALIST
Counseling - Education Specialist Degree
School Psychology - Education Specialist Degree
(Accredited by the National Association of School Psychologists—NASP)

Advising
All students are assigned an academic advisor within the department upon admission.

Admission to Pursue a Degree
Students must be admitted for a degree or endorsement program prior to completion of the twelfth (12th) hour of credit within the department. A one-time, nonrefundable fee, which covers the cost of departmental examinations and processing, is required.

To be admitted to pursue a degree or endorsement program, a student should follow these steps:

1. Apply to the Graduate College; specify the desired CSP program.
2. Submit academic history, including undergraduate/graduate transcripts to the Graduate Office.
3. Contact the department secretary for admission materials and to sign up for the admission process.
4. Participate in the admissions process (available in the fall and spring semesters).• Assessment instruments
• Interview with department faculty
• Written materials
5. Department recommendations for admissions are submitted to the Graduate Dean who sends admission decisions to applicants

Those planning to be full-time students in Counseling or School Psychology should obtain full admission the semester prior to full-time enrollment.

Application for Candidacy
Application for admission to candidacy must be made prior to completion of the twenty-fourth (24th) hour (M.S.) or thirty-fourth (34th) hour (Ed.S.) of graduate study. The department will recommend candidacy based on the evaluation of:

1. Satisfactory completion of admission to graduate school study, to the department, and the department approval of Program of Study.
2. Satisfactory academic performance.
3. Professional development of the student and fitness for the profession.
4. Adherence to Ethical Standards.

Comprehensive Examinations
All students seeking degrees and/or endorsements are required to complete comprehensive examinations. The examinations may be written, oral or both. Additionally, in order to successfully complete a degree program, students must meet the expectations outlined in department academic progress and ethical conduct policies (see respective Program Handbook for more detailed information).
Elementary, Secondary, and Student Affairs

Students seeking endorsement in Nebraska School Counseling - Elementary or Secondary, in addition to a degree, must have a valid Nebraska Teaching Certificate and two years of teaching experience. This requirement does not apply to the Student Affairs option.

Outcomes for Graduates:

1. Administer and evaluate a comprehensive K-12 developmental counseling/guidance program.
2. Coordinate, counsel, and consult to promote linkages with parents, teachers, administrators and community resources concerning individual and group needs of students.
3. Implement a career development program, which includes decision-making skills, individual and group activities, use of data concerning self and the world of work, ongoing assessment, and follow-up studies.
4. Develop an appraisal program, which provides information concerning interests, aptitudes and abilities of students for educational, social, and career decisions.
5. Design, implement and evaluate a developmental counseling/ guidance curriculum that directly supports the academic, career and social/emotional development of students.
6. Understand the implications of the historical, philosophical, ethical and legal aspects of the school counselor.

GR MSE 2110

The following program meets the academic requirements for endorsement by the State Department of Education.

MSEd in School Counseling-Secondary (grades 7-12 endorsement) a minimum of 43 hours of graduate course work

Required Courses (43 hours required)

Take all of the following:

- CSP 805, Behavioral Characteristics of Children and Adolescents 3 hours
- CSP 855, Techniques of Counseling 3 hours
- CSP 856, Multicultural Counseling 3 hours
- CSP 860, Theories of Counseling 3 hours
- CSP 861P, School Counseling Organization and Practice 3 hours
- CSP 865, Group Counseling 3 hours
- CSP 867, Career and Lifestyle Development 3 hours
- CSP 880, Appraisal and Evaluation of Individuals and Systems 3 hours
- CSP 885, Practicum in Counseling and Guidance 3 hours
- CSP 957, Problem Solving Consultation 3 hours
- TE 802, Techniques of Research 3 hours

Take 1 course from:

- CSP 805, Behavioral Characteristics of Children and Adolescents 3 hours
- CSP 840, Counseling Across the Lifespan 3 hours

Take 3 hours from:

- CSP 831, Seminar: Professional Issues/Ethics in School Counseling 1-3 hours

Take 4 hours from:

- CSP 892, Internship in Counseling and Guidance 1-4 hours

GR MSE 2111

GRADUATE Counseling and School Psych.

Offered by Department of Counseling and School Psychology

School Counseling-Secondary

Master of Science in Education Degree

GR MSE 2111

The following program meets the academic requirements for endorsement by the State Department of Education.

MSEd in School Counseling-Secondary (grades 7-12 endorsement) a minimum of 43 hours of graduate course work

Required Courses (43 hours required)

Take all of the following:

- CSP 855, Techniques of Counseling 3 hours
- CSP 856, Multicultural Counseling 3 hours
- CSP 860, Theories of Counseling 3 hours
- CSP 861P, School Counseling Organization and Practice 3 hours
- CSP 865, Group Counseling 3 hours
- CSP 870, Marriage and Family Counseling 3 hours
- CSP 875, Career and Lifestyle Development 3 hours
- CSP 880, Appraisal and Evaluation of Individuals and Systems 3 hours
- CSP 885, Practicum in Counseling and Guidance 3 hours
- CSP 957, Problem Solving Consultation 3 hours
- TE 802, Techniques of Research 3 hours

Take 1 course from:

- CSP 805, Behavioral Characteristics of Children and Adolescents 3 hours
- CSP 840, Counseling Across the Lifespan 3 hours

Take 3 hours from:

- CSP 831, Seminar: Professional Issues/Ethics in School Counseling 1-3 hours

Take 4 hours from:

- CSP 892, Internship in Counseling and Guidance 1-4 hours

GR MSE 2113

MSEd in School Counseling- Student Affairs a minimum of 36 hours of graduate course work

Required Courses (35-36 hours required)

Take all of the following:

- CSP 840, Counseling Across the Lifespan 3 hours
- CSP 850P, Introduction to Counseling 3 hours
- CSP 855, Techniques of Counseling 3 hours
- CSP 856, Multicultural Counseling 3 hours
- CSP 860, Theories of Counseling 3 hours
- CSP 864, Student Affairs Organization & Practice 3 hours
- CSP 865, Group Counseling 3 hours
- CSP 870, Marriage and Family Counseling 3 hours
- CSP 875, Career and Lifestyle Development 3 hours
- CSP 880, Appraisal and Evaluation of Individuals and Systems 3 hours
- CSP 885, Practicum in Counseling and Guidance 3 hours

Take 2-3 hours from:

- CSP 892, Internship in Counseling and Guidance 1-3 hours

Electives (0-1 hour required)

Take 0-1 hour of electives:

- Appropriate electives will be selected in consultation with the advisor.
Community Counseling Information

Graduates of this program find employment in a variety of settings. Program objectives for the community counseling students are as follows:

The professional counselor...
1. has a foundation in counseling knowledge and skills that prepares the counselor to adapt to changing needs of the individual, group and/or family.
2. has personal traits and characteristics that are consistent with the role and function of a counselor.
3. has knowledge and skills regarding ethical, legal and regulatory standards of the profession.
4. has knowledge and skills in the counseling and consultation process.
5. has knowledge and skills in case conceptualization and management.
6. has knowledge and skills in client/program assessment and evaluation.
7. has knowledge and competency in oral and written communication.
8. has knowledge regarding research in counseling outcome research and its implications for professional practice.

MSEd in Community Counseling ............ a minimum of 48 hours of graduate coursework

GR MSE 2103

Accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

The following program meets the academic requirements for the Mental Health Practitioner License regulated by the State of Nebraska Department of Health.

Prerequisite Competency: Abnormal Psychology (appropriate coursework or documented experience)

Electives (3 hours required)

Appropriate electives will be selected in consultation with the advisor.

Offered by Department of Counseling and School Psychology

GR EDS 2106

The student and assigned advisor will create a Program of Study. This degree requires a minimum of 86 hours beyond the baccalaureate degree. Contact the Department for information related to this degree option.

School Psychology Information

School Psychology is one of the fastest growing areas of professional psychology. School Psychologists bring psychological perspectives to individual, group and system issues in schools; that is, they deliver mental health services in educational systems. The framework of the UNK School Psychology Program is an ecological and developmental approach, which focuses upon human strengths to maximize positive outcomes. Human diversity is recognized as a strength. If the school psychology student attends full time, the student takes two years of academic coursework and related field experiences, followed by a year long, 1200-hour internship. Upon successful completion of degree requirements, the student is eligible for endorsement as a School Psychologist in Nebraska.

To provide the student with the knowledge, skills, and experiences necessary to meet the demands of the profession, the School Psychology Program has adopted an ecological training approach. In the ecological approach, the student practitioner learns to collect and interpret data from a variety of sources in order to meet the needs of the individual within the school system. As a component of this approach, students are taught to be skilled at problem solving, consultation, interviewing, observation, assessment, and intervention development.

The School Psychology Program encourages the integration of experience and skills with knowledge of psychology and education to prepare graduates to serve as education team members. Acting in this role, the school psychologist is concerned with promoting teacher effectiveness, creating a positive classroom environment, and influencing educational philosophy in the school system to enhance student learning potential.

The School Psychology Program at the University of Nebraska at Kearney strives to provide the most current and comprehensive practitioner training within the midstates region of the country. As such, participating in 300 clock hours of Professional Development activities is a program requirement. This assures exposure to a wide variety of contemporary issues, skills, and knowledge beyond what can be covered in courses. These hours must be accrued after admission and prior to graduating from the program. Ample opportunities are provided for students via Professional Development Seminars, partner school staff development, state and national conferences. Graduates are eligible for certification and endorsement as a School Psychologist in Nebraska and have enjoyed high levels of professional employment in this state as well as many others.

“it is the responsibility of graduate training programs in school psychology to provide students with the building blocks for effective practice” (Ysseldyke, Dawson, Lehr, Reschley, Reynolds & Telzrow, 1997, p. 6). Therefore, the program of preparation for endorsement shall include development of these domains of school psychology leadership in schools:

- Data based decision making and accountability;
- Interpersonal communication, collaboration and consultation;
- Effective instruction and development at cognitive and academic skills;
- Specialization and development of behavioral competencies;
- Student diversity and development and learning;
- School structure organization and climate;
- Prevention, wellness promotion and crisis intervention;
- Home/school/community collaboration;
- Research and program evaluation;
- Legal, ethical practice, and professional development;
- Information Technology.
Offered by Department of Counseling and School Psychology

School Psychology
Education Specialist Degree

GR EDS 2107

The Education Specialist Degree is accredited by the National Association of School Psychology (NASP).

The following program meets the academic requirements for the Nationally Certified School Psychologist regulated by the National Association of School Psychologists.

Prerequisites

The following areas of study are prerequisite to the program: Human Development, Human Learning, and Evaluation. Students without this background in these content areas will be required to take coursework (in addition to their Program of Study) to make up these deficiencies.

Endorsements

Upon the completion of the Program and the recommendation of its faculty, students will be eligible for endorsement as a school psychologist in the State of Nebraska. Such endorsement may be on the student’s teaching certificate or on a Special Services certificate (if student has no teaching certificate). Such endorsement will be on the student’s Special Services certificate.

Residency Requirements

The Department has established a residency requirement for the purpose of ensuring that the Education Specialist degree reflects continuity while allowing continued employment of the students in their major field. The preferred option is Option I. In Option I, students must accrue eighteen (18) hours in residence at the University of Nebraska at Kearney across two consecutive offering periods (excluding internship hours). If Option I is not possible, the student may request Option II from their major advisor. Option II requires that the student take eighteen (18) hours accrued across three consecutive offering periods. The residency requirement must be met after admission to the program and prior to internship. The program values employment experiences of its students and offers flexibility in meeting these requirements.
GRADUATE
Educational Administration

College of Education
Department of Educational Administration

Patricia A. Cruzeiro, Ed.D., Chair and Graduate Program Committee Chair - 308-865-8512

Graduate Faculty
Professor: Cruzeiro
Associate Professors: Hoechner, T. Jacobson, Nelson

Graduate Program Committee
Cruzeiro (Chair), Hoechner, T. Jacobson, Nelson

Adjunct Faculty:
Ken Anderson, Paul Brochtrup, Renee Jacobson, Mike Lucas, Kent Mann, Donna Moss, Carol Renner, James Tenopir, Jeff West, Carolyn Winchester

Courses with the prefix EDAD are offered by the department. See page 76.

Educational Administration Program Information and Admission Requirements

The department offers two degrees:

MASTER OF ARTS IN EDUCATION
- School Principalship PK-8 - Master of Arts in Education Degree
- School Principalship 7-12 - Master of Arts in Education Degree
- Curriculum Supervisor of Academic Area - Master of Arts in Education Degree
- Supervisor of Special Education - Master of Arts in Education Degree

EDUCATION SPECIALIST
- School Superintendent - Education Specialist Degree

Departmental Objectives
Graduates will be effective school administrators, who are responsive, reflective, and collaborative decision makers and who have the requisite knowledge, skills, and technological expertise to organize learning environments that embrace the principles of democracy, diversity, and equity.

Program Objectives
Educational Administration Program objectives are aligned with the College of Education 9 Desired Outcomes (DO) for graduates, Nebraska Department of Education (NDE), Administrator Certification Rule 24, and the seven standards adopted by the National Policy Board for Educational Administration (NPBEA) in January 2002.

Nebraska Certification Requirements
Approved Programs: Graduate programs in Educational Administration for school personnel are approved for Nebraska Administrative and Supervisory Certification.

Special Education Requirement: Nebraska certification requires the completion of a Special Education course covering the identification of handicapping conditions and the various alternatives to providing educational opportunities for handicapped students. This requirement is a prerequisite for administrative certification and must have been met prior to a graduate degree in EDAD or taken as an elective within the graduate program of study. Program applicants who received their initial teaching certificate prior to September 1, 1992 will be required to take TESE 821P in place of one of their program electives.

Human Relations Requirement: The Nebraska requirements on human relations are met through the completion of the required coursework within a Master’s Degree Program in Educational Administration.

Educational Administration Admission Requirements
In addition to the general requirements of the Office of Graduate Studies, the criteria for admission to this degree program consist of the following:

1. An undergraduate grade point average of 2.75;
2. Submit written recommendations from two school administrators and one other individual who can comment on your potential to do graduate study and for educational leadership. (Contact EDAD department for appropriate forms.);
3. Submit an essay on why you wish to pursue a career in school administration. (Contact the EDAD Department for appropriate format.);
4. A satisfactory score on the Pre-Professional Skills Test is required if the applicant has not taught for three consecutive years in the same school system. (Statewide passing scores are established by the State Board of Education);
5. A faculty review of departmental application form.
6. Members of the Educational Administration Department will evaluate each applicant following the completion of 12 semester hours of coursework. At this point the department will make a decision relating to acceptance into a program by approving the applicant for candidacy.

All above requirements must be met to continue in the program beyond eighteen hours of coursework. Any deviation from the above requirements is by departmental approval only.

Time Limitation
The coursework for the M.A.Ed. and Ed.S. degrees must be completed within a period of 10 years.

Advising
Each student is assigned an advisor in the EDAD Department at the time of acceptance for graduate study.

Coursework
The required graduate coursework for the M.A.Ed. degree in EDAD minimally is 36 semester hours of approved study beyond the bachelor’s degree.

Transfer of Credit
The transfer of credit applicable to the Master’s Degree program is determined at the discretion of the Office of Graduate Studies and the Department of Educational Administration upon evaluation of the prior academic record of the student. A maximum of 9 semester hours may be transferred into a degree program from institutions other than the University of Nebraska.

Quality of Work
Once a student begins a Master’s Degree program, he/she must maintain a scholastic record of 3.00 based on a 4.00 scale.

Thesis Option
Master’s Degree candidates may select a thesis option. The thesis option is a six-hour registration which includes participation in the monthly research seminars and fulfills the elective requirement. The thesis is written under the direct supervision and guidance of the advisor. Thesis acceptance by the students committee follows an oral examination over the study. The oral examination is in lieu of the comprehensive written examination required of Master’s Degree Candidates.
Comprehensive Examination
A comprehensive examination is administered prior to, or during, the session in which the student is expected to receive the degree. Departmental procedures require that all EDAD coursework, except arranged courses, be completed or in progress before comprehensive examinations may be taken.

Degree Endorsement
Applicants for this endorsement shall have the equivalent of two full school years teaching experience in approved/ accredited elementary and/or secondary schools. This endorsement also requires a minimum of one semester internship experience supervised by a standard institution of high education in an approved or accredited elementary, middle or secondary school.

Non-Degree Endorsements
The granting of the principalship endorsement is based on the level (elementary or secondary) of the certification held by the candidate. Those having a K-12 endorsement may opt for either a PK-8 or 7-12 program. Special Education endorsements and teaching experiences will determine the certification level for Special Educators. The University of Nebraska at Kearney offers two non-degree administrative endorsements: School Principalship PK-8 and School Principalship 7-12.

For those candidates with a principalship endorsement, who wish to qualify for the opposite principalship endorsement, 12 hours are required in addition to the basic 36-hour program. For more information about these endorsements, please contact the Department of Educational Administration.

GR MAE 2207

This program leading to an Administrative and Supervisory Certificate is designed to provide the necessary background to serve as a Supervisor of Special Education.

MAE in Supervisor of Special Education .......................... 36 hours

Foundations (6 hours required)
Appropriate courses will be selected with the consent of the advisor in the Educational Administration Department. A course in research methods must be included.

Educational Administration (15 hours required)
Take all of the following:
 EDAD 848, Curriculum Planning ........................................ 3 hours
 EDAD 851, Human Resource Management ........................... 3 hours
 EDAD 854, Introduction to Educational Administration .......... 3 hours
 EDAD 855, Supervision of Instruction ................................. 3 hours
 EDAD 956, School/Community Relations ............................. 3 hours

Special Education (15 hours required)
Take:
 EDAD 842, Administration of Special Education .................. 3 hours

Other coursework selected with the consent of the Special Education Department

Admission
In addition to the general requirements of the Office of Graduate Studies, the criteria for admission to this degree program consist of the following:

1. A Master’s Degree in an education related field from an accredited institution. Courses required for the M.A. Ed. Degree with a major in Educational Administration are prerequisites and may become part of the Specialist Program in addition to the required 33 hours;
2. Submit an essay on why you wish to pursue a career in school administration. (Contact EDAD Department for appropriate format.);
3. A satisfactory undergraduate and graduate scholastic record;
4. Submit written recommendations from two school administrators and one other individual who can comment on your potential to do graduate study and for educational leadership. (Contact the EDAD department for appropriate forms.);
5. A review of departmental application form.
6. Members of the Educational Administration Department will evaluate each applicant following the completion of 12 semester hours of coursework. At this point the department will make a decision relating to Approval of the Candidacy Application.

In order to be eligible for an endorsement as superintendent in the State of Nebraska, one must have earned a Master’s degree as principal, or have completed an endorsement program as principal in an accredited Nebraska college or university.
Out-of-state students who apply for the Educational Specialist degree and complete the degree program will need to check with their respective state certification officers.
Out-of-state students who apply for the Educational Specialist degree and complete the degree program will not be recommended for endorsement as superintendent unless deemed otherwise by the Nebraska Department of Education.

Degree Program
The program of studies which leads to the Specialist Degree with a major in Educational Administration is dependent upon the applicant's experience and prior coursework. The degree is awarded upon completion of a minimum of 69 semester hours of credit beyond the baccalaureate degree. An internship, an integral component of the program, is completed with experienced school administrators serving as mentors.

Time Limitation
The coursework for the Specialist degree must be completed within a period of 10 years.

Comprehensive Examination
An oral comprehensive examination for the degree is administered prior to or during the session in which the student is expected to receive the degree. Departmental procedures require that all EDAD coursework, except arranged courses, be completed or in progress before comprehensive examinations may be taken.

Master of Arts in English

The Master of Arts in English program presents a variety of courses in World, British, and United States literatures, creative writing, and pedagogy. The program of study offers seminars, independent readings, special topic courses and workshops. It serves students wishing to pursue an advanced degree in Literary studies, as well as high school teachers and students seeking teacher certification. Students may choose from one of two emphases, the Literature Emphasis or the Creative Writing Emphasis. Students in the Literature Emphasis may choose either a 30-hour thesis option or a 36-hour comprehensive exam option; both options require courses in literature and literary criticism.

Admission Process

Departmental admission to the Graduate program is based on transcripts, GRE scores, a writing sample, three letters of recommendation, and the appropriate application forms (including indication of desired degree option). The Graduate Committee of the Department of English will weigh (and in some circumstances waive) these documents in the best interest of the program and the applicant. A student interested in pursuing a degree program in English should:

1. Meet the requirements for admission* set by the Office of Graduate Studies and Research,

2. Submit an official undergraduate transcript to the Office of Graduate Studies and Research showing at least 21 semester hours in upper division (300-400 level) courses in literature, writing, and linguistics,

3. Submit an official Graduate Record Exam (GRE) score to the Office of Graduate Studies and Research,

4. Submit a written application to the Office of Graduate Studies and Research.

5. Submit to the Director of English Graduate Studies a writing sample: for the literature tracks, fifteen pages that demonstrate the applicant’s critical skills in analyzing literature; for the creative writing track, ten pages that reflect the applicant’s critical skills in analyzing literature and fifteen pages of creative writing in fiction, poetry, creative nonfiction, or drama (for stage or screen),

6. Submit to the Director of English Graduate Studies three letters of recommendation.

7. Submit to the Director of English Graduate Studies a letter of interest outlining motivation for post-graduate study at UNK, previous work in the discipline, particular literary interests, and educational goals.

*In the absence of any of the above, admission may be granted on a conditional basis.

Graduate College Degree Requirements

1. A student’s Program of Study must include at least half or more hours of 800-level courses.

2. At the graduate level, credit/no credit courses must be a function of the course and not a choice of the student’s. Only 6 hours of credit/no credit courses may be applied toward a Master of Arts degree.

3. A Comprehensive Examination must be completed and results filed with the Office of Graduate Studies and Research at least four weeks before graduation date.

English Department Degree Requirements

At least half of the course work in each emphasis (Literature and Creative Writing) must be completed in non-P courses: 12 in the Thesis Options (excluding Thesis Hours) and 18 in the non-thesis portfolio option.
Option A: Literature Emphasis - Thesis Option

Literary Criticism Requirement (3 hours)
Take 1 course from:
- ENG 806, Principles of Literary Criticism.................3 hours
- ENG 807, History of Literary Criticism.....................3 hours

Literature Requirements (12 hours)
Take all of the following:
- 6 hours in Literature of the United States
- 6 hours in Literature of England and the Commonwealth and World Literature

Thesis Requirements (6 hours)
Take:
- ENG 896, Thesis .............................................6 hours

Supporting Courses (6-9 hours)
Take:
- 6-9 hours of Electives

Graduate Assistant Requirement (3 hours)
Take:
- ENG 805, The Teaching of Composition....................3 hours*
  *(required for all graduate assistants; must be taken at earliest opportunity)

Comprehensive Examination
The thesis oral defense serves as the Comprehensive Examination for thesis students. The student's Thesis Committee serves as the Comprehensive Examination Committee and administers a written or oral exam. The Thesis preparation and review process are outlined in the Graduate Studies in English Handbook.

Option B: Literature Emphasis - Examination Option

Literary Criticism Requirement (3 hours required)
Take 1 course from:
- ENG 806, Principles of Literary Criticism.................3 hours
- ENG 807, History of Literary Criticism.....................3 hours

Literature Requirements (12 hours required)
Take all of the following:
- 6 hours in Literature of the United States
- 6 hours in Literature of England and the Commonwealth and World Literature

Supporting Courses (8-21 hours required)
Take:
- 8-21 hours of Electives

Graduate Assistant Requirement (3 hours required)
Take:
- ENG 805, The Teaching of Composition....................3 hours*
  *(required for all graduate assistants; must be taken at earliest opportunity)

The Examination
Students who select the examination option will prepare reading lists and questions in two major areas of study. The areas of study from which students may choose are 1) British, 2) World, 3) American and 4) Language/Linguistics/Rhetoric/Theory. Students will select two English graduate faculty members in the appropriate areas to serve as their examiners. Students will take a written examination, which will be followed by an oral defense. Further information about the examination process can be found in the Graduate Studies in English Handbook.

Creative Writing Emphasis
EP 3081

Option C: Creative Writing Emphasis

(The emphasis in Creative Writing is a studio/academic degree of 30 hours, with 12 hours in creative writing courses.)

Literary Criticism Requirement (3 hours required)
Take 1 course from:
- ENG 806, Principles of Literary Criticism.................3 hours
- ENG 807, History of Literary Criticism.....................3 hours

Literature Requirements (6 hours required)
Take all of the following:
- 3 hours in Literature of the United States
- 3 hours in Literature of England and the Commonwealth and World Literature

Creative Writing Requirements (12 hours required)
Take 12 hours from:
- ENG 822P, Poetry Writing....................................3 hours
- ENG 823P, Fiction Writing ....................................3 hours
- ENG 824, Drama Writing.....................................3 hours
- ENG 825, Creative Nonfiction.................................3 hours
- ENG 826, Prosody: The Music of Poetic Form...........3 hours
- ENG 827, Colloquium: Creative Writing..................3 hours
- ENG 845, Creative Writing for Public School Teachers...3 hours
- ENG 890P, Ft. Kearny Writers' Workshop...............1-3 hours

Please note that creative writing emphasis students may repeat a creative writing course for up to 6 hours and are limited to a total of 12 hours of 800-level P courses.

Thesis Requirements (6 hours required)
Take:
- ENG 896, Thesis .............................................6 hours
  Students in the Creative Writing Emphasis will write a creative thesis in poetry, fiction, creative nonfiction, or drama writing. The student's thesis committee serves as a Comprehensive Examination Committee and administers an oral exam.

Supporting Courses (3 hours required)
Take:
- 3 hours of Electives

Graduate Assistant Requirement (3 hours required)
Take:
- ENG 805, The Teaching of Composition....................3 hours*
  *(required for all graduate assistants; must be taken at earliest opportunity)

Comprehensive Exam
Generally a student completes the Comprehensive Examination during the last semester of study. After the successful completion of at least 12 hours and prior to selection of a Thesis/Comprehensive Examination Committee and preparation of a thesis or examination, the student must file for Candidacy for the Master's Degree. A student may be refused admission to candidacy for the Master's Degree if previous college record, performance on qualifying criteria, or the quality of graduate work are such as to indicate inability to satisfactorily complete graduate study.

Graduate Assistantships
Graduate Assistantships provide tuition remission and a stipend. Teaching Assistants are responsible for teaching four composition courses in an academic year with the possibility of summer teaching stipends. Assistantships are also available for research interns and Writing Center tutors.
Thesis and Thesis Committee
A completed thesis must be submitted for the approval of the thesis committee within two years from the completion of the coursework. This time requirement may be waived at the discretion of the majority of the Department's Graduate Committee. The thesis committee shall consist of four members:

- The candidate's thesis advisor who will serve as chair,
- A member representing the candidate's major discipline (generally from the degree-granting institution),
- A third member representing a related field in the college in which the candidate's major field is located, and
- A fourth member selected at large from the University of Nebraska Graduate Faculty. This member may be an additional representative from the candidate's department.

Non-Thesis Option
In addition to their coursework, students pursuing the MAE in Physical Education Exercise Science, General Physical Education, or Physical Education Master Teacher must successfully complete a comprehensive examination prior to graduation. Comprehensive examinations are to be taken on the campus of the University of Nebraska at Kearney unless an off-campus site and a waiver for the on-campus requirement are approved by a majority vote of the HPERLS graduate faculty. Comprehensive examinations will be offered the last week of March, June, and October. The comprehensive written examination will consist of at least three questions.

- one question relating to research techniques
- one question relating to content from their graduate coursework
- one question relating to the student's area of focus/emphasis

Scoring of the comprehensive written exam will be scored as

- Pass - no further examination is required
- Conditional Pass with an oral examination required - Following the oral exam, the student can then be granted a Pass or No Pass with remediation required. Students earning a No Pass must then take another written comprehensive examination within a time period specified by the examination committee.
- No Pass - the committee will then recommend to the Dean of Graduate Studies and Research that the candidate be reexamined after a specified interval. Means for improvement shall be recommended to the candidate by the committee.

After a student takes a second comprehensive examination, the student will be given the same scoring as above, except in any situation in which the student receives a score of No Pass the committee will then recommend to the Dean of Graduate Studies and Research that the candidate be refused graduation.

Comprehensive Examination Committee
The comprehensive exam committee will consist of two graduate faculty members of the student's choosing within their field of study, with the Graduate Program Chair (or another graduate faculty member if the Graduate Program Chair is on the exam committee) serving as a third member if arbitration of grading is needed.
Offered by Department of Health, P.E., Recreation and Leisure Studies

Physical Education Exercise Science
Master of Arts in Education Degree

GR MAE 2509

MAE in Physical Education Exercise Science ...............36 hours

Core Requirements (15 hours required)
Take all of the following:
- BIOL 865P, Physiology ..................................................3 hours
- PE 860P, Gross Anatomy of Movement ..........................3 hours
- PE 866P, Nutrition for Health and Sport .........................3 hours
- PE 867P, Fitness Testing ..................................................3 hours
- PE 870, Advanced Exercise Physiology .........................3 hours

Exercise Science Option (21 hours required)
Choose from one of the following:

Thesis Option (21 hours required)
Take all of the following:
- PE 896, Thesis .........................................................6 hours
- STAT 835P, Statistical Techniques ...............................3 hours
Take 12 hours of Electives as Approved by Advisor; Elective Courses may include:
- PE 801P, Psycholology of Sport ..................................3 hours
- PE 804P, Sociology of Sports Activities .........................3 hours
- PE 845, Motor Development ........................................3 hours
- PE 871, Physical Education for Students with Disabilities 3 hours
- PE 877, Motor Learning ..............................................3 hours
- STAT 837P, Computer Analysis of Statistical Data ........3 hours

Non-Thesis Option (21 hours required)
Take all of the following:
- CSP 801P, Counseling Skills ......................................3 hours
- PE 895, Internship ....................................................3-6 hours
Take 1 course from:
- STAT 835P, Statistical Techniques ...............................3 hours
- TE 802, Techniques of Research ................................3 hours
Take 9-12 hours of Electives as Approved by Advisor; Elective Courses may include:
- PE 801P, Psycholology of Sport ..................................3 hours
- PE 804P, Sociology of Sports Activities .........................3 hours
- PE 845, Motor Development ........................................3 hours
- PE 871, Physical Education for Students with Disabilities 3 hours
- PE 877, Motor Learning ..............................................3 hours

Pedagogy Emphasis
EP 3082
This program is designed for persons interested in the art and science of teaching physical education content to students enrolled in elementary to post secondary institutions.

Professional Requirement: (27 hours required)
Take all of the following:
- PE 802, Philosophy of PE, Sports, Recreation and Leisure ..3 hours
- PE 828P, Secondary School Physical Education ..............3 hours
- PE 831P, Curriculum Design in Physical Education ..........3 hours
- PE 841P, Physical Education for Elementary Schools .......3 hours
- PE 871, Physical Education for Students with Disabilities 3 hours
- PE 875, Analysis of Physical Education Teaching ............3 hours
- TE 802, Techniques of Research ................................3 hours
Take 1 course from:
- PE 845, Motor Development ......................................3 hours
- PE 877, Motor Learning ..............................................3 hours
Take 1 course from:
- PE 861P, Physiology of Exercise .................................3 hours
- PE 870, Advanced Exercise Physiology .........................3 hours

Electives: (9 hours required)
Take 9 hours from the following:
- CSP 805, Behavioral Characteristics of Children and Adolescents ..........................3 hours
- EDAD 956, School/Community Relations .....................3 hours
- PE 801P, Psychology of Sport .....................................3 hours
- PE 804P, Sociology of Sports Activities .........................3 hours
- PE 806, Seminar: Physical Education .........................1-3 hours
- PE 821, Administrative Problems in Physical Education ....3 hours
- PE 822P, Facilities for Sports and Recreation ................3 hours
- PE 845, Motor Development ......................................3 hours
- PE 863, Health Safety Elementary School ....................3 hours

Specializations (12 hours required)
Choose from one of the following:
- Sports Administration
- Recreation and Leisure
  Coursework recommended by advisor, approved by the Department Graduate Committee Chair and Graduate Dean.

General Physical Education Option (9 hours required)
Choose from one of the following:

Research and Field Work Option (9 hours required)
Take all of the following:
- PE 881, Applied Project in PE, Sports, & Recreation ........3 hours
- PE 895, Internship .................................................6 hours

Special Populations Emphasis
EP 3083
This program is designed for persons interested in the physical activity of individuals with disabilities, particularly school-age students, and leads to the endorsement in Adapted Physical Education issued by the Nebraska Department of Education.
Graduate Program Committee
Ellis (Chair), Ailes, Barua, Biggs, R. Davis, Lilly, Rohrer, Van Ingen, Volpe

**MA in History**

**Program Requirements**
- At least half of the course work in each program (excluding thesis hours) must be completed in non-P courses.
- At least 9 hours of course work for the thesis option; at least 15 hours of course work for the non-thesis option.
- At least 3 hours of work in colloquia or seminars must be in U.S. History and at least 3 hours of work in colloquia or seminars must be in non-U.S. History.
- Students must maintain a 3.25 GPA in all graduate hours to graduate.

**Comprehensive Examinations**

All students must successfully complete a comprehensive examination to be administered within nine months following the completion of course work. This will include both written and oral examinations over the major and minor fields. Thesis students will define their thesis proposal in the written component, and defend their completed thesis as the oral component.

The thesis committee will be the examining committee for thesis students. The committee for non-thesis students will be composed of graduate faculty with the Department Graduate Committee Chair serving as moderator. A majority vote by the student’s examining committee will determine whether the student has successfully passed the examinations.

Although unsuccessful students may take the exams a second time, they must apply for a waiver should the time limit have expired. The decision to waive this time requirement will be granted at the discretion of the majority of the Department’s Graduate Committee.

**Thesis and Thesis Committee**

A completed thesis must be submitted for the approval of the thesis committee within two years from the completion of the course work. This time requirement may be waived at the discretion of the majority of the Department’s Graduate Committee. The thesis committee shall consist of four members: The candidate’s thesis advisor/major professor, who shall serve as chair, two readers from the Department of History (at least one must be Graduate Faculty), and a graduate faculty member from another department in a related field.

---

**History Program Information and Admission Requirements**

**Master of Arts Degree**

Option A: Thesis Option
Option B: Non-Thesis Option

**Master of Arts in History Admission Criteria**

Admission to the History MA program is based on undergraduate GPA, letter of intent, letters of recommendation, and a writing sample. An applicant interested in pursuing a MA in History should:

1. Meet the requirements for admission set forth by the Office of Graduate Studies and Research,
2. Have completed an undergraduate program containing at least 18 semester hours of history,
3. Submit to the Graduate Chair a letter of intent that describes the applicant's background, qualifications, academic interests, and career goals in obtaining a graduate degree,
4. Submit to the Graduate Chair evidence of the writing and analytical skills necessary for graduate level course work,
5. Submit to the Graduate Chair at least two letters of recommendation.

*In the absence of any of the above, admission may be granted on a conditional basis.

---

**Graduate Certificate in History Admission Criteria**

Admission to the History Certificate program is based on undergraduate GPA, letter of intent, and letters of recommendation. An applicant interested in pursuing a Certificate in History should:

1. Meet the requirements for admission set forth by the Office of Graduate Studies and Research,
2. Have completed an undergraduate program in the social sciences,
3. Submit to the Graduate Chair a letter of intent (500 word minimum) that describes the applicant's background, qualifications, academic interests, and career goals in obtaining a History Certificate,
4. Submit to the Graduate Chair at least two letters of recommendation.

*In the absence of any of the above, admission may be granted on a conditional basis.
Modern Languages Program Information and Admission Requirements

Master of Arts in Education Degree

French, German or Spanish Specialization

Admission to a Master's Degree program in Modern Languages is based on consideration of the following:

1. The Graduate Record Examination General Test score, or the candidate can elect to take a qualifying examination devised by the Graduate Faculty of the appropriate language;
2. Twenty-four semester hours of upper level undergraduate coursework in French, German, Spanish or equivalent;
3. Personal interview with a member of the graduate faculty in French, German or Spanish. (References may be sent if an interview is not feasible.);
4. Teaching certification (or near completion thereof) for candidates that wish to teach in U.S. public schools.

A student may be admitted with deficiencies in undergraduate coursework on the condition that the deficiencies be eliminated during the first 18 hours of graduate work.

A program of study must be developed in consultation with the graduate advisor.

Comprehensive Examination: Upon completion of the required and elective courses in the MAE program, the students will be examined in both written and oral form over the principal graduate courses taken in the Department (usually 6 to 7). They will write an essay for each in the language of instruction of the course. During the oral exam, the students will be expected to answer in the corresponding language as well.
## Master of Arts in Education Degree

Offered by Department of Modern Languages

French Education, German Education, or Spanish Education Master of Arts in Education Degree

### Pedagogy (6-9 hours required)

Take the following:
- FORL 810, Second Language Acquisition 3 hours
- FORL 872P, Foreign Language Pedagogy 0-3 hours
  (If not taken as FORL 472.)
- Approved Elective in Pedagogy (FORL, PTE, etc.) 0-3 hours

Take 1 course from:
- CSP 800, Advanced Educational Psychology 3 hours
- CSP 805, Behavioral Characteristics of Children and Adolescents 3 hours

### Research (3 hours required)

Take 1 course from:
- FORL 800, Curriculum Development & Research 3 hours
- TE 802, Techniques of Research 3 hours

### Specialization Requirements (24-27 hours required)

Choose from one of the following:

#### French Specialization 24-27 hours

**GR MAE 3505**

- **Content Area Requirement (18-21 hours required)**
  - Take the following:
    - FREN 814P, Advanced French Conversation 0-3 hours
      (If not taken as FREN 414.)
    - FREN 860P, History of the French Language 0-3 hours
      (If not taken as FREN 460.)
    - French Electives 3-12 hours
  - Take 1 course from:
    - FREN 820P, The French Novel I 3 hours
    - FREN 821P, The French Novel II 3 hours
  - Choose one six hour block:
    - FREN 875, Graduate Study Abroad 3 hours
    - FREN 876, Graduate Study Abroad 3 hours
  - **OR**
    - FREN 896, Thesis (with permission) 6 hours

- **Supporting Emphases (6 hours required)**
  - Choose from one of the following:
    - **College Teaching Emphasis**
      - Graduate Elective 3 hours
    - **Secondary Teaching Emphasis**
      - Graduate Elective 3 hours

#### German Specialization 24-27 hours

**GR MAE 3605**

- **Content Area Requirement (18-21 hours required)**
  - Take the following:
    - German Electives 15-18 hours
  - Take 1 course from:
    - GERM 804, Introduction to Middle High German 3 hours
    - GERM 805, History of the German Language 3 hours

- **Supporting Emphases (6 hours required)**
  - Choose from one of the following:
    - **College Teaching Emphasis**
      - Graduate Elective 3 hours
    - **Secondary Teaching Emphasis**
      - Graduate Elective 3 hours

#### Spanish Specialization 24-27 hours

**GR MAE 3706**

- **Content Area Requirement (18-21 hours required)**
  - Take the following:
    - SPAN 808P, Comparative Grammar 0-3 hours
      (If not taken as SPAN 408.)
    - SPAN 814, Oral, Written & Cultural Fluency 3 hours
    - SPAN 830P, Latin American Literature 0-3 hours
      (If not taken as SPAN 430.)
    - Spanish Electives 3-12 hours
  - Choose one six hour block:
    - SPAN 875, Graduate Study Abroad 3 hours
    - SPAN 876, Graduate Study Abroad 3 hours
    - **OR**
      - SPAN 896, Thesis (with permission) 6 hours

- **Supporting Emphases (6 hours required)**
  - Choose from one of the following:
    - **College Teaching Emphasis**
      - Graduate Elective 3 hours
    - **Secondary Teaching Emphasis**
      - Graduate Elective 3 hours

MASTER OF SCIENCE IN EDUCATION
Science/Math Education - Master of Science in Education Degree
Science Education - Master of Science in Education Degree

Science Education Program Information and Admission Requirements

Professional Teaching Certificate Option in Science Education or Science/Mathematics Education
This degree is coordinated by the Department of Biology, with oversight by a committee of representatives from the departments of Biology, Chemistry, Mathematics and Statistics, Physics and Physical Science, and Teacher Education.

An Interdisciplinary Program
The Master of Science in Education Degree in Science Education or Science/Mathematics Education is offered in the sciences and mathematics for students who wish to broaden their background in teaching fields. Students must be certified to teach in an area of science (biology, chemistry, physics, physical science) or mathematics and meet the general requirements of the Office of Graduate Studies and Research to be eligible for this program. A student interested in pursuing the M.S.Ed. Degree in Science Education or Science/Mathematics Education should contact the chairman of the Graduate Program Committee for specific information concerning admission criteria and degree work. A student will be assigned an advisor from the appropriate discipline. All courses for a program of study/degree audit must be approved by the advisor prior to enrollment by the student.

Requirements
Students select one academic area of emphasis in an area of endorsement (Biology, Chemistry, Mathematics, Physics, or Physical Science) and take courses in at least two other areas. Selection of the course options for a specific program should be made with the advisor before enrollment in the courses in order to develop the most effective and efficient program.

Admission Information
To qualify for work on this degree, a student must have an endorsement in Biology, Mathematics, Chemistry, Physics or Physical Science and meet the general requirements for entrance to graduate studies. Send a copy of your professional teaching certificate and a letter of intent to Dr. Kerri Farnsworth-Hoback, 302B Bruner Hall, University of Nebraska at Kearney, Kearney, NE 68849. Admission to degree work is contingent upon evaluation of transcripts.

• See detailed program information on the following page.
• Apply now at http://webeasi.unk.edu/.
• Schedule a campus visit and talk to our faculty. See http://www.unk.edu/admissions.aspx?id=121 for more information.

Teacher Education is part of the Master of Science in Education Degree in Science Teaching.

Courses with the prefix TE, TEMO, and TESE are offered by the department. See pages 91 (TE) and 96 (TEMO, TESE).

Teacher Education Program Information and Admission Requirements

Degrees Offered

MASTER OF ARTS IN EDUCATION
Curriculum and Instruction - Master of Arts in Education Degree
Reading PK-12 - Master of Arts in Education Degree
(Includes Nebraska Endorsement)
Special Education - Master of Arts in Education Degree
Gifted Emphasis (Includes Nebraska Endorsement)
Advanced Practitioner Emphasis (Selected Nebraska Endorsement Possible)
Mild/Moderate Emphasis (Used for Initial Certification. Includes Nebraska Endorsement)

MASTER OF SCIENCE IN EDUCATION
Instructional Technology - Master of Science in Education Degree
Instructional Technology Module
Library Media Module (Includes Nebraska Endorsement)

Four Master’s degrees are available within the Department of Teacher Education, each with selected emphasis areas (see descriptions below). The degrees require the same four core classes covering the areas of research, democracy, diversity, and technology in accordance with the renewed focus of the College of Education. All programs are 36 credit hours; however, additional hours may be needed for state certification in some endorsement areas.

Admission requirements include GPA and either the Graduate Record Examination or a Professional Biography. Some degrees also require references and teacher certification. Contact individual programs within the Department for specifics. For information about assistantships, contact the Graduate Program Chair.

Curriculum and Instruction
The Master of Arts in Education - Curriculum and Instruction degree is designed to provide educators with an opportunity for gaining knowledge and skill in the design, development and evaluation of school curriculum. In addition, this degree is intended to assist the classroom practitioner in gaining greater expertise in a chosen instructional specialization or endorsement area. Instructional specialization could include, but is not limited to, focus areas such as art, elementary education, English as a Second Language, mathematics, political science, social sciences, and a variety of other topics and endorsements.

Reading
The Master of Arts in Education - Reading degree satisfies the academic requirements for professional certification and an additional endorsement in reading. The current endorsement track includes PK-12.

Special Education
The Master of Arts in Education - Special Education degree offers the three emphasis areas described below: Advanced Practitioner, Gifted Education, and Mild/Moderate Disabilities.

Advanced Practitioner is designed to extend the expertise of educators with a teaching credential in one or more areas of special education. In addition to advanced work in the special education core, students may emphasize in assistive technology, behavior disorders, learning disabilities, or secondary/transition. Nebraska endorsement is currently available in behavior disorders and learning disabilities, and may require a small number of additional classes.

Gifted Education is designed to prepare educators with the knowledge base and competencies necessary for the appropriate education of gifted and talented learners. It includes the 18 hours necessary for the state Supplementary Endorsement in Gifted Education.

Mild/Moderate Disabilities is designed to lead to initial certification in special education. This applies to teachers certified in a field of education other than special education. Completion of the undergraduate professional sequence is required in addition to the Master’s classes for individuals who do not have degree in education.

Instructional Technology
The Master of Science in Education - Instructional Technology prepares graduates for careers in either business or education. In education, instructional technologists are building or district-wide technology resource personnel. They provide or assist with technology-related professional development, strategic planning components, trans-curricular integration of technology, improvement of instruction, coordinating and developing technology-oriented curricula plans, and instructional delivery. Instructional Technologists in the business world focus on designing and developing instruction, job aids, training aids, consulting, and similar training related issues. Instructional Technologists are involved with all instructional aspects of technology and related areas. The four concentration areas are described below.
Offered by Department of Teacher Education

Curriculum and Instruction
Master of Arts in Education Degree

GR MAE 2704

MAE in Curriculum and Instruction ........................................ 36 hours

Department Core Courses (12 hours required)
Research Course (3 hours)
TE 800, Educational Research ........................................ 3 hours
Democracy (3 hours)
TE 803, Philosophy of Education ........................................ 3 hours
Diversity (3 hours)
TE 804, Curriculum Development in Multicultural Education .... 3 hours
Technology (3 hours)
Take 1 course from:
TE 805P, Overview of Assistive Technology ....................... 3 hours
TE 886P, Technology Tools for Teachers ......................... 3 hours

Curriculum/Research Component (6 hours required)
Choose from one of the following:
Research Component
TE 801, Teachers in Classroom Research ....................... 3 hours
TE 891, Field Experiences in Instructional Technology ...... 3 hours
Technology Component
TE 877, Developing Web-based Educational Environments ... 3 hours
TE 887, Electronic Media Production .............................. 3 hours
Curriculum Component
TE 809P, Curriculum Implementation ............................ 3 hours
TE 810, Design and Development of Instruction ................ 3 hours

*Thesis Component (6 hours)
Students always have the option of completing a thesis. Students will register for TE 896 for six hours. These six hours will be in lieu of electives.

Individualized Component (6 hours)
Students may take 6 hours of electives with the advice and approval of their advisor.

Instructional Component (18 hours required)
Selected 18 hour concentration in a teaching area or endorsement area. Must be selected in conjuction with advisor.

Technology (3 hours)
Take 1 course from:
TE 805P, Overview of Assistive Technology ....................... 3 hours
TE 886P, Technology Tools for Teachers ......................... 3 hours

Literacy Specialization (21 hours required)
Take the following:
TE 816B, Practicum: Reading ........................................ 3 hours
TE 845, Contemporary Theory & Practice in Reading ....... 3 hours
TE 846, Diagnosis/Correction of Reading Difficulties ........ 3 hours
TE 854, Reading in the Content Areas ............................. 3 hours
TE 897, Seminar in Education ....................................... 3 hours
Take 1 course from*:
ENG 847P, Children’s Literature ..................................... 3 hours
ENG 848P, Literature for Adolescents ............................. 3 hours

Take 1 course from:
ENG 871P, Language and Composition in the Secondary School ........................................ 3 hours
TE 853C, Improvement of Instruction in Elementary School Language Arts ........................................ 3 hours

Electives (3 hours required)
Suggested list or with consent of advisor
ENG 803, Descriptive Linguistics ..................................... 3 hours
ENG 845, Creative Writing for Public School Teachers ...... 3 hours
ENG 895, Directed Readings ........................................ 1-3 hours
TE 883, Classroom Desktop Publishing .......................... 3 hours
TESE 829P, Assessment of Young Children: Birth to Five ... 3 hours
TESE 863, Research Based Instructional Strategies for Students with Disabilities ........................................ 3 hours

Offered by Department of Teacher Education

Special Education
Master of Arts in Education Degree
Gifted, Advanced Practitioner, Mild/Moderate Emphases

GR MAE 2816

MAE in Special Education .................................................... 36 hours

Department Core Courses (12 hours required)
Research Course (3 hours)
TE 800, Educational Research ........................................ 3 hours
Democracy (3 hours)
TE 803, Philosophy of Education ........................................ 3 hours
Diversity (3 hours)
TE 804, Curriculum Development in Multicultural Education .... 3 hours
Technology (3 hours)
Take 1 course from:
TE 805P, Overview of Assistive Technology ....................... 3 hours
TE 886P, Technology Tools for Teachers ......................... 3 hours

Emphasis Areas
Choose from one of the following:

Gifted ................................................................. 24 hours
EP 3084

Gifted - NON-THESIS .................................................... 24 hours
Take the following:
CSP 800, Advanced Educational Psychology ................. 3 hours
TESE 816C, Practicum in Gifted/Talented Education ... 3 hours
TESE 822P, The Psychology and Education of Gifted and Talented Learners ........................................ 3 hours
TESE 823P, Guiding the Social and Emotional Development of Gifted/Talented Learners ........................................ 3 hours

Offered by Department of Teacher Education

Reading PK-12
Master of Arts in Education Degree

GR MAE 2413

MAE in Reading PK-12 ....................................................... 36 hours

Department Core Courses (12 hours required)
Research Course (3 hours)
TE 800, Educational Research ........................................ 3 hours
Democracy (3 hours)
TE 803, Philosophy of Education ........................................ 3 hours
Diversity (3 hours)
TE 804, Curriculum Development in Multicultural Education .... 3 hours

Technology (3 hours)
Take 1 course from:
TE 805P, Overview of Assistive Technology ....................... 3 hours
TE 886P, Technology Tools for Teachers ......................... 3 hours
TESE 824, Identification, Assessment, and Evaluation for Gifted/Talented Education ..............................................................................3 hours
TESE 825, Curriculum Design and Development for Gifted/Talented Education ..............................................................................3 hours
TESE 826, Program Design for Gifted/Talented Education ..............................................................................3 hours
Electives ..............................................................................3 hours

Gifted - THESIS .............................................................................24 hours
Take the following:
TE 896, Thesis ..............................................................................6 hours*
TESE 816C, Practicum in Gifted/Talented Education ..............................................................................3 hours
TESE 822P, The Psychology and Education of Gifted and Talented Learners ..............................................................................3 hours
TESE 823P, Guiding the Social and Emotional Development of Gifted/Talented Learners ..............................................................................3 hours
TESE 824, Identification, Assessment, and Evaluation for Gifted/Talented Education ..............................................................................3 hours
TESE 825, Curriculum Design and Development for Gifted/Talented Education ..............................................................................3 hours
TESE 826, Program Design for Gifted/Talented Education ..............................................................................3 hours
*Thesis option (6 hours)
Students always have the option of completing a thesis. Students will register for TE 896 for six hours based on the recommendation of their advisor. These six hours will be in lieu of the elective and CSP 800.

Prerequisite
Introduction to Exceptionalities or equivalent completed at the undergraduate or graduate level.

Advanced Practitioner .............................................................................24 hours
EP 3086
This program is for students who possess a teaching certificate with an endorsement in Special Education.

Special Education Core (18 hours required)
Take the following:
TESE 834, Characteristics and Identification of Behavior and Learning Disabilities ..............................................................................3 hours
TESE 835, Applications of Assistive Technology Across Environments ..............................................................................3 hours
TESE 840, Bilingual Special Education ..............................................................................3 hours
TESE 863, Research Based Instructional Strategies for Students with Disabilities ..............................................................................3 hours
TESE 867, Applied and Functional Behavior Analysis ..............................................................................3 hours
Take 3 hours from:
TESE 816D, Practicum in Special Education ..............................................................................3 hours
(Practicum will concentrate in the area of emphasis chosen for electives.)

Electives (6 hours required)
Students must complete six hours of electives from any of courses listed below. Endorsements are available in learning disabilities, behavior disorders, or mild/moderate 7-12. Additional courses may be required for endorsement. Students seeking endorsement need to speak to an advisor.
Take 6 hours from:
CDIS 840P, Augmentative/Alternative Communication ..............................................................................3 hours
CSP 905, Behavioral Problem Solving Assessment ..............................................................................3 hours
PSY 865P, Psychopharmacology ..............................................................................3 hours
TE 846, Diagnosis/Correction of Reading Difficulties ..............................................................................3 hours
TE 848, Assessment and Remediation in Elementary School Mathematics ..............................................................................3 hours
TE 853C, Improvement of Instruction in Elementary School Language Arts ..............................................................................3 hours

Mild/Moderate Disabilities .............................................................................24 hours
EP 3086
Take the following:
TESE 830, Consultation and Collaboration with Families and Agencies Serving Individuals with Disabilities ..............................................................................3 hours
TESE 837P, Medical Aspects of Individuals with Disabilities ..............................................................................3 hours
TESE 861, Legal Issues in Special Education ..............................................................................3 hours
TESE 862, Formal and Informal Assessment in Special Education ..............................................................................3 hours
TESE 863, Research Based Instructional Strategies for Students with Disabilities ..............................................................................3 hours
TESE 867, Applied and Functional Behavior Analysis ..............................................................................3 hours
TESE 879P, Developing Social and Personal Skills in Individuals with Disabilities ..............................................................................3 hours
Take 3 hours from:
TESE 816D, Practicum in Special Education ..............................................................................3 hours
(Practicum will concentrate in the area of emphasis chosen for electives.)
The Mild/Moderate Disabilities option does not result in initial teacher certification. The process of gaining Mild/Moderate Certification also involves meeting additional requirements; working closely with an academic advisor is critical.
Instructional Technology Core Classes (9 hours)
Take the following:
- TE 870, Developing Web-based Portfolios ...........................................3 hours
- TE 877, Developing Web-based Educational Environments .........................3 hours
Take 1 course from:
- TE 891**, Field Experiences in Instructional Technology .........................3 hours
- TE 893*, Field Experiences in Library Media ...........................................3 hours

Choose from one of the following modules:

Instructional Technology Module (15 hours)

CN 3091
Take the following:
Electives ..........................................................15 hours
**Instructional Technology students must take TE 891,
Field Experiences in Instructional Technology

Library Media Module - MS IT Degree and Endorsement

CN 3095
Prerequisite of State Department of Education
if receiving the endorsement (does not apply to graduation requirements; may be undergraduate courses or graduate courses)
ENG 847/847P, Children’s Literature ..................................................3 hours
ENG 848/848P, Literature for Adolescents ...........................................3 hours
(Or approved substitutions)

Library Media Degree Requirements (15 hours)

TE 869, Introduction to Library Media ..................................................3 hours
- TE 871, Collection Development and Management .........................................3 hours
- TE 872, Organization of Library Media and Technology Resources ..................3 hours
- TE 873, Reference Services and Resources ..................................................3 hours
- TE 875, Administration of the School Library Media Program .....................3 hours
*Library Media students must take TE 810, Design
and Development of Instruction; TE 868, Copyright,
Fair Use, and Ethics; and TE 893, Field Experiences in Library Media

Library Media Endorsement Requirements (30 hours)

TE 810, Design and Development of Instruction .....................................3 hours
- TE 868, Copyright, Fair Use, and Ethics .................................................3 hours
- TE 869, Introduction to Library Media ..................................................3 hours
- TE 871, Collection Development and Management .........................................3 hours

TE 872, Organization of Library Media and Technology Resources ..................3 hours
- TE 873, Reference Services and Resources ..................................................3 hours
- TE 875, Administration of the School Library Media Program .....................3 hours
- TE 893, Field Experiences in Library Media ...........................................3 hours
Approved Electives ..........................................................6 hours

Electives in Teacher Education

TE 805P, Overview of Assistive Technology ...........................................3 hours
- TE 810, Design and Development of Instruction .........................................3 hours
- TE 868, Copyright, Fair Use, and Ethics .................................................3 hours
- TE 869, Introduction to Library Media ..................................................3 hours
- TE 870, Developing Web-based Portfolios ..............................................3 hours
- TE 871, Collection Development and Management .........................................3 hours
- TE 872, Organization of Library Media and Technology Resources ..................3 hours
- TE 873, Reference Services and Resources ..................................................3 hours
- TE 874, Production of Instructional Resources ............................................3 hours
- TE 875, Administration of the School Library Media Program .....................3 hours
- TE 876, Integration of Curriculum, Technology and Media Resources .............3 hours
- TE 877, Developing Web-based Educational Environments..........................3 hours
- TE 878, Leadership in Instructional Technology ..........................................3 hours
- TE 879, Seminar in Instructional Technology .............................................3 hours
- TE 880, Management of Educational Technology .........................................3 hours
- TE 881, Distance Education ..................................................................3 hours
- TE 882, Teacher Development Training in Instructional Technology ...............3 hours
- TE 883, Classroom Desktop Publishing ..................................................3 hours
- TE 884, Educational Telecommunications ..................................................3 hours
- TE 885, Instructional Video Production .....................................................3 hours
- TE 886P, Technology Tools for Teachers ..................................................3 hours
- TE 887, Electronic Media Production .......................................................3 hours
- TE 888, Multimedia Production ..............................................................3 hours
- TE 889, Multimedia Development ..........................................................3 hours
- TE 890, Administration of School Computer Networks ..................................3 hours
- TE 891, Field Experiences in Instructional Technology ..................................3 hours
- TE 892, Internship in Instructional Technology ...........................................1-6 hours
- TE 893, Field Experiences in Library Media ...........................................3 hours

Electives may also be taken in ART, BMIS, CDIS, CSIS, ENG, and JMC with permission.

In lieu of a comprehensive examination an electronic portfolio will be submitted and evaluated.
College of Natural and Social Sciences

Department of Chemistry

Michael Mosher, Ph.D., Chair - 308-865-8490

Graduate Faculty

Professors: Darveau, Exstrom, Mosher, Wubbels
Associate Professor: Kovacs
Assistant Professors: Barta, Cao, Moser, Palencia

Chemistry is part of the Master of Science in Education Degree in Science Education.

Courses with the prefix CHEM are offered by the department. See page 71.

College of Fine Arts and Humanities

Department of Communication

Ralph Hanson, Ph.D., Chair - 308-865-8249

Graduate Faculty

Professors: Hanson, Jurma, Lomicky
Associate Professor: Javidi
Assistant Professor: Dimock

This department offers degrees at the undergraduate level only.

Courses with the prefix JMC and SPCH are offered by the department. See pages 84 (JMC) and 91 (SPCH).

College of Natural and Social Sciences

Department of Computer Science and Information Systems

Sherri Harms, Ph.D., Chair - 308-865-8370

Graduate Faculty

Associate Professors: Harms, Hastings
Assistant Professor: Liu

This department offers degrees at the undergraduate level only.

Courses with the prefix CSIS are offered by the department. See page 72.

The department participates in the Master of Science in Education Degree with a specialization in Instructional Technology.

Computer Science and Information System courses may be used as an Area of Emphasis within the Master of Business Administration Degree.

College of Business and Technology

Department of Economics

Bruce Elder, J.D., Interim Chair - 308-865-8530

Graduate Faculty

Professors: Jenkins, Kotcherlakota
Associate Professors: Bridges, Eshleman, Marxsen

The Master of Business Administration utilizes courses from the Economics Department.

Courses with the prefix BSED, BTE, ECON, and VOED are offered by the department. See pages 70 (BSED, BTE), 76 (ECON), and 98 (VOED).

College of Business and Technology

Department of Family Studies and Interior Design

Phyllis Markussen, Ph.D., Chair - 308-865-8228

Graduate Faculty

Professor: Markussen
Associate Professors: Asay, Moore, Stolzer
Assistant Professor: Kimmons

This department offers degrees at the undergraduate level only.

Courses with the prefix FSID are offered by the department. See page 80.

College of Business and Technology

Department of Industrial Technology

Timothy Obermier, Ph.D., Chair - 308-865-8504

Graduate Faculty

Professor: L. Kuskie, Obermier
Assistant Professor: Meznarich

This department offers degrees at the undergraduate level only.

Courses with the prefix ITEC and SFED are offered by the department. See pages 84 (ITEC) and 89 (SFED).

Safety Center

The primary purpose of the Nebraska Safety Center at the University of Nebraska at Kearney is to help meet the growing need for Safety Education. Graduate courses are provided for those who plan teaching, administrative or supervisory careers in traffic safety and industrial safety.

The Graduate courses administered through the Nebraska Safety Center may be used in the following manner:

1. To provide expertise in accident prevention principles and theories applicable to traffic, industry, recreation, fire and the home;
2. To provide in-service opportunities for driver education endorsement and to update safety information and increase awareness.
Graduate Nondegree Areas

College of Natural and Social Sciences

Department of
Mathematics and Statistics

Lutfi Lutfiyya, Ph.D., Chair - 308-865-8531

Graduate Faculty
Professors: Lutfiyya, Willis
Associate Professors: Hossain, Kime
Assistant Professor: Clark

Mathematics and Statistics is part of the Master of Science in Education Degree in Science Education.

Courses with the prefix MATH and STAT are offered by the department. See pages 84 (MATH) and 91 (STAT).

College of Fine Arts and Humanities

Philosophy Program

David Rozema, Ph.D., Chair - 308-865-8298

Graduate Faculty
Professors: Fendt, Rozema

This program offers degrees at the undergraduate level only.

Courses with the prefix PHIL are offered by the department. See page 87.

College of Natural and Social Sciences

Department of
Physics and Physical Science

Kenneth Trantham, Ph.D., Chair - 308-865-8277

Graduate Faculty
Professor: Mena-Werth
Associate Professors: M. Markes, Trantham
Assistant Professors: Kreminska, Larsen
Lecturer: T. Markes

The Department of Physics and Physical Science does not offer a graduate degree. The courses that are offered are requirements or electives in other graduate degree programs.

Physics and Physical Science is part of the Master of Science in Education Degree in Science Education.

Courses with the prefix PHYS are offered by the department. See page 87.

College of Natural and Social Sciences

Department of
Political Science

Joan Blauwkamp, Ph.D., Chair - 308-865-8506

Graduate Faculty
Professors: J. Anderson, Longo
Associate Professors: Avilés, Blauwkamp, Louishomme

This department offers degrees at the undergraduate level only.

Courses with the prefix PSCI are offered by the department. See page 88.

College of Natural and Social Sciences

Department of
Psychology

Richard Miller, Ph.D., Chair - 308-865-8235

Graduate Faculty
Professors: Benz, Briner, Forrest, Miller, Mosig, Rycek, Wozniak
Associate Professors: Fritson, Wadkins
Visiting Assistant Professor: Mandernach

This department offers degrees at the undergraduate level only.

Courses with the prefix PSY are offered by the department. See page 89.

Graduate courses in Psychology support other departments offering Master’s Degrees. Students should have a basic understanding of psychology before attempting psychology courses at the graduate level. Graduate students should have had courses in General Psychology, Statistics, and Experimental Psychology.

Graduate students may qualify for a teaching endorsement in psychology by taking undergraduate courses required by the State Department of Education. For further information, see the Department Chair.

College of Natural and Social Sciences

Department of Sociology, Geography and Earth Science

Paul Burger, Ed.D., Chair - 308-865-8355

Suzanne Maughan, Ph.D., Sociology Program Director

Graduate Faculty
Professors: Borchard, S. Glazier, Kelley, Wysocki
Associate Professors: Boken, Burger, Combs, Dillon, Maughan

This department offers degrees at the undergraduate level only.

Courses with the prefix GEGO and SOC are offered by the department. See pages 81 (GEOG) and 90 (SOC).
## ART Courses

**ART 800P - Drawing** 3 hours
- Experimentation in form, value, line, color, and pictorial composition is encouraged as a means toward individual expression. Open to students who have completed basic courses in drawing composition.

**ART 805P - History of 19th Century Art** 3 hours

**ART 809P - History of Nebraska Art** 1-3 hours
- A survey of art and artists in 19th and 20th century Nebraska and how their art relates to the history of art in western civilization. Unique characteristics of regional art forms are examined and discussed.

**ART 825P - Aesthetics** 3 hours
- History and theories of the development of Aesthetics in Art. Directed readings and special investigation of current trends in art and aesthetics.

**ART 840P - Special Problems in Art History** 1-3 hours
- Course by appointment. Research on specific problems which may involve historical, philosophical, aesthetic or critical aspects of art.

**ART 843P - Independent Study in Art** 1-4 hours
- Special investigation in any art area may be pursued on the approval of the Department of Art; course will be handled by appointment. Special materials fee will be assessed as needed.

**ART 844 - History, Theories and Philosophies of Art Education** 3 hours
- Students will learn about the development of American art education by examining historical ideas and practices and current theories and philosophies. Influences of society on art education and the impact of art and art education in a democratic society will be explored.

**ART 845 - Multicultural Art in the Elementary and Secondary Curriculum** 3 hours
- This course explores the art of many cultures and enhances the teaching of art to a culturally diverse student body. Problems and issues of teaching art from cultures other than one's own will be addressed. Multiple aesthetic perspectives will be examined and debated.

**ART 846 - Seminar in Art Education** 3 hours
- A study of the philosophies of art education; investigation of current practices and techniques used.

**ART 848 - Art for Students with Diverse Needs** 3 hours
- Students in this course will be instructed on methodologies for teaching students with physical, mental and emotional disabilities, gifted students, the very young and the elderly.

**ART 849 - Art Across the Curriculum** 3 hours
- This class explores the methods for incorporating art into other subjects and other subjects into art. Students in this class will learn how to develop interdisciplinary (integrated) lessons which address multiple intelligences, are intellectually stimulating and help develop children's problem-solving skills.

**ART 850 A, B, C, D, E, F - Painting** 1-6 hours
- Research in advanced problems in painting. May be taken for credit up to a total of nine hours.

**ART 851 A, B, C, D, E, F - Sculpture** 1-6 hours
- Research in advanced problems in sculpture. May be taken for credit up to a total of nine hours. Special materials fee of $100.

**ART 852 A, B, C, D, E, F - Ceramics** 1-6 hours
- Research in advanced problems in ceramics. May be taken for credit up to a total of nine hours. Special materials fee of $60.

**ART 853 A, B, C, D, E, F - Printmaking** 1-6 hours
- Research in advanced problems in various printing techniques. May be taken for credit up to a total of nine hours.

**ART 854 - Special Problems in Art History** 1-3 hours
- Advanced research on specific problems which may involve historical, philosophical, aesthetic or critical aspects of art.

**ART 860 - Seminar in Art Criticism and Philosophy** 3 hours
- Aesthetics and philosophy of art criticism for advanced students.

**ART 865 - Directed Reading** 3 hours
- Supervised study and research in an area approved by the instructor. By permission of instructor only.

**ART 870 A, B, C, D - Independent Study** 1-4 hours
- Advanced individual research pursued at the approval of the Department of Art. Special materials fee will be assessed as needed. By permission of instructor only.

**ART 872P - Women in Art** 3 hours
- This course analyzes women's artistic role in their societies and highlights pertinent issues in each individual period. "Women in Art" is a chronological survey from the prehistoric era through the end of the twentieth century.

**ART 895 - Art Education Research Paper** 3 hours
- Prereq: completion of 27 hours of the program, TE 800
- The development of a problem, written or creative, in Art to be developed under the supervision of the major Professor in the discipline. By permission of graduate advisor.

**ART 896 - Thesis in Art Education** 6 hours
- Prereq: minimum of 27 hours toward the degree, TE 802
- The student may elect to do a written or a creative thesis approved by the Department of Art. By permission of graduate advisor.

**ART 899P - Special Topics in Art** 3-6 hours
- Designed to meet special needs for students in Art Education, Art History, Graphic Design, and Studio Art. By permission of instructor only.

---

## BACC Courses

**BACC 803 - Independent Study of Business** 1-3 hours
- Students work individually in selecting and developing teaching projects or research studies that are of particular interest and significance to them.

**BACC 812/812P - Employment Law** 3 hours
- A study of the law governing the employment relationship. Topics covered include employment discrimination (race, gender, sexual harassment, pregnancy, national origin, age, disability), affirmative action, hiring, testing and promotion practices and procedures, employee privacy, OSHA, ERISA, Fair Labor Standards Act, employment at will, wrongful discharge, and current topics in the field of employment law.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
New techniques in molecular biology have revealed three distinct cell lineages: bacteria, archaea, and eukaryae. When considering microorganisms, this information has created major changes in our understanding of phylogeny and our use of taxonomy. This course will begin with current taxonomic groupings of microorganisms and their basic characteristics. The second half of the course will focus on how these groupings were created and on what weaknesses there are in our current understanding. Offered on-line Fall of odd-numbered years.

BIOL 813 - Issues in Bioethics .............................................3 hours
Bioethics is the study of ethical controversies in both biology and medicine. Science has progressed significantly in the last century and with this progress has come ethical questions. The intent of this course is to focus on a variety of issues that have arisen, including, but not limited to, assisted reproductive technologies, sex selection, cloning, and stem cell research to name a few. Offered Spring of even-numbered years.

BIOL 814 - Plant Pathology .............................................3 hours
The course focuses on the biology of plant pathogen interactions. Students will gain an in depth knowledge of the disease processes of a large variety of plant diseases at both the whole plant and the molecular level. Emphasis is also placed on current issues and topics in plant pathology in independent research review projects.

BIOL 816P - Plant Diversity and Evolution .........................4 hours
Morphology of each group of the plant kingdom. Three hours of laboratory each week. Offered on-campus Spring, even-numbered years.

BIOL 818P - Plant Taxonomy .............................................3 hours
Collection and identification of vascular plants with emphasis on the prairies and plains. A family approach is utilized. Three hours of laboratory or fieldwork each week. Offered on-campus, Fall only.

BIOL 820 - Introduction to Graduate Study .........................3 hours
An introduction to graduate research methods and biological techniques for the professional teacher and biologist. Emphasis on literature of science, design of a problem, methods and techniques of biological investigation and scientific writing. The student will submit a research proposal as one requirement of the course. No grade of incomplete will be given. The student is encouraged to take this course during his/her first nine hours of graduate work in Biology. Offered on-campus and on-line every Spring.

BIOL 821 - Directed Readings ...........................................1-3 hours
Prereq: permission of instructor
 Enables the student to supplement knowledge in selected areas of biology. Primarily independent readings as assigned by the instructor.

Readings in Genetic & Societal Problems
Readings in Biological Techniques
Readings in Vertebrate Biology
Readings in Invertebrate Biology
Readings in Aquatic Biology
Readings in Cell Biology
Readings in Recent Developments in Biology
Readings in Systematics and Ecology
Readings in Evolution
Readings in Botany
Readings in Microbiology
Readings in Developmental Biology

BIOL 822 - Advances in Biology .................................1-3 hours
Recent advances in biological topics will be covered. A maximum of 6 hours credit may be counted toward a degree.

BIOL 824 - Principles of Ecology ........................................3 hours
This course examines some of the most important papers in the field of ecology as a means for understanding the field, where it has been, and where it may go. Ecology has many definitions that have changed through time and interpretation of different authors; we discuss what the modern scientific boundary of this field are. To this end, part of the course reviews the current state of ecology with modern writings, but the majority of the course is spent reading classic papers. This course also has a lab component consisting of experiments that can be done at any location.

BIOL 827 - Biological Statistics ........................................3 hours
This statistics course explores data analysis by exploring data analysis through sample distributions, hypotheses testing, one-sample tests, analysis of variance (ANOVA) and non-parametric equivalents, linear regression, and exploration of multivariate analysis. Evaluation of error probability, sample size, and statistical power are also addressed. A second section of the class deals expressly with experimental design and how design relates to statistical tests used. This class is intended to help graduate students plan their research before data has been collected by clarifying when to use what tests. Offered on-line every Spring.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
BIOL 829 - Ecological Anthropology .........................2 hours
This course is a study of human civilization through lens of biology. Readings specifically examine the role of biogeography, species distribution, and other natural resource utilization in how humans have colonized the planet. The course also focuses on why certain civilizations in history have advanced faster than others, and how and why civilizations have failed — when those factors have had a biological component. This is a reading course with an emphasis on discussion. Offered on-campus in Fall of odd-numbered years.

BIOL 830P - Special Topics in Biology .........................1-3 hours
Topics are studied which are not assigned or covered in other courses in the department. The format of this course will vary depending on the topic instruction and the needs of students.
- Topics in Botany
- Topics in Fresh Water Biology
- Topics in Vertebrate Biology
- Topics in Invertebrate Biology
- Topics in Nebraska Flora
- Topics in Nebraska G.I.S.
- Topics in Physiology

BIOL 831 - Biological Research .........................1-3 hours
Independent investigation of biological problems. A maximum of three hours credit may count toward the 36 hours required for the thesis option and a maximum of six hours may count towards the 36 hours required for the non-thesis option.

BIOL 833P - Invertebrate Zoology .........................3 hours
Prereq: BIOL 105, BIOL 106 OR permission of instructor
This course provides an introduction to the biology of specific phyla, classes, and orders of invertebrates with emphasis on classification, morphology, structure and function of their internal anatomy, ecology and evolution, and fundamental concepts characteristic of this diverse animal group. Laboratory stresses anatomy, natural history and ecology of invertebrates. Three hours of laboratory every week. Offered on-campus in Fall of odd-numbered years.

BIOL 834 - Conservation Biology .........................3 hours
An overview of conservation biology and its importance. Special emphasis is placed on ecological, economic, and social issues relevant to biological rarity.

BIOL 835P - Herpetology .........................3 hours
Introduction to vertebrate animals, including fish, amphibians, reptiles, birds and mammals. Ecological and evolutionary aspects will be emphasized. Laboratory-based course offered on-campus Fall of odd-numbered years.

BIOL 840 - Infectious Diseases .........................3 hours
This course is an introduction to medical microbiology with coverage of viral, bacterial, fungal, and protozoan disease causing microorganisms. It will cover the basic mechanisms of infection, disease progression, and immune response. It is strongly suggested that students have taken an introductory microbiology course before taking this class. Offered on-line Fall of even-numbered years.

BIOL 840P - Infectious Diseases .........................4 hours
This course focuses on the medical aspects of microbiology. The course will cover viruses, bacteria, fungi, and parasitic protozoa. We will study the mechanisms of infection, disease progression, and immune response. Three hours of laboratory will be required each week. Offered Fall, odd-numbered years.

BIOL 844 - Molecular Biotechnology .........................3 hours
The course will consist of a short review of pertinent principles in protein structure and function, enzyme mechanisms and kinetics, and the basics of the genetic dogma and recombinant DNA technology. The bulk of the course will be made up of a topical consideration of subjects in biotechnology such as: the production of protein pharmaceuticals, genetic engineering of animals and plants, and cloning of organisms. Special consideration will be given to the molecular mechanisms behind the processes discussed.

BIOL 850P - Molecular Biology .........................3 hours
Prereq: BIOL 309*, BIOL 360* OR permission of instructor
An in-depth discussion of the principles of modern molecular biology. Major topics of discussion will include: 1) DNA as a store of information, 2) protein synthesis, 3) transcriptional control of gene expression, 4) DNA replication, 5) eukaryotic gene structure, 6) gene families, 7) RNA processing, 8) DNA packaging, 9) recombinant DNA methodology, and 10) genes in development and cancer. Offered on-campus Fall only.

BIOL 852P - Techniques in Molecular Biology .........................3 hours
Prereq: BIOL 309* or CHEM 351* or permission of instructor
The course is designed to familiarize the student with modern molecular biology techniques. Students will be exposed to a number of techniques including: DNA isolation, polymerase chain reaction, cloning DNA, sequencing DNA, computer analysis of sequence data, expression of cloned genes in bacteria and protein analysis and purification procedures. One lecture and two three hour laboratories per week. Fall semesters only.

BIOL 854 - Biological Application of GIS .........................3 hours
Students will become proficient in the use of Environmental Systems Research Institute (ESRI)'s ArcGIS. There will be an emphasis on the handling, organization, and types of data storage pertaining to the use of this type of software. Students will also become familiar with basic, cartographic principles needed to use GIS software, online data sources, and GPS receivers.

BIOL 856P - Regional Field Study .........................1-4 hours
This course is designed to introduce students to detailed biological studies of specific regions. Regions studied may vary depending upon instructor availability and student needs. Topics may include but are not limited to:
- Tropical and Marine Island Biology
- Natural History of Nebraska
- Natural History of the Southwest
Offered Spring only.

BIOL 857 - Human Histology .........................3 hours
Histology is also called micro-anatomy. This course examines animal bodies on the tissue and cellular level. Most examples will be from human anatomy. Basic tissue types will be studied as well as organ structure and function. Time will be devoted to sensory structures, which tend to be complex. As a distance class, microphotographs will be used (not glass slides) from web and CD-ROM sources, as well as an assigned textbook.

BIOL 858 - Physiology of Stress .........................3 hours
An examination of how living organisms cope with short- and long-term exposure to extreme environmental conditions related to nutrient and water availability, temperature, and pressure. A basic understanding of organismal physiology is required. Offered on-line Summer only.

BIOL 859 - Biology of the Brain .........................3 hours
This course will focus on the central nervous system (brain and spinal cord) and will include gross anatomical features and landmarks of the cerebral hemispheres, diencephalons, brainstem, cerebellum and spinal cord. Physiological aspects will include the generation and modification of action potentials as well as normal functions of the specific regions of the central nervous system. Selected abnormal functions will also be studied. The interdependency of the central nervous system itself (various pathways between the spinal cord and the brain) as well as to the peripheral nervous system and the organ systems will complete the focus of the course. It is recommended that students have taken anatomy and physiology before enrolling in this course.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
Biol 860 - Concepts of Genetics........................................3 hours
Application based course covering the classical and molecular principles of inheritance. Concepts covered include various historical concepts surrounding transmission, molecular, and population genetics, current state of the discipline, and the future outlook for the field. Students are required to demonstrate their knowledge and critical thinking skills through quizzes, tests, and writing assignments. Offered on-line Fall of odd-numbered years only.

Biol 861P - Human Genetics........................................3 hours
The course focuses on contemporary human genetics with emphasis on genetic diseases. A study of the genetic basis and frequency of genetic defects in man and genetic counseling. Offered on-campus Spring of even-numbered years. Offered on-line Fall of even-numbered years.

Biol 862P - Animal Behavior........................................3 hours
An introduction to the science of ethology. A survey of the mechanism, function, and development of behavior. Offered on-campus, Spring of odd-numbered years.

Biol 863 - Biological Perspectives................................3 hours
A review of the major advances in biology from the ancients to the present, with emphasis on paradigm shifts and science as a human endeavor. Offered on-line summer only.

Biol 865P - Physiology..............................................3 hours
The structure and function of the systems of the vertebrate body. Three hours of laboratory each week. Offered on-campus, Spring only.

Biol 866 - Functional Morphology................................3 hours
A study of the structure, form, and function of morphological adaptations in plants and animals as examined through a mechanical, ecological, and evolutionary perspective. This course will investigate the form and function of organisms through lecture, laboratory-like assignments, discussion, and independent research projects.

Biol 868P - Parasitology.............................................3 hours
Prereq: BIOL 105, BIOL 106 OR permission of instructor
The basic concepts of parasitology with emphasis on the major types of medically and economically important parasites (protozoan, helminth and arthropods) will be covered, including life cycle, diagnosis, treatment, immunity, pathology, control, and ecology and evolution. Laboratory stresses identification of the various developmental stages of these parasites. Three hours of laboratory a week. Offered on-campus, Spring only.

Biol 869 - Conservation of Birds and Mammals...............3 hours
“Wildlife” is defined as wild birds and wild mammals. It does not include other vertebrates (fish, amphibians, or reptiles), nor does it include invertebrate animals. This is a course about the Principles of Wildlife Conservation, and is not specifically about wildlife management, or even wildlife ecology. However, both these latter subjects will be examined briefly. Wildlife conservation usually involves as much if not more of the following disciplines than it involves biology: history, sociology, and politics. It is recommended that you have taken a course in ecology and statistics before enrolling in this course.

Biol 870P - Insect Biology..........................................3 hours
An introduction to insects and related arthropods. Emphasis is placed on morphology, physiology, taxonomy and ecology of insects. Three hours of laboratory or field work each week. Offered on-campus Fall, odd-numbered years.

Biol 871P - Methods in Secondary Science Teaching.........3 hours
An examination of current developments in curricula, methods, and materials. Laboratory time arranged. Offered on-campus Fall only.

Biol 872P - Fresh Water Biology..................................4 hours
Characteristics of inland waters, the forces and processes which mold and maintain the integrity of these waters, and the interrelationships between the physical factors and the organisms inhabiting the environment with a focus on classification, anatomy, distribution, ecology, physiology and management of fishes. Three hours of laboratory or field work each week. Offered on-campus, Fall of even-numbered years.

Biol 873P - Ornithology.............................................3 hours
An introduction to bird study. Three hours of laboratory or field work each week. Offered on-campus Spring, even-numbered years.

Biol 874P - Mammalogy............................................3 hours
An introduction to mammals: ecology, classification, physiology, and behavior. Three-hour laboratory per week for preparation and identification of specimens. Offered on-campus, Fall of even-numbered years.

Biol 875 - Internship in Biology.................................1-9 hours
Taken as part of the professional semester. Emphasizes the professional development of the individual.

Biol 876 - Life Science Curriculum...............................3 hours
A discussion of the life science curriculum, with emphasis on essential content, efforts to reform curricula at the state and national levels, and impediments to curriculum change. Offered on-line spring of odd-numbered years only.

Biol 880 - Seminar.................................................1 hour
A discussion of selected topics in a seminar format. Offered on-campus Fall and Spring semesters.

Biol 881 - Current Issues in Biology............................1 hour
Students participate in online discussion of selected topics in a seminar format. This course is repeatable for up to 3 credit hours. Offered on-line all semesters.

Biol 882P - Seminar in Molecular Biology....................1 hour
Prereq: BIOL 360 or permission of instructor
An in-depth discussion of current topics in molecular biology. Guest speakers, faculty and students will give presentations weekly. Some presentations will consist of the students reading an assigned paper followed by an oral presentation of its contents. Student participants are expected to read all journal articles presented, whether they are presenting or not. This course does not serve as a substitute for BIOL 880 Seminar.

Biol 884 - Freshwater Management Techniques.............3 hours
Through videotaped lectures, reading and writing assignments, and on-line discussions, students will be introduced to both freshwater ecosystems and fishery management. Students will learn to analyze freshwater management problems using multiple techniques, to suggest alternative approaches, and to identify consequences of those approaches. Offered on-line Spring of odd-numbered years only.

Biol 885P - Molecular Genetics.................................3 hours
An in-depth study of gene structure and replication in prokaryotes and eukaryotes. Gene function in developing and differentiated cells will also be studied in detail. Offered on-campus only.

Biol 886 - Sexual Selection........................................1 hour
Small group discussions will be used to discuss readings on the role of sexual selection in evolution. Offered Spring of odd-numbered years.

Biol 896 - Thesis....................................................3-6 hours

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
BMGT 800/800P - Entrepreneurship ........................................3 hours
This course explores the phenomena of entrepreneurship, including the myths, realities, and impact of entrepreneurial activity. Students assess their own entrepreneurial aptitude and interests, meet a variety of entrepreneurs, and investigate the processes of generating promising ideas, evaluating the viability of those ideas, finding capital, considering franchise opportunities, and developing a new venture management team. The class is project oriented with each student participating in the development of a feasibility plan for a new venture.

BMGT 801P - Small Business Management .........................3 hours
Prereq: BMKT 300
This course focuses on the operation of small business and the small business environment. This course deals with the topics related to personnel, government regulations of small business, advertising, sales promotion, accounting, finance, forecasting, family ownership and other management related problems. F, Sp.

BMGT 803 - Independent Study of Business .......................1-3 hours
Students work individually in selecting and developing teaching projects or research studies that are of particular interest and significance to them.

BMGT 809P - Leadership: Skills, Applications, Research .....3 hours
This course is designed to give students preparing for careers in business, government, and the nonprofit sector a working knowledge of leadership styles, principles, models, and practical applications. Students will learn to engage critically in analytical and intellectual examination and reflection of certain core issues in the practice of leadership. Topics covered include history of leadership, leadership traits and behaviors, motivation and communication patterns, teamwork, use of power, development of trust, effective group facilitation, negotiation and persuasion, effective change, and ethics. Sp.

BMGT 810/810P - Compensation Management ...................3 hours
A study of the basic forms of financial compensation, including benefits packages. Principles of internal, external, and individual equity as determined by job evaluation, salary surveys, and performance evaluation comprise the core of this course. Suggested prerequisite: BMGT 380.

BMGT 811/811P - Labor Relations .....................................3 hours
A study of labor-management relations as defined by negotiated labor contracts. Topics include history of the labor movement, union structure and function, the negotiation process, and issues in labor relations.

BMGT 814 - Operations Management .........................3 hours
Prereq: BMGT 233* or equivalent
This course explores the transformation of materials, land, labor and capital into goods and services. Quantitative Management Systems are applied to the manufacturing process.

BMGT 815P - Quality Management Concepts & Practice .....3 hours
Prereq: BMGT 314* or equivalent
Overview of the concepts and techniques of quality management, including statistical tools, people element of quality management, and philosophies and practices of six sigma. Students are expected to be computer literate.

BMGT 820 - Managerial Communications .........................3 hours
Application of principles of communication to the managerial setting. The course investigates the influence of organizational climate, manager’s style and use of motivation in the communication process.

BMGT 825 - Decision Science .............................................3 hours
Prereq: MATH 115* or MATH 123*
Recent developments relating to business application of linear programming, simplex method, transportation method, post optimality analysis, game theory, utility theory, PERT-CPM, queuing theory, dynamics programming, Markov chains, Decision tree analysis, time series analysis and forecasting.

BMGT 870 - Decision Theory Seminar ............................3 hours
Decision theory is reviewed in terms of identification, analysis and application. In-depth analysis is conducted concerning decision models, quantitative methods used in operations research, management science and systems analysis.

BMGT 880 - Human Resource Management .......................3 hours
This course is designed as an introduction to such fundamental human resource management areas as job analysis, staffing and selection, training and development, performance appraisal, employee relations, compensation, labor relations, and international HR. The strategic implications of HR will be explored with integrated applications for all managers. The focus of the course will be both conceptual and applied, including discussions of current issues and controversies confronting the field.

BMGT 885/885P - Seminar in Human Resource Management ..3 hours
Prereq: BMGT 380 or equivalent
Provides the student with an opportunity to study and research current issues in human resource management; course stresses an informal setting and open communications approach.

BMGT 889/889P - Business Consultanship .........................3 hours
Consent of the Department Chair is required. This course affords the student an opportunity to serve in a consultant capacity for an area business. In-depth business analysis is conducted by the student, and specific recommendations are reported to the management of the firm.

BMGT 890 - Organizational Theory & Behavior .....................3 hours
Human behavior in organizations is studied intently, including organizational ecology, structure and change; individual and group behavior; conflict between personality and organization leadership, communication, and decision making.

BMGT 891 - Seminar in Organizational Behavior ....................3 hours
Prereq: BMGT 890
This course explores current issues in organizational behavior. Students research, analyze, and discuss issues in order to develop a futuristic philosophy of organizational management.

BMGT 892 - Administration Policy ....................................3 hours
A case study course designed to integrate the knowledge acquired in other courses in business administration and to emphasize analysis and decision making. This is a capstone course to be taken after M.B.A. core courses are completed.

BMGT 893/893P - Social Responsibility of Business:
Issues and Ethics ..............................................................3 hours
A study of the societal challenge of business; how business and society interact; the micro and macro publics of business; ecology, consumerism, and technology as societal problems; the ethics of business.

BMGT 896 - Thesis ........................................................... 3-6 hours

BMGT 899/899P - Management Topics ...............................3 hours
Selected topics and problems of current interest considered in-depth. Class discussion and course projects. Topics vary each semester depending on instructor.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
BMIS Courses

**BMIS 801 - Management Information Systems Seminar**..............3 hours
The case-based course provides the application of principles of management of information systems (MIS) in various organizational functions. This course will familiarize students with the techniques for evaluating the critical roles of information and information systems in support of organizational operations, decision-making processes, quality management, and strategic activities. It also covers management of information systems functions and professionals, as well as relevant global, ethical, societal and legal/regulatory issues. Focus is placed on the impact of rapidly changing technologies, such as the Internet, on organizations leading to new paradigms, like e-commerce and business-to-business applications, and the subsequent reengineering of organizations.

**BMIS 803 - Independent Study** ........................................3 hours

**BMIS 810P - Advanced Business Intelligence Using Neural Networks and Advanced Data Mining**...............3 hours
Prereq: BMIS 350* or permission of instructor
This course provides an understanding of advanced techniques to extract business intelligence. Neural networks and data mining tools are covered extensively.

**BMIS 821P - Business Process Redesign and ERP** .............3 hours
This course provides an understanding of business processes and usage of various methods and computerized tools to redesign these processes. The redesigned processes will assist organizations in providing cost-effective quality products and services to consumers. Further, this course provides an overview of the Enterprise Resource Planning (ERP) Systems which are widely used by corporations for automation of their processes.

**BMIS 830P - Knowledge Management and Expert Systems**..3 hours
Prereq: BMIS 350* or permission of instructor
This course provides a set of practical and powerful tools to ensure the understanding of knowledge management systems and expert systems. The exposure to computerized tools facilitates development of expert systems.

**BMIS 840P - Systems Audit** ...........................................3 hours
This course provides an understanding of many types of audit needs, such as organizational IT audits (management control over IT), technical IT audits (infrastructure, data centers, data communication), application IT audit (business, financial, operational), development/implementation IT audits (specification/requirements, design, development, and post development phases), and compliance IT audits involving national and international standards.

**BMIS 850P - Software Quality Assurance** .........................3 hours
The software industry has witnessed a dramatic rise in the impact and effectiveness of software quality assurance (SQA). SQA has become integrated into all phases of software development. This course provides an overview of various concepts/techniques such as inspection, Pareto principles, software configuration management, capability maturity models, statistical testing methods, software reliability, and software safety. It also discusses the variation in SQA applications for mission-critical software and commercial software.

**BMIS 881P - Systems Analysis and Design II**....................3 hours
Prereq: BMIS 380*, BMIS 381* OR proficiency in Systems Analysis and Design I and Programming using ASP
Students use several software packages as they work through the steps of systems development life cycle with business cases.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.

CDIS 857 - Dysphagia..........................................................3 hours
Rehabilitation of individuals with eating and swallowing disorders.
Basic science, evaluation, and treatment issues of dysphagia are explored with emphasis on management of adults in the context of the rehabilitation team in a medical setting. Adaptations and special needs of pediatric dysphagia are overviewed. It is recommended that students complete CDIS 336 or approved equivalent and CDIS 815 prior to enrolling in CDIS 857.

CDIS 860 - Practicum in Speech-Language Pathology........3 hours
Observation and participation in diagnostic evaluation, therapy procedures, counseling clients, advising families, preparing lesson plans, writing reports, and maintaining files.

CDIS 861 - Practicum in Speech-Language Pathology........3 hours
Observation and participation in diagnostic evaluation, therapy procedures, counseling clients, advising families, preparing lesson plans, writing reports, and maintaining files.

CDIS 862 - Practicum in Speech-Language Pathology........3 hours
Observation and participation in diagnostic evaluation, therapy procedures, counseling clients, advising families, preparing lesson plans, writing reports, and maintaining files.

CDIS 863 - Practicum in Speech-Language Pathology........3 hours
Observation and participation in diagnostic evaluation, therapy procedures, counseling clients, advising families, preparing lesson plans, writing reports, and maintaining files.

CDIS 865 - Voice Disorders..............................................3 hours
Symptomatology, etiology, assessment and remediation of functional and organic voice disorders; prevention issues.

CDIS 867 - Orofacial Anomalies.........................................2 hours
Classification of cleft lip and palate and related anomalies; medical approaches to cleft lip and palate; assessment and intervention of communication disorders related to cleft lip and palate; team approach to management of cleft lip and palate.

CDIS 868 - Motor Speech Disorders.................................3 hours
Nature, etiology, assessment, and treatment of motor speech disorders including dysarthria; acquired brain injury; verbal apraxia; and augmentative/alternative communication systems.

CDIS 870P - Professional Issues.....................................3 hours
This course is designed to prepare students for employment as speech language pathologists. It provides information relative to professional, federal and state guidelines by which the practice of speech-language pathology is governed. Rights and responsibilities of speech-language pathologists are addressed. Information is given about various work settings including public schools, hospitals and other clinical facilities.

CDIS 876 - TBI and Related Disorders..........................2 hours
Rehabilitation of individuals recovering from traumatic brain injury or closely related disorders. Evaluation and treatment issues are explored with emphasis on management of adults in a medical setting. Pediatric TBI, school reentry integration models and rehabilitation needs are also addressed. Special needs of right hemisphere damaged patients and those with dementia will be discussed.

CDIS 881 - Seminar in Speech-Language Pathology..........3 hours
Advanced study and research in topics of current concern and interest in Speech-Language Pathology.

CDIS 884 - Birth to Five Screening.................................1 hour
This interdisciplinary course addresses the screening process of infants and preschoolers. Students will develop skill in the administration and interpretation of the Bayley Infant Neurodevelopmental Screener and the First Step Screener.

CDIS 885P - Fluency Disorders.................................3 hours
Causes and treatment of fluency disorders; major theories of the nature of stuttering; the various treatment approaches; roles as clinicians.

CDIS 886 - Infant-Preschool Assessment..........................3 hours
This course will provide students with the opportunity to develop a knowledge base and applied skills in a model of collaborative team assessment to be used with children and families in the birth to five age range.

CDIS 887 - Aphasia Rehabilitation.................................3 hours
Historical, theoretical and basic neuroscience foundations of the aphasias and related disorders such as the apraxias and the agnosias are studied. Clinical aphasiology, the theoretical bases, and alternative procedures employed in the assessment, diagnosis, prognosis, and rehabilitation of individuals with aphasia and related disorders is comprehensively addressed.

CDIS 888 - Clinical Supervision....................................1 hour
Information is presented covering the tasks, tools, and strategies of clinical supervision. Supervision during clinical training will be contrasted with that of varied workplace settings for speech-language pathologists and assistants.

CDIS 893P - Internship (Schools).................................6-10 hours
Prereq: must have completed all required course work for degree Supervised clinical practicum in identification, assessment, and treatment of communication disorders in a public school setting.

CDIS 894P - Internship (Clinical).................................6-10 hours
Prereq: must have completed all required courses for degree Supervised clinical practicum in identification, assessment, and treatment of communication disorders in a clinical facility.

CDIS 895 - Independent Study in Speech-Language Pathology..................1-3 hours
Independent research or special assignment in the field of Speech-Language Pathology.

CDIS 896 - Thesis.........................................................3-6 hours
Student investigates a research topic in the area of Speech/Language Pathology, following APA style of reporting the research.

CDIS 899P - Special Topics in Speech-Language Pathology..................1-3 hours
A course designed to enable the administrators and teachers of Communication Disorders to become knowledgeable about recent trends and issues in Communication Disorders or other concerns affecting Communication Disorders.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
CHEM 830P - Inorganic Chemistry ........................................ 4 hours
Prereq: CHEM 480*
A study of the underlying principles behind the structural and spectroscopic properties of inorganic compounds. Lecture topics include symmetry, molecular orbital theory, solid-state structures, transition metal chemistry, and organometallics. The laboratory will focus on preparation and characterization methods for inorganic compounds. Three lectures, one lab per week. Spring only.

CHEM 841P - Biochemistry for High School Teachers ........... 4 hours
Prereq: CHEM 161*, CHEM 250* OR equivalent
Chemistry of fats, protein, carbohydrates, hormones, vitamins, and other biologically important compounds. Forty-eight hours of lecture and forty-eight hours of lab total.

CHEM 845P - Industrial Organic Chemistry .......................... 4 hours
Prereq: CHEM 250* or equivalent
This course discusses the organic chemistry of those chemicals which industry routinely makes and uses. Among topics to be considered are fossil fuels, plastics, medicinals and pesticides. A conscious effort will be made to consider industrial chemicals in terms of their proper handling and disposal.

CHEM 851P - Advanced Biochemistry ................................ 3 hours
Prereq: CHEM 351*, CHEM 480*
This course covers the basic principle of intermediary metabolism and the application of biochemical principles to living systems. Three lectures per week. Spring Semester of odd years.

CHEM 865P - Instrumental Analysis for High School Teachers ........................................... 3-4 hours
Prereq: permission of department
The following topics will be covered in-depth: titration, absorption and emission spectroscopy, chromatography. Laboratory exercises emphasize materials to be used with high school students.

CHEM 870P - Advanced Organic Chemistry .......................... 3 hours
Prereq: CHEM 361*, CHEM 361L* AND CHEM 480* OR CHEM 880P
Advanced theoretical aspects of organic chemistry. Areas of emphasis will be bonding, spectroscopy, synthesis, and mechanisms. Three lectures per week. Fall Semester of odd years.

CHEM 875P - Instrumental Analysis ....................................... 4 hours
Prereq: CHEM 480*
The study of modern methods of analysis using chemical instrumentation. Four lectures, one lab per week. Fall only.

CHEM 880P - Physical Chemistry ........................................ 4 hours
Prereq: CHEM 161*, CHEM 161L*, MATH 202*, PHYS 205*
Study of elementary thermodynamics, phase transitions and solutions. Three lectures and one laboratory per week. Fall only.

CHEM 881P - Physical Chemistry ........................................ 4 hours
Prereq: CHEM 880*, MATH 260*
A continuation of CHEM 880, including the topics of elementary quantum mechanics, spectroscopy and kinetics. Three lectures and one laboratory per week. Spring only.

CHEM 882P - Physical Chemistry for High School Teachers ................ 3-4 hours
Prereq: permission of department
Will cover in-depth each of the following topics: thermodynamics, equilibrium, chemical kinetics, and electrochemistry.

CHEM 889P - Problems in Chemistry .................................1-3 hours
Prereq: courses necessary for the problems to be undertaken, permission of instructor
Independent investigations of chemistry problems. Three hours of laboratory work each week for each hour credit.

CHEM 890 - Directed Research ........................................... 1-3 hours
Prereq or Coreq: CHEM 480*
Independent original research of a selected topic in chemistry under the direction of a chemistry graduate faculty member.

CHEM 896 - Thesis .........................................................6 hours
Independent original research with proper database design will be emphasized. The normalization process and the various normal forms will be covered. Internet database

CHEM 899P - Special Topics .............................................. 1-3 hours
This course will cover topics not addressed in other courses offered by the department. Most topics will consist of a highly specialized area of study or revolve around issues or recent trends and innovations related to high school chemistry teaching.

CSIS 801P - Operating Systems .........................................3 hours
Prereq: CSIS 330*
Introduction to modern operating system concepts and design. Topics will include: Processes, semaphores, monitors, concurrent process management, virtual memory, file systems, scheduling algorithms, deadlock and protection, I/O control interrupt handling, client-server model, remote procedure call, distributed synchronization, threads and transactions.

CSIS 802P - Introduction to Automata, Formal Languages, and Computability ........................................... 3 hours
Prereq: CSIS 301*, CSIS 330*
A survey of the fundamental concepts and conclusions in the theory of computation. Topics cover regular languages and finite automata, Kleen’s theorem, context-free languages and pushdown automata, formal grammars, Chomsky hierarchy, Turing machine and computability, computational complexity.

CSIS 805P - Compiler Construction .................................. 3 hours
Prereq: CSIS 402* or CSIS 802P*
Techniques and organization of compilers, assemblers, and interpreters. Structure of programming language symbol tables, scans, and object code generation considered.

CSIS 806P - Internet-based Information Systems Development .................................. 3 hours
Prereq or Coreq: CSIS 150*, CSIS 425* OR CSIS 825P*
This course is designed to assist students in learning the skills necessary to design and build Internet-based information systems. Skills and knowledge gained in this course can be applied in the development of information systems that support interactive Web sites, electronic commerce systems, and other systems that involve interaction with a database through the Internet. Security of Internet based information systems will also be covered.

CSIS 822P - Computer Graphics ........................................ 3 hours
Prereq: CSIS 330*
Introduction to the techniques for generating lines, curves, surfaces, 2D and 3D graphics, modeling, and rendering. Topics include display hardware, transformations, interactive technologies, geometric modeling, 2D and 3D display algorithms, graphics software system architecture, visible-surface algorithms, Illumination and shading.

CSIS 825P - Database Systems ........................................... 3 hours
Prereq: CSIS 130*, graduate standing
This course is a comprehensive study of multi-user database concepts. The relational model and relational database management systems along with proper database design will be emphasized. The normalization process and the various normal forms will be covered. Internet database

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
applications are introduced. SQL will serve as the standard language for database manipulation. Several current database management systems will be introduced and will serve as the sample DBMSs for implementation of the course material.

**CSIS 826P - Computer Architecture** .................................................4 hours
Prereq: PHYS 205* or PHYS 275*; 6 hours of CSIS courses, preferably CSIS 130* and CSIS 301*
The study of the logic and theory of operation of the main hardware blocks of computers, their control, and their software/hardware interactions. The emphasis is on microcomputer architecture, including laboratory experiments with various systems and their I/O and interfacing characteristics.

**CSIS 828P - Data Communications and Distributed Processing** 3 hours
Prereq: CSIS degree or Tele-Communication degree or instructor permission
Study of network topology, protocols, management and communication media. Evaluation of present communication hardware, software, and future advancements in networking.

**CSIS 840P - Client-side Web Application Development** ..........3 hours
Prereq: CSIS 130*, graduate standing
This course covers the wide range of state-of-the-art computer technologies for client-side web application development. Students will learn how to write both static web pages and dynamic web pages. This is a programming-intensive course.

**CSIS 841P - Artificial Intelligence** .............................................3 hours
Prereq: CSIS 150*, graduate status
An in-depth study of intelligent agents, tree and search methods, constraint satisfaction problems, optimization problems, game-playing, logical analysis, and uncertainty modeling. Machine learning techniques are introduced. Applications to robotics, psychology, business intelligence, and data mining are also discussed.

**CSIS 848P - System Administration** .............................................3 hours
Prereq: CSIS 130* or ITEC 345* or permission of instructor
This course provides an overview of how to manage a server and its interactions with payment processing mechanisms and relationships to malls, catalogs, shopping carts, search engines, auctions, e-payment commerce. E-commerce interface designs for electronic storefronts, and mobile commerce. It introduces global e-commerce, security and business models including business-to-consumer models, business-to-business models, consumer-to-consumer models, peer-to-peer models, and mobile commerce. It introduces global e-commerce, security and encryption issues, and ethical, social and political issues related to e-commerce. E-commerce interface designs for electronic storefronts, malls, catalogs, shopping carts, search engines, auctions, e-payment systems, e-learning, and e-government will be covered. Consumer interactions with payment processing mechanisms and relationships to information technology development and support will be studied.

**CSIS 850P - E-Commerce Information Systems** .....................3 hours
Prereq: CSIS 350* or BMIS 302*; graduate status
This course will present, develop, explore, and illustrate the nature and use of E-commerce Information System development methodologies in an inter-organizational setting, and discuss responsibilities at all life cycle stages. It is a comprehensive study of electronic commerce, with in-depth coverage of e-commerce technologies and e-commerce business models including business-to-consumer models, business-to-business models, consumer-to-consumer models, peer-to-peer models, and mobile commerce. It introduces global e-commerce, security and encryption issues, and ethical, social and political issues related to e-commerce. E-commerce interface designs for electronic storefronts, malls, catalogs, shopping carts, search engines, auctions, e-payment systems, e-learning, and e-government will be covered. Consumer interactions with payment processing mechanisms and relationships to information technology development and support will be studied.

**CSIS 892P - Practicum in Computer Science/ Information Systems** .........................................................1-6 hours
Prereq: CSIS 223* or CSIS 301*; permission of department chair; graduate standing
This course provides the student the opportunity to gain experience in the application of computer science/computer information systems principles in a variety of settings. Arrangements must be made in writing prior to registering for the course. (A total of three credit hours of any combination of CSIS 399 and CSIS 492-495 may be applied toward a computer science/information systems major, minor, or endorsement.)

**CSIS 893P - Directed Readings in Computer Science/ Information Systems** .........................................................1-3 hours
Prereq: CSIS 223* or CSIS 301*; permission of department chair; graduate standing
Independent readings on advanced or contemporary topics in computer science/computer information systems, to be selected in consultation with and directed by a computer science/computer information systems faculty member. A written contract specifying readings and requirements for the course is required before registering for the course. Any topic that is thoroughly covered by any regularly offered computer science or computer information systems course is not allowed for Directed Readings. (A total of three credit hours of any combination of CSIS 399 and CSIS 492-495 may be applied toward a computer science/information systems major, minor, or endorsement.)

**CSIS 894P - Directed Research in Computer Science/ Information Systems** .........................................................1-3 hours
Prereq: CSIS 223* or CSIS 301*; permission of department chair; graduate standing
Independent original research in computer science/computer information systems under the direction of a computer science/computer information systems faculty member. A written contract specifying topic and requirements is required before registering for the course. (A total of three credit hours in any combination of CSIS 399 and CSIS 492-495 may be applied toward a computer science/information systems major, minor, or endorsement.)

**CSIS 895P - Independent Study in Computer Science/ Information Systems** .........................................................1-3 hours
Prereq: CSIS 223* or CSIS 301*; permission of department chair; graduate standing
Project will be in an area of interest to the student and should include programming. Upon completion of the project a format presentation will be given by the student to all interested parties. A written contract specifying topic and requirements is required before registering for the course. (A total of three credit hours in any combination of CSIS 399 and CSIS 492-495 may be applied toward a computer science/information systems major, minor, or endorsement.)

**CSIS 896P - Seminar in Computer Science** .........................3 hours
Prereq: CSIS 330*, graduate standing
Provides experience and background that will prepare the student for an actual working environment. Reinforcement of previous classwork, enhancement of communication skills, and learning to work with people will be stressed. Primary tasks include a team-based computer science project and the study of ethics for computer science professionals.

**CSIS 897P - Seminar in Computer Information Systems** ........3 hours
Prereq: CSIS 380*
Prereq or Coreq: CSIS 425* or CSIS 825P*; graduate standing
This course provides experience and background that will prepare the student for an actual working environment. Reinforcement and validation of knowledge gained in previous coursework, enhancement of communication skills, and learning to work with people will be stressed. Primary tasks will include a team-based information systems development project and the study of ethics for computer information systems professionals.

**CSIS 899P - Special Topics in Computer Science and Information Systems** .........................................................1-3 hours
Prereq: varies with topic
This course is designed to enable students to become knowledgeable of recent trends and issues in computer science and information systems. The course format varies depending on subject matter, instructor, and student needs.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
CSP 800 - Advanced Educational Psychology .......................... 3 hours
This course focuses on school learning, its assessment and factors that are related to it. These factors include, for example, learner’s development and characteristics (biological, psychological, cultural and social), learner’s exceptionalities, teacher’s instructional and behavior management techniques, and social influences. Current issues and problems will be studied and discussed in a seminar setting. There will also be opportunity to study topics of individual concern.

CSP 801P - Counseling Skills .................................................. 3 hours
This class is for those entering or already in one of the helping professions. It focuses on understanding and applying a broad range of listening and communication skills in one-to-one interactions as well as in small group settings. Students actively practice building skills in class and out of class.

CSP 805 - Behavioral Characteristics of Children and Adolescents .......................................................... 3 hours
This course provides the opportunity for persons in the helping professions to better understand children and adolescents by exploring the factors contributing to their behavior. Behavioral development will be studied by considering biological, social, and ecological perspectives. Additionally, specific childhood behavior disorders (those frequently encountered in schools) will be studied by focusing on etiology, manifestation of the disorder, and treatment issues.

CSP 806P - Learning from Children ............................................. 3 hours
This course provides opportunity to study teaching/learning interactions in which the teacher is a child and the learner is an adult. There is direct observation of child/adult interaction, a brief study of class members’ recollections of their own childhoods, and a study of neotenous (childlike) adults. The course is graded credit/no credit at both the undergraduate and graduate levels.

CSP 830 - Seminar: Professional Issues/ Ethics in Counseling .......................................................... 1-6 hours
Prereq: CSP 885* Seminar is taken in conjunction with the internship experience and provides the student with the opportunity to investigate specific professional topics and issues in addition to other required topics in the area of professional issues and ethics. Many of the topics are specific to the counseling environment (school or community) such as legal issues, credentials/licensure, assessments, counselor’s role in the community, advocacy and social change, research and other topics as designated.

CSP 831 - Seminar: Professional Issues/ Ethics in School Counseling .......................................................... 1-6 hours
Prereq: CSP 885* This course is taken in conjunction with the school counseling internship experience and provides the student with the opportunity to investigate professional issues and ethics specific to the role of the school counselor, such as legal issues, certification/endorsement, assessments, school counselor role, student advocacy and social change, research and other topics as designated.

CSP 835 - Independent Study ..................................................... 1-6 hours
Prereq: to have been accepted as a candidate for a degree; to have a minimum of 18 credit hours completed on the graduate program of studies and on file; and to have obtained the approval of the Counselor Education Committee previous to enrollment for the course
The student develops and implements a plan of study with the help of a member of the graduate faculty in the CSP Department.

CSP 840 - Counseling Across the Lifespan .................................. 3 hours
The course will provide a broad knowledge base concerning human development across the lifespan as it affects the counseling process. Counseling strategies/interventions for developmental needs will be studied and a systemic approach to self, family and career will be used.

CSP 850P - Introduction to Counseling ......................................... 3 hours
This class deals with the following issues related to counseling: historical development of counseling; ethical and legal issues in counseling; current psychological theories and their influence on counseling; work settings of counselors; and, major research issues in counseling.

CSP 855 - Techniques of Counseling ............................................. 3 hours
Prereq: open to majors in Counseling and School Psychology with advisor approval
Attention is given to understanding the psychological significance of the counseling relationship and to the development of the specific skills of counseling. This course is a pre-practicum experience.

CSP 856 - Multicultural Counseling ............................................. 3 hours
This course addresses trends, issues, theories, concepts and professional practice in multicultural counseling by building awareness of one’s assumptions, values and biases regarding cultural diversity, promoting understanding of the worldview and sociopolitical history of culturally diverse clients, and developing appropriate intervention strategies and techniques for working with and/or advocating for culturally diverse clients.

CSP 860 - Theories of Counseling ................................................. 3 hours
This course affords the student an opportunity to study, both independently and through cooperative group activity, the classical and contemporary theories of counseling. Theories representing the traditional “three forces” in counseling (i.e., dynamic, cognitive-behavioral, humanistic) are examined. Cultural diversity and multiculturalism are addressed as they relate to counseling theory and practice. Central to the study of all theoretical approaches is the paradigmatic shift from “individualism” toward a greater appreciation of “collectivism.”

CSP 861P - School Counseling Organization and Practice ... 3 hours
The focus of this course is on organization and structure of the comprehensive K-12, developmental counseling/guidance programs.

CSP 862 - Organization and Practice in Community Counseling . 3 hours
Prereq: Abnormal Psychology (appropriate coursework or documented experience) and advisor approval
Organization and Practice in Community Counseling provides preparation for community counselors concerning the role of counselors in a variety of community mental health settings, provides knowledge skills and flexibility in a variety of approaches needed to meet client needs, and to become an active community counselor able to assist communities in the recognition and resolution of its mental health issues.

CSP 864 - Student Affairs Organization & Practice ......................... 3 hours
The goal of this course is to provide a comprehensive introduction to the organization and structure of student affairs programs in American higher education settings. The course will cover the history of the student affairs profession, the development of specific functions within the field of student affairs, and the relation to and integration of those functions into the educational mission of higher education institutions. Scholarly skills in the areas of research, critical evaluation, and writing will also be emphasized.

CSP 865 - Group Counseling ..................................................... 3 hours
Prereq: CSP 855, advisor approval
Designed to enable the counselor to (1) gain understanding concerning the theory of group dynamics as it relates to counseling; (2) form a point of view concerning the process and function of counseling in groups; (3) gain competency in the use of effective group counseling techniques. The course includes a laboratory experience in human relations.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
CSP 867P - Psychodrama...............................................3 hours
This course is an introduction to psychodramatic techniques. Psychodrama is an action therapy that uses movement, motion, and action as part of the therapeutic process. It integrates verbal and action techniques into a holistic process that produces insight and learning for the client. Learning in this course is primarily experiential.

CSP 870 - Marriage and Family Counseling........................3 hours
Prereq: CSP 865* or by permission of the department
This course addresses systems theory in relation to family counseling theory, developmental theory and the dynamics of the family. The students will become knowledgeable about skills needed to establish and maintain a therapeutic relationship with a family, conducting family of origin study for self and others, social/cultural influences that impact the family and issues of the family.

CSP 875 - Career and Lifestyle Development....................3 hours
This course includes a study of the following areas: needs for guidance, theories of career development, career development factors, the information system, the location and organization of local information, decision-making in both individual and group counseling situations, and the relationship of the information system to the guidance program.

CSP 880 - Appraisal and Evaluation of Individuals and Systems..3 hours
This course deals with fundamental principles in appraisal of individuals. Students study purposes of appraisal, historical and current issues that affect purposes/principles of appraisal, typical means of assessment and their interpretation, use of standardized and nonstandardized appraisal techniques, sociometric and environmental assessment, responsible use of appraisal information, legal and ethical issues and professional issues and standards as well as current trends in assessment and appraisal.

CSP 885 - Practicum in Counseling and Guidance............3 hours
Prereq: CSP 865, CSP 865*, admission to candidacy, advisor approval OR by special permission of the Counselor Education Committee
Practicum requires extensive time for direct counseling experience, self-evaluation, critical interaction with other students, and critiquing of taped interviews with the practicum supervisor. The practicum setting is designated by the program: Community, Elementary, Secondary School, Student Affairs. Other settings are available by prior arrangement.

CSP 886 - Advanced Practicum in Counseling and Guidance...3 hours
Prereq: CSP 865*, open by permission only
Direct experience under supervision will be provided in the areas of individual, group, and family counseling.

CSP 892 - Internship in Counseling and Guidance.............1-9 hours
Prereq: CSP 865*, open by permission only
Direct experience in a counselor work setting under the supervision of a licensed/certified counselor and a Department of Counseling and School Psychology coordinator. The setting is designated by the program: Community, Elementary, Secondary School, Student Affairs. 1 credit hour=100 clock hours logged within the setting.

CSP 896 - Thesis......................................................1-6 hours

CSP 899P - Special Topics...........................................1-3 hours
This course addresses current and recent issues/needs related to counseling and school psychology. The course format varies depending on subject matter, instructor and student needs.

CSP 901 - Professional Issues Seminar-School Psychology..3 hours
Prereq: open by permission of department only
This course will provide a comprehensive understanding of the major and contemporary issues impacting upon the profession of School Psychology. A seminar/discussion format will be utilized.

CSP 903 - Introduction to the Bayley Scales....................1 hour
Prereq: admission to program, open by permission of the department only
This course will enable students to become familiar with the development, administration, and beginning levels of interpretation of the Bayley Scales of Infant Development-2nd Edition. It will not result in mastery of the administration and/or usage of this instrument. Additional practice and experience will be necessary to attain mastery.

CSP 904 - Birth to Five Screening..................................1 hour
Prereq: admission to program, open by permission of the department only
The screening of infants and preschoolers is an often overlooked component in the assessment process. This course addresses the screening process and students will develop skill in the administration and interpretation of the Bayley Infant Neurodevelopmental Screener and the First Step Screener.

CSP 905 - Behavioral Problem Solving Assessment..........3 hours
Prereq: open by permission of department only
The students will develop: (a) the necessary skills for, and his/her approach to, assessment of the ecological domains pertinent to understanding the child’s referral concerns; including social, emotional, environmental, and biological bases of behavior; (b) the skills to conduct comprehensive behavioral assessments; (c) the skills to integrate data collected from behavioral/ecological/personality assessment in order to have maximum effective impact upon individualized and regular education programs.

CSP 906 - Infant/Preschool Assessment..........................3 hours
Prereq: admission to program
This course provides students with the opportunity to develop a knowledge base and applied skills in a model of collaborative team assessment to be used with children and families in the birth to five age range. This model (as an alternative to traditional assessment) incorporates normative and criterion measures, play based assessment, is maximally comprehensive, family friendly, interdisciplinary, and yields information necessary for placement decisions as well as intervention planning.

CSP 907 - Academic Problem Solving Assessment.............3 hours
Prereq: admission to program
One of the primary roles of the school psychologist is that of facilitator of data based decision making in schools. This course will focus upon usage of the Problem Solving model of data collection and student progress monitoring regarding the area of academic achievement. This course is designed to familiarize the student with the basic skills and experience necessary to utilize traditional academic data collection as well as Curriculum Based Measurement approaches to assess student skills, create intervention plans, monitor student progress, and measure student outcome. This approach to Problem Solving Assessment will be presented as procedures that can be used to supplement and/or supplant traditional approaches to psychoeducational assessment.

CSP 908 - Orientation to School Psychology....................2 hours
This course serves as an introductory course for students entering the School Psychology program. The class combines seminar and field experiences to familiarize students with: (a) the school psychology program and requirements at the University of Nebraska at Kearney; (b) the profession of school psychology and the role and functions of school psychologists; (c) the role and function of other helping professionals with whom school psychologists consult and coordinate in providing services to children and families, (d) legal and ethical issues in school psychology; (e) credentialing.

CSP 910 - Cognitive/Academic Interventions....................3 hours
The purpose of this course is to provide an overview of the principles which guide the development and linkage between assessment and intervention. The impact and interrelationships between assessment and interventions will be stressed. An overview of etiology, characteristics and appropriate interventions for selected exceptionalities for school aged population will be the focus.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
CSP 920 - Cognitive Problem Solving Assessment ............... 3 hours
Prereq: open by permission of department only
The student will develop skill in the standardized administration of instruments designed to measure cognitive skills and/or intelligence and other commonly used assessment tools including those measuring nonverbal intelligence.

CSP 921 - School Psychology Interventions Practicum ........ 3 hours
Prereq: CSP 855, CSP 910, CSP 957*
The purpose of this practicum course is to augment skills and knowledge relevant to the development and delivery of therapeutic interventions with children and/or adolescents in diverse educational and clinical settings. Utilizing a scientist-practitioner model, the focus will be on theoretical issues, application, and evaluation of major empirically-validated therapeutic approaches that represent best practices in developing, implementing, and evaluating therapeutic interventions to address behavioral, social, emotional, and academic concerns in children and adolescents. Multicultural, legal, and ethical issues pertaining to treatment selection and the provision of mental health, academic, and related services will be discussed. Participants will also have the opportunity to facilitate communication and collaboration with children and youth and among teams of school personnel, families, community professionals, and/or other diverse audiences in a variety of contexts.

CSP 922 - Problem Solving Assessment Practicum ............ 3 hours
Prereq: CSP 905, CSP 906, CSP 907, CSP 910, CSP 920, open by permission of the department
Students will develop understanding and skill in diagnostic testing, ecological evaluation, and prescriptive intervention, team problem solving, and consultation by completing a minimum of four comprehensive case evaluations for presentation involving approximately 50 hours of field experience.

CSP 957 - Problem Solving Consultation ....................... 3 hours
Prereq: CSP 855
Consultation, an important component of the roles of both school counselors and school psychologists, is an indirect service delivery model through which expertise and services of school counselors and school psychologists can be delivered within the schools. Emphasis will be placed on the role of school counselor and school psychologist as an "ally to general education" who provides pre-referral intervention as well as post-referral support through consultation. Historical context, major models of consultation, and legal and ethical issues related to consultation are addressed as well as skill development in this intervention.

CSP 990 - Pre-Internship Seminar ............................ 3 hours
Prereq: admission to program, open by permission of department only, must be in last year of coursework prior to internship
This course is designed to enable students of school psychology to prepare themselves for entry into a 1200 clock-hour internship. This course combines seminar work sessions with Professional Development Seminar Series sessions as students finalize their transition from university to field placement.

CSP 991 - Scholarly Study ................................... 1-6 hours
Prereq: TE 802, open to candidates for the Master’s Degree or Specialist Degree in Counseling and School Psychology OR by special permission
A seminar designed to provide background and assistance in the design and formulation of a scholarly study. Experience will include presentations on selecting and narrowing topics of study; development of the proposal, data collection and analysis, computer applications, and writing the study. Required for Ed.S. graduation.

CSP 992 - Internship in School Psychology ................. 1-12 hours
Prereq: CSP 921*, CSP 922*, open by permission only
Direct field experience in a school psychological work setting under the supervision of a licensed or certified school psychologist as well as under the general supervision of a faculty member from the Department of Counseling and School Psychology. A minimum of 1,200 clock hours are required (i.e. full-time one year or halftime for two years) with at least 600 of the 1,200 clock hours logged within a school setting.

ECON 803 - Independent Study of Business ................. 1-3 hours
Students work individually in selecting and developing research studies or teaching projects that are of particular interest and significance to them.

ECON 830/830P - International Economics .................. 3 hours
Prereq: graduate standing; ECON 100 or ECON 270 or ECON 271
This course is directed toward an introduction to the international economy, the theory of international trade, balance of payments, economic growth, financial and commercial policy.

ECON 845/845P - Industrial Organization .................... 3 hours
Prereq: graduate standing, ECON 271
This course is concerned with the behavior of firms and the resulting effects on market outcomes and welfare. As such it analyzes firm behavior and market structure within a single industry and discusses the challenges associated with regulation/deregulation of industries and the implementation of antitrust policy.

ECON 850 - Managerial Economics .......................... 3 hours
Prereq: graduate standing, 3 hours of ECON
Extension of economic analysis to meet the need for greater precision in the management of the business enterprise. Draws upon economic analysis for such concepts as cost, demand, profit and competition. Attempts to bridge the gap between pure analytical problems and policies that management faces. Offers powerful tools and approaches for managerial policy making.

ECON 865/865P - Economics of Transportation ............. 3 hours
Prereq: graduate standing, ECON 271
This course is concerned with the nature, role and regulation of transportation, and current economic, legal and policy problems in the field of transportation.

EDAD 831 - Social Foundations of Education ............... 3 hours
This course provides insight into the relationship of education to the social order, a rationale for the underlying philosophy of education, and an understanding of how political theory and social forces provide for school organization and authority.

EDAD 842P - Administration of Special Education ........... 3 hours
The purpose of this course is to provide the school administrator information concerning legal aspects of special education, identification of special needs students, and options available in programming for handicapped students.

EDAD 843 - Practicum in Educational Administration ...... 3 hours
Prereq: EDAD 869* or permission of instructor
This course is designed to provide practical learning experience inherent to school principals. Experiences will include discussion of current topics, involvement of presentation of current topics as preparation

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
### EDAD Courses

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDAD 846</td>
<td>The Junior High/Middle School</td>
<td>3 hours</td>
<td>This course focuses on program design, implementation and evaluation at the middle grade level. It is designed primarily to meet the needs of elementary and/or secondary trained administrators who plan to become administrators at the middle grades level.</td>
</tr>
<tr>
<td>EDAD 848</td>
<td>Curriculum Planning</td>
<td>3 hours</td>
<td>The current arena in which principals function is constantly being impacted by societal forces and conditions. The class is designed to assist students to understand major curriculum design models, to interpret school district curricula, and to adjust content as needs and conditions change. The course is designed to prepare individuals for positions in educational administration, particularly those who are interested in the school principalship. Students will study the basic principles of curriculum planning as they relate to curriculum design, implementation, and evaluation.</td>
</tr>
<tr>
<td>EDAD 851</td>
<td>Human Resource Management</td>
<td>3 hours</td>
<td>This course deals with aspects of human resource management, including recruitment, selection, orientation, evaluation, staff development, affirmative action, contract management, and collective negotiations. Course emphasis remains on the function of personnel actions on behalf of quality classroom instruction.</td>
</tr>
<tr>
<td>EDAD 853</td>
<td>School Business Management</td>
<td>3 hours</td>
<td>A study of the functions of business management for schools including: budgetary procedures, financial accounting, auditing and reporting, management of funds, purchasing procedures and inventory, the administration and protection of property, and the administration of auxiliary services.</td>
</tr>
<tr>
<td>EDAD 854</td>
<td>Introduction to Educational Administration</td>
<td>3 hours</td>
<td>The course is designed to provide an overview of the function of educational administration in school district organizations. Students will explore the role of the school principal as an instructional leader and a change agent. In addition to the comprehensive coverage of theory and research, there will be a focus on practical applications that are designed to help students implement their acquired knowledge.</td>
</tr>
<tr>
<td>EDAD 855</td>
<td>Supervision of Instruction</td>
<td>3 hours</td>
<td>This course is designed to assist students in obtaining entry-level understandings and skills relating to the supervision of instruction.</td>
</tr>
<tr>
<td>EDAD 859</td>
<td>Legal Basis of Education</td>
<td>3 hours</td>
<td>The purpose of this class is to explore the role of the school principal as an educational leader, understand the intricacies of public school administration as it relates to supervision and instruction. An emphasis will be placed on preventative law through the development of an understanding of legal issues facing the school administrator and avoiding possible litigation.</td>
</tr>
<tr>
<td>EDAD 869</td>
<td>The Principalship</td>
<td>3 hours</td>
<td>Prereq: EDAD 854 or permission of the instructor. This is a foundation course in school administration that places emphasis on the responsibilities of the principal. It is designed to serve the interests and needs of certificated personnel who plan to become principals.</td>
</tr>
<tr>
<td>EDAD 870</td>
<td>The Principal as Instructional Leader</td>
<td>3 hours</td>
<td>Prereq: EDAD 869 or permission of instructor. This course is designed to explore the role of the principal as instructional leader and change agent. It is based in the educational effectiveness research and will focus on the leadership role of the principals. It is designed to serve the interests and needs of current administrators who wish to expand their qualifications for the Principalship or certified personnel seeking an additional endorsement.</td>
</tr>
<tr>
<td>EDAD 895</td>
<td>School Improvement</td>
<td>3 hours</td>
<td>School Improvement is designed to provide students of educational administration an understanding of issues related to the school improvement process and its role in the school reformation movement.</td>
</tr>
<tr>
<td>EDAD 896</td>
<td>Independent Study</td>
<td>1-6 hours</td>
<td>Individualized study under the supervision of educational administration faculty and approved by the advisor. Topics of study are tailored to meet the needs of the student.</td>
</tr>
<tr>
<td>EDAD 898</td>
<td>Endorsement Internship</td>
<td>3 hours</td>
<td>This Endorsement Internship is designed for those students who already hold a principal Master’s degree and seek the complementary principal endorsement.</td>
</tr>
<tr>
<td>EDAD 899</td>
<td>Thesis</td>
<td>3-6 hours</td>
<td>A thesis provides an opportunity for candidates in educational administration to conduct research on educational problems which are relevant to particular interests and school settings. This is an elective for Master’s Degree candidates.</td>
</tr>
<tr>
<td>EDAD 899P</td>
<td>Special Topics in Education</td>
<td>1-3 hours</td>
<td>A course designed to enable administrators to become knowledgeable of recent trends and issues in school management, finance, or other concerns affecting the administration of the public schools.</td>
</tr>
<tr>
<td>EDAD 940</td>
<td>Administrative Theory</td>
<td>3 hours</td>
<td>This course introduces students to aspects of current administrative theory by treating the school district as a social system in need of organization, leadership, and change. Styles and effects of human behavior in organizations are explored.</td>
</tr>
<tr>
<td>EDAD 944</td>
<td>Seminar in Educational Administration</td>
<td>3 hours</td>
<td>This course is graded on a credit/no credit basis, and is a requirement for the Educational Specialist Degree. The student will read and submit written critiques on several contemporary writings related to education and participate in a three-day, summer field trip to Lincoln, which will involve visits at the Nebraska Department of Education, the Lincoln Public Schools, and the quarters of various professional education organizations.</td>
</tr>
<tr>
<td>EDAD 945</td>
<td>Independent Readings</td>
<td>1-6 hours</td>
<td>Independent reading on Educational Administration topics. Readings to be selected and directed by the instructor and may be tied to field study literature review.</td>
</tr>
<tr>
<td>EDAD 955</td>
<td>The School Administrator and the Law</td>
<td>3 hours</td>
<td>This course is designed to provide the educational administrator with a view of the law governing the operation of schools. An emphasis will be placed on preventative law through building an understanding of legal issues facing the school administrator and avoiding possible litigation. Issues deserving attention will include school district organization, meetings of the board of education, personnel administration, conducting hearings, developing board policies, student rights, discrimination, tort liability, and other current issues.</td>
</tr>
<tr>
<td>EDAD 956</td>
<td>School/Community Relations</td>
<td>3 hours</td>
<td>This course is designed to provide the student with an analysis of principles, practices and materials that facilitate the adjustment and interpretation of schools to their internal and external publics, along with an examination of the function of the media and the roles of schools and community groups in an effective school public relations program.</td>
</tr>

---

*This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
EDAD 957 - Public School Finance..........................3 hours
The primary objectives of this course are to provide the student with (1) the background of school finance, (2) a background of public school financing in the United States, (3) an understanding of the various governmental levels of financing in public schools, (4) judicial decisions and their effects, and (5) finance of schools in the future.

EDAD 958 - Educational Facility Plan........................3 hours
A study of the principles and processes of developing functional educational facilities. Procedures and techniques for each phase of facility planning are included. Topics include: survey of needs, population projection, site selection, development of educational specifications, selection of architects, furniture and equipment selection, and maintenance and operation.

EDAD 966 - Special Topics in Educational Administration..1-3 hours
A course designed to enable the administrators to become knowledgeable of recent trends and issues in school management, finance, or other concerns affecting the administration of the public schools.

EDAD 991 - Field Study........................................3 hours
The field study provides an opportunity for an educational administration candidate to prepare a proposal for a research project or a grant relevant to the candidate's school settings. The minimum credit for the proposal is three hours. If the candidate elects to complete a research project going beyond the proposal stage, an additional 3 credit hours may be applied towards the candidate's plan of study. This course is required of all Specialist Degree candidates. A written product is the outcome of the course. Enrollment by permission of the instructor.

EDAD 998 - Internship........................................... 3-6 hours
Internships are designed to provide administrative experience for students having limited administrative background and to strengthen skills of those who have served as administrators. This course is required for all Specialist Degree candidates.

EDAD Courses

ENG Courses

ENG 803 - Descriptive Linguistics ................................3 hours
An introduction to descriptive linguistics with emphasis on phonology, syntax, and morphology, as they apply to the study of English as a language.

ENG 804P - History of the English Language.....................3 hours
Development of English language as reflected in the language of writers from the Anglo-Saxon time to the present.

ENG 805 - The Teaching of Composition..........................3 hours
Study of topics and issues related to rhetorical theory and the teaching of expository writing in college classrooms.

ENG 806 - Principles of Literary Criticism........................3 hours
An application of literary theories to selected literary works.

ENG 807 - History of Literary Criticism...........................3 hours
This seminar investigates the connections and discontinuities found in literary criticism from Plato to present-day critical theory. By observing the shifts in various theoretical interests, critical theory will be seen as part of a larger intellectual and cultural history.

ENG 814 - Writing Tutorial........................................3 hours
Individual or group tutorial focusing on macro elements of discourse, including but not limited to aims and purposes; argumentation and categories of argument; strategies of arrangement and emphasis; coherence and cohesion. The tutorial primarily serves the needs of students working on written projects, especially theses. Elective. Repeatable.

ENG 822P - Poetry Writing.......................................3 hours
Prereq: consent of instructor
An opportunity for students to write their own poetry, to investigate what it means, and to develop poetic touchstones by studying a few outstanding poets of the Western tradition.

ENG 823P - Fiction Writing.......................................3 hours
Prereq: consent of instructor
A study of the techniques of prose fiction, primarily through an examination of student manuscripts written for the class. The class may also study prose techniques in some published contemporary short fiction.

ENG 824 - Drama Writing.........................................3 hours
An advanced course in drama writing. Formal requirements of the drama are studied extensively while writers also concentrate on the methods and principles of literary adaptation.

ENG 825 - Creative Nonfiction....................................3 hours
This course examines the concept and contemporary forms of creative nonfiction, including memoir, biography, essay, letter, journal, prose poetry, and combined forms, as well as crossover with fiction in both writing techniques and content shaping. Students will be expected both to critically examine and to write nonfiction.

ENG 826 - Prosody: The Music of Poetic Form......................3 hours
A course devoted to the art of versification, including a study of metrical structure, rhyme, stanza forms and their relationship with the ideas of poems.

ENG 827 - Colloquium: Creative Writing........................3 hours

ENG 832 - Colloquium: World Literature........................3 hours

ENG 833 - Nonfiction Seminar.....................................3 hours
Prereq: admission into the MFA in Writing program
An individualized course in nonfiction writing. Taken 4 times, the seminar offers practical instruction in nonfiction writing and criticism. Using distance technology, student and instructor work through independent projects designed to sharpen the student's writing skills to a professional edge. Student will compose both original nonfiction and critical analyses of nonfiction by other writers both peer and professional preparatory to submitting an original book-length manuscript of publishable quality by their final semester's work.

ENG 834 - Fiction Seminar..........................................3 hours
Prereq: admission into the MFA in Writing program
An individualized course in fiction writing. Taken 4 times, the seminar offers practical instruction in fiction writing and criticism. Using distance technology, student and instructor work through independent writing projects designed to sharpen the student's writing skills to a professional edge. Students will compose both original fiction and critical analyses of fiction preparatory to submitting an original book-length manuscript of publishable quality by their final semester's work.

ENG 835 - Poetry Seminar..........................................3 hours
Prereq: admission into the MFA in Writing program
An individualized course in poetry writing. Taken 4 times, the seminar offers practical instruction in poetry writing and criticism. Using distance technology, student and instructor work through independent projects designed to sharpen the student's craft skills to a professional edge. Students will compose both original poetry and critical analyses of poetry preparatory to submitting an original book-length manuscript of publishable quality by their final semester's work.

ENG 836 - Residency Session......................................3 hours
Prereq: admission into the MFA in Writing program
A ten-day colloquium presenting lectures, classes, workshops, readings and individual conferences with seminar faculty. Taken 4 times, the Residency Session ends one seminar session and begins the next. The session afford students intensive contact with faculty and peers before returning to their writing projects.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
ENG 841P - Language for the Elementary Teacher...........3 hours
This course is a practical survey of the current findings in language as they pertain to the Language Arts teacher. The topics it examines have been under discussion for some time and form a solid part of the developing body about the English language, particularly as related to the traditional responsibilities of the Language Arts teacher.

ENG 843P - Reading Problems in Secondary Schools........3 hours
This course proposes to enable teachers of English and other context areas to deal with those students who have reading problems as well as to increase reading ability in all students.

ENG 844 - Teaching English in the Community College........3 hours
The identification, analysis, and evaluation of the special place of the English instructor and the teaching of English in the junior college as delineated in recent research and literature.

ENG 845 - Creative Writing for Public School Teachers........3 hours
This course will emphasize the teaching of creative writing and the basic craft of writing poetry and short stories. Prospective and practicing teachers will examine selections from contemporary literature as creative writing models.

ENG 847/847P - Children's Literature..............................3 hours
Establishing criteria for selecting, evaluating, and reading a wide range of literature for children.

ENG 848/848P - Literature for Adolescents.........................3 hours
An exposure to and evaluation of the literature genres appropriate for study in secondary schools.

ENG 849 - Children's and Adolescent Literature...............3 hours
Study and analysis of Children's and Adolescent Literature from grades preK-12. Students examine primary texts and scholarly commentary in the context of prevailing assumptions and ideologies over conceptions of childhood and adolescence. The class also offers strategies for increasing children's and adolescents' engagement with literature and their understanding of literary techniques.

ENG 851P - The Literature of Puritanism and Early American Nationalism...............3 hours
A study of the emergence and development of American national literature from the Colonial period to the early twentieth century. Selected authors and works may differ from semester to semester in accordance with specific instructional emphases.

ENG 852P - The Literature of the American Renaissance......3 hours
A study of American literature from the early nineteenth-century to the pre-Civil War period. Authors and works under study may change from semester to semester depending on the organizational design of the course.

ENG 853P - The Literature of American Realism..................3 hours
A study of American Literature from the late nineteenth century through the early twentieth century. Authors and works may vary according to instructional emphasis.

ENG 854P - Modern American Literature..........................3 hours
The seminar covers the literature of the period roughly from the turn of the century through World War II, focusing on the later development of realism and naturalism and the rise of modernism. Authors, genres, and approaches may vary from term to term.

ENG 855P - Contemporary American Literature..................3 hours
The seminar examines the literature from World War II to the present, focusing on the later development of modernism and the rise of postmodern literature. Authors, genres, and approaches may vary from term to term.

ENG 856 - Literature of the American West.......................3 hours
Examines folklore, fiction, nonfiction, drama, and poetry by Western and Plains writers selected from a time period beginning with presettlement literature to contemporary writings and including works by Native American, Chicano, and women writers. Several Nebraska authors will be included. The class focuses on the distinctive features of each genre as well as their similarities of theme and symbol, especially those myths based on the frontier experience and the "Sense of Place."

ENG 857 - Colloquium: U.S. Literature through 1855...........3 hours

ENG 858P - Great Plains Studies....................................1-3 hours
Great Plains Studies offers the opportunity to reflect on life through the literature and other lore of the Great Plains. Through a different subject focus each offering, the course integrates literary, historical, and paleontological investigations around issues affecting the plains, with a special focus on "prairie." May be offered independently or, as the Prairie Institute, offered interdisciplinary as 1 credit each in English, History, and Geography (with which it is cross-listed). Credit for the Institute requires reading and writing assignments completed outside the contact hours of the Institute. Repeatable for credit.

ENG 859 - Colloquium: U.S. Literature: 1855-Present...........3 hours

ENG 871P - Language and Composition in the Secondary School...........................................3 hours
Study of topics and issues in rhetorical, linguistic, and literacy theory as related to the teaching of language arts.

ENG 872P - English Literature to 1500..........................3 hours
Study in-depth of one or more major British authors of the period, to be chosen by the professor. The authors studied will change from semester to semester.

ENG 873P - The Literature of the English Renaissance.........3 hours
Study in-depth of one or more major British authors and genres of the period, to be chosen by the professor. The authors studied may change from semester to semester.

ENG 874P - The Literature of the Restoration and Eighteenth Century...........................................3 hours
A study in-depth of one or more major British authors of the Restoration and Eighteenth Century, 1667-1770. The authors studied will change from semester to semester.

ENG 879P - The Literature of the Romantic Period.............3 hours
A study of the poetry and/or prose of English writers in the Romantic period from 1789-1830. The course may be organized by author, theme, or genre, and the authors and works may change from semester to semester.

ENG 880P - The Literature of the Victorian Period.............3 hours
Study in-depth of one or more major British authors of the period, to be chosen by the professor. The authors studied may change from semester to semester.

ENG 881P - Modern British and Commonwealth Literature..3 hours
This seminar investigates the modernist movement in British and Commonwealth literature, covering the period from 1890-1940. Emphasizing self-conscious and non-representation as modes of both style and content, this aesthetic and historic movement is marked by its persistent experimentalism. Course content might focus on individual writers, political or historical influences, or genre study.

ENG 882P - Contemporary British and Commonwealth Literature..........................3 hours
While the scope of this course will be on literature from 1950-present, the major emphasis will be on living authors and works produced within the last decade. Individual authors, works, and topics will alter each semester.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
FREN Courses

FREN 800P - The French Drama 3 hours
The drama in France before the 20th Century.

FREN 802P - Twentieth Century Literature 3 hours
Writers of this century, their ideas and principal works.

FREN 803P - Contemporary French Drama 3 hours
Modern plays and their writers along with ideas and trends in today's French theatre.

FREN 814P - Advanced French Conversation 3 hours
Designed to take the student beyond the functional ability gained in the lower level French conversation course. Topics of discussion to be political, literary, religious, and social.

FREN 815 - Seminar in Contemporary French Thought 3 hours
A survey of the most prominent French writers and philosophers of the twentieth and twenty-first centuries.

FREN 816 - Seminar in Contemporary Francophone Literature 3 hours
A study of major contemporary Francophone writers from countries other than France.

FREN 820P - The French Novel I 3 hours
The novel and study of its development in France (1600-1850).

FREN 821P - The French Novel II 3 hours
The study of the novel from 1850 to the present.

FREN 860P - History of the French Language 3 hours
A study of the development of the French language since its origins and as related to linguistic changes throughout the different literary periods.

FREN 870P - Seminar in French / Francophone Studies 3 hours
The study of literary works and cultural contexts, topic is to be selected and announced in schedule of courses. May be taken more than once.

FREN 875 - Graduate Study Abroad 3 hours
Prereq: FREN 814P or permission of French graduate faculty
A study of the language and culture of French-speaking countries. This study will be conducted mainly in France and requires a research paper to be presented to UNK graduate faculty. Offered in Summer.

FREN 878 - Graduate Study Abroad 3 hours
Prereq: FREN 814P or permission of French graduate faculty
A study of the language and culture conducted in a French-speaking country. This study requires a research paper to be presented to UNK graduate faculty. Offered in Summer.

FREN 896 - Thesis 6 hours

FREN 899 - Special Topics 1-3 hours
This course is intended to provide opportunity for the offering of literary topics not covered by the regular curriculum. Topics are not limited to but can include the study of a single author, a particular genre or theme, and/or comparative or world literature.

FORL Courses

FORL 800 - Curriculum Development & Research 3 hours
A study in the areas of curriculum design, methodology and testing, plus research methods in all of these fields.

FORL 810 - Second Language Acquisition 3 hours
Discussion of the principal theories of language acquisition, the factors which affect the learning of a second language, and the theories of second language pedagogy.

FORL 870P - TESOL 3 hours
Theoretical foundations and sociolinguistic contexts of ESL teaching.

FORL 872P - Foreign Language Pedagogy 3 hours
Prereq: the equivalent of a major in French or German or Spanish OR permission of department
Current trends in foreign language teaching and learning with emphasis on theory and practice.

FORL 896 - Thesis 6 hours

FORL 897 - Directed Readings 1-3 hours
Individual studies and research under the guidance of a graduate faculty member. May be taken twice for two separate studies or research approved by the graduate faculty in the specific language.

FORL 899P - Independent Studies 1-3 hours
Prereq: approval by the department
Directed research in foreign language education, methodology, or translation/interpreting. May be taken twice for two separate studies or research.

FSID Courses

FSID 801P - New Development and Trends in Textiles 3 hours
Prereq: FSID 150, FSID 351 OR permission of instructor
Analysis of major studies and current literature.

FSID 802P - Selected Readings in Human Relationships 3 hours
Prereq: FSID 150, FSID 351 OR permission of instructor
Analysis of major studies and current literature.

ENG Courses

ENG 884 - Colloquium: British Literature: 1700-Present 3 hours

ENG 885 - Directed Readings 1-3 hours
Individual research under the guidance of a graduate faculty member. Proposals for Directed Readings must be approved in advance by the Graduate Director and Department Chair.

ENG 896 - Thesis 3-6 hours

ENG 897P - Film Institute 1-3 hours
A workshop in creative writing for those who would like to improve their abilities in writing poetry, fiction, and drama.

ENG 999 - Special Topics 1-3 hours
This course is intended to provide opportunity for the offering of literary topics not covered by the regular curriculum. Topics are not limited to but can include the study of a single author, a particular genre or theme, and/or comparative or world literature.

FSID Courses

FSID 802P - Selected Readings in Human Relationships 3 hours
Prereq: FSID 150, FSID 351 OR permission of instructor
Analysis of major studies and current literature.

FSID 801P - New Development and Trends in Textiles 3 hours
Prereq: FSID 150, FSID 351 OR permission of instructor
Analysis of major studies and current literature.
FSID 850P - The Aging Adult ........................................3 hours
Prereq; FSID 150 or permission of instructor
A study of the interrelationships of the common factors concerning aging, the major objective being an understanding of the individual during the later stages of the family life cycle.

FSID 865P - Advanced Study of Sexual Behavior .................3 hours
An in-depth analysis of human sexual behavior from psychological, sociological, biological, ethnological, historical, and economic perspectives.

FSID 881P - Cross Cultural Family Patterns ..................3 hours
This course examines the concept of family as it appears in various cultural contexts in the United States and in other settings. Family and culture will be viewed both historically and in the contemporary period. Various models of the family, representing both western and non-western traditions, will be explored through readings, discussion, and writing. Particular emphasis will be given to gaining understanding about the values, traditions, and socio-economic/geopolitical circumstances, that influence the development of culture.

FSID 886P - Families in Crisis ....................................3 hours
Prereq; FSID 351 or permission of instructor
This course enables Family Studies and other service and social support-oriented students to understand the trauma and recovery process associated with normative and catastrophic family crisis. Note: This course alone does not prepare students to be crisis interventionists.

FSID 890P - Special Problems in Family Studies and Interior Design .......................................................3 hours
For Family and Consumer Scientists who wish to update their understanding of accepted educational procedures and/or practices in their professional fields.

FSID 892P - Advanced Developmental Theory ................3 hours
Seminars as well as current developmental theories will be examined in depth. Particular emphasis will be placed on the most influential theories and their relevance to infant, child, and adolescent development. Prior completion of FSID 150, FSID 250, and FSID 253 is highly recommended.

GERM 800P - German Novel ........................................3 hours
A survey of the development of the novel and a study of writers and their principal works.

GERM 801P - Contemporary German Drama ..................3 hours
Modern plays and their writers along with trends and ideas of today’s German theater.

GERM 803P - German Drama .......................................3 hours
Plays and their writers to 1900.

GERM 814P - Advanced Composition and Conversation II ....3 hours
Designed to take the student beyond the functional ability gained in the lower level German conversation courses. Topics of discussion will be political, literary, religious and social.

GERM 815 - Seminar in German Thought .......................3 hours
A study of German philosophy from Kant to the present combining the features of a survey and an in-depth study of specific philosophers.

GERM 825P - Modern German Poetry ..........................3 hours
Twentieth and twenty-first century poetry and poets of German-speaking countries.

GERM 850P - Goethe and His Times ...............................3 hours
Plays, prose and poetry in Goethe’s time.

GERM 870P - Seminar in German Studies ........................3 hours
The study of literary works and cultural contexts. Topic to be selected and announced in schedule of courses. May be taken more than once.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
HIST Courses

HIST 800 - New Perspectives in History ........................................ 3 hours
Recent trends in the field of the instructor's specialty, to assist teachers and to improve teaching. May be repeated with each new offering.

HIST 802P - Age of Alexander the Great ..................................... 3 hours
This course will focus on the change between the Classical age and the Hellenistic age. The course will cover the period from the end of the Peloponnesian war to the Jewish independence of the Maccabees. This time period is crucial to Western Civilization since we witness the collapse of the independent Greek city states and the rise of the great national monarchies.

HIST 805P - The Plains Indians .................................................... 3 hours
A history of those Indians who call the Great Plains their home.

HIST 806P - History and Film ....................................................... 3 hours
This course will look at history through the lens of feature films produced in the United States and abroad. Particular emphasis will be placed on how historical representation and interpretation has changed with each generation of film makers. The topics of this course will vary depending on the instructor and needs of the students.

HIST 807P - History of Sea Power ................................................... 3 hours
This course seeks to introduce students to different themes in the history of the evolution of sea power.

HIST 808P - War and Society .......................................................... 3 hours
This course is designed to introduce students to the field of military history. Students will tackle the debate on 'old' vs 'new' military history. In particular, students will examine the impact of social studies on the evolution of military history. A considerable portion of the course will also be spent examining military history in a non-western setting.

HIST 809P - The High Middle Ages, 1050-1350 ............................ 3 hours
This course examines the cultural, political, economic, and social developments of the High Middle Ages, a period of dramatic and important change in the western world, focusing on the religious reformation of the eleventh century, the twelfth-century renaissance, and the rise of towns and urban commerce, and the growth of centralized governments.

HIST 810P - Methods and Historiography ...................................... 3 hours
Writers of history, their works and philosophies; theories of historical development and research.

HIST 811P - Saints and Sinners ...................................................... 3 hours
This course examines the social organization and cultural institutions that shaped the western world between late antiquity and the Renaissance, focusing on the interaction between major institutions, such as family and religion, and the lives of medieval women and men.

HIST 812P - Society and Gender in the Middle Ages ....................... 3 hours
This course is designed to introduce students to the ways that gender and sexuality were defined, understood, and enacted in medieval society. The course examines both accepted and deviant sexual behaviors as well as notions of masculinity and femininity. Attitudes toward these ideas and behaviors are considered within the social, political, and religious contexts of the Middle Ages.

HIST 816 - Colloquium: Colonial and Revolutionary America ........ 3 hours
HIST 816P - History of Christianity .............................................. 3 hours
A broad overview of Christian history from antiquity to the present, with special emphasis upon the complex social, economic, and political forces which have made Christianity a global religion of incredible diversity. Special attention will be given to Christianity in the non-Western world, as well as the central role of women in Christian tradition.

HIST 820P - Women in Europe ..................................................... 3 hours
A history of European women will explore the roles and influence of women from earliest times to the present.

HIST 821P - Women in America ................................................... 3 hours
A history of American women from the Colonial Period to the present.

HIST 822 - Colloquium: Twentieth Century U.S. ........................... 3 hours
HIST 823 - Colloquium: English History ....................................... 3 hours
HIST 824 - Colloquium: Latin American History ............................ 3 hours
HIST 828 - Colloquium: Soviet Union ........................................... 3 hours

HIST 829P - Religion in America .................................................. 3 hours
A historical introduction to the various religious communities of the United States from Pre-Columbian times to the present. The course gives special attention to religious influences upon social and political institutions, changing patterns of church-state relations, and the challenges posed by religious pluralism throughout American history.

HIST 830 - Colloquium: Modern China and Japan ......................... 3 hours
HIST 831P - Colonial America, 1492-1750 .................................... 3 hours
Examines the development of Colonial British America from the First English explorers to the French and Indian War.

HIST 832P - Revolutionary America, 1750-1800 ........................... 3 hours
Examines the American Revolution from its origins through its culmination in the adoption and implementation of the Constitution.

HIST 833P - The National Period, 1800-1850 ............................... 3 hours
Explores the expansion and development of the American nation from the Louisiana Purchase through the Mexican-American War.

HIST 839P - Pre-Hispanic Colonial Latin America .......................... 3 hours
Political, social, economic, and cultural dynamics of Amerindian civilizations and colonial Latin America up to independence.

HIST 841 - Seminar: History of the American West ....................... 3 hours
HIST 841P - Modern Latin America ............................................. 3 hours
Examination of political, cultural, social, and economic dynamics of Latin American nations and regions from independence to present.

HIST 842 - Seminar: American Revolution and Confederation Period, 1763-1789 ......................................................... 3 hours
HIST 843 - Seminar: The American Indian ...................................... 3 hours
HIST 844 - Seminar: Nineteenth Century U.S. ............................... 3 hours
HIST 845P - The Civil War and Reconstruction ............................. 3 hours
A study of the causes leading to the Civil War, the War itself, and the attempt to reunify the social, economic, and political framework of America.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.

**MUS Courses**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUS 801</td>
<td>Criteria for Music Analysis and Comparison</td>
<td>3 hours</td>
<td>A study of the structure of music, to include the subtleties of analytical and comparative music problems.</td>
</tr>
<tr>
<td>MUS 803P</td>
<td>Music Technology in the Classroom</td>
<td>3 hours</td>
<td>An introduction to the field of electronic music technology and its use in the school music program. The course provides a basic understanding of analog and digital synthesis, digital sequencers, electronic rhythm instruments, signal processors and amplifiers, Musical Instrument Digital Interface protocol, and appropriate computer software with an emphasis on utilization in the school classroom.</td>
</tr>
<tr>
<td>MUS 805</td>
<td>Teaching of Jazz Bands</td>
<td>3 hours</td>
<td>This class will cover such topics as directing a stage band, starting a jazz ensemble, instrumentation, selecting music, conducting and rehearsing, jazz phrasing and articulation, the rhythm section, and improvisation. The course includes the reading of new literature.</td>
</tr>
<tr>
<td>MUS 806P</td>
<td>Advanced Instrumental Conducting and Literature</td>
<td>2 hours</td>
<td>Detailed study of conducting problems and band/orchestral literature.</td>
</tr>
<tr>
<td>MUS 807P</td>
<td>Advanced Choral Conducting and Literature</td>
<td>2 hours</td>
<td>Detailed study of conducting problems and choral literature.</td>
</tr>
<tr>
<td>MUS 809P</td>
<td>Teaching of Voice</td>
<td>3 hours</td>
<td>A study of the problems confronted in dealing with the voice of the beginning and the advanced singer, and an analysis and compilation of suitable literature.</td>
</tr>
<tr>
<td>MUS 811P</td>
<td>Teaching of Woodwind Instruments</td>
<td>3 hours</td>
<td>An opportunity to study the problems and techniques peculiar to the woodwind instruments; to gain additional proficiency in playing; and to study teaching methods suitable for both individual and group instruction.</td>
</tr>
<tr>
<td>MUS 812P</td>
<td>Teaching of Brass Instruments</td>
<td>3 hours</td>
<td>A course designed to study the pedagogy, performance, and literature of the brass instruments through lecture, discussion, demonstration, and performance.</td>
</tr>
<tr>
<td>MUS 813P</td>
<td>Teaching of Percussion Instruments</td>
<td>3 hours</td>
<td>Emphasis placed on techniques of teaching designed to enhance the educator's ability to identify and correct faulty percussion playing in both individual and ensemble performance; and to serve as a source of information for the development of marching band, concert band and percussion ensembles.</td>
</tr>
<tr>
<td>MUS 814</td>
<td>Aesthetics and Criticism</td>
<td>3 hours</td>
<td>A survey of the standard literature of aesthetics. A consideration of art in its relation to experience with specific reference to the function of music in an educational program.</td>
</tr>
<tr>
<td>MUS 816P</td>
<td>Teaching of Piano</td>
<td>3 hours</td>
<td>A study of the techniques and materials used in individual instruction on both the elementary and advanced levels, and in group instruction on the elementary level.</td>
</tr>
<tr>
<td>MUS 820P</td>
<td>Teaching of Stringed Instruments</td>
<td>3 hours</td>
<td>A course designed to develop string teaching competency in a public school instrumental program. Actual playing experience combined with study of available materials, organizational procedures, and problems likely to be encountered.</td>
</tr>
<tr>
<td>MUS 822</td>
<td>Administration and Supervision of the Music Program</td>
<td>3 hours</td>
<td>Problems of the administration and supervision of the music program. Music’s contribution to the total school program: equipment, schedule, budget, instructional problems, and human relations.</td>
</tr>
<tr>
<td>MUS 832P</td>
<td>Fundamentals of Piano Pedagogy I</td>
<td>3 hours</td>
<td>An introduction to the basic concepts necessary for successful teaching at the elementary level.</td>
</tr>
<tr>
<td>MUS 833P</td>
<td>Fundamentals of Piano Pedagogy II</td>
<td>2 hours</td>
<td>A continuation of Piano Pedagogy I with emphasis on group teaching, third year and intermediate students.</td>
</tr>
<tr>
<td>MUS 834P</td>
<td>Advanced Piano Pedagogy I: History, Philosophies and Principles of Piano Pedagogy</td>
<td>2 hours</td>
<td>Prereq: permission of instructor Advanced studies in teaching philosophies and principles of piano pedagogy.</td>
</tr>
</tbody>
</table>
### MUS Courses

**MUS 835P - Advanced Piano Pedagogy II: Pedagogical Approaches to Keyboard Literature**
- Description: Advanced studies in pedagogical approaches to keyboard literature, musicianship and performance.
- Prerequisites: Permission of instructor.
- Credit: 2 hours.

**MUS 836P - Internship in Piano Teaching**
- Description: Practical application of teaching skills learned in Fundamentals of Piano Pedagogy I and II, and Advanced Piano Pedagogy I. Teaching assignments and observations will be based on student's background, level and experience, and availability of varied teaching environments, constituting a combination of both private and group instruction.
- Prerequisites: Permission of instructor.
- Credit: 2 hours.

**MUS 848 - History of Baroque Music**
- Description: Designed to increase the depth of the student's knowledge of the music of the Baroque Era.
- Credit: 3 hours.

**MUS 849 - History of Classical Music**
- Description: Designed to increase the depth of the student's knowledge of music of the Classical Era.
- Credit: 3 hours.

**MUS 850P - Advanced Private Instruction**
- Description: Designed to increase the depth of the student's knowledge of the music of the Romantic Era.
- Prerequisites: Graduate level competency as determined by audition.
- Credit: 2 hours.

**MUS 852 - History of Twentieth Century Music**
- Description: Designed to increase the depth of the student's knowledge of music of our own time.
- Credit: 3 hours.

**MUS 857P - Elementary School Music**
- Description: Current trends in curriculum planning, assessment, and effective teaching strategies at the elementary level.
- Credit: 3 hours.

**MUS 860 - Independent Study and Research**
- Description: Independent research or special assignment in the student's major field.
- Prerequisites: Graduate standing, 9 hours of MUS.
- Credit: 1-3 hours.

**MUS 880 - Marching Band Technique**
- Description: Materials and suggestions to band directors concerning the planning of marching band shows and pageantry.
- Credit: 3 hours.

**MUS 885P - Seminar in Opera Technique and Performance**
- Description: A study of available operas with regard to casting, rehearsal techniques, staging, managing, and performance.
- Credit: 3 hours.

**MUS 894P - Workshop in Instrumental Art**
- Description: Planned for directors of bands and orchestras. Coordination of historical and structural score studies with rehearsal techniques and instrument. Nine hours of cumulative credit may be earned, but only six hours may be applied to the Master's Degree.
- Credit: 3 hours.

**MUS 895P - Workshop in Choral Art**
- Description: Planned for directors of school, college, church, and community choruses. Coordination of historical and structural score studies with rehearsal techniques and performance. Study of the individual voice. Nine hours of cumulative credit may be earned, but only six hours may be applied to the Master's Degree.
- Credit: 3 hours.

**MUS 896 - Thesis**
- Description: Independent research or special assignment in the student's major field.
- Prerequisites: Graduate standing, 9 hours of MUS.
- Credit: 6 hours.

**MUS 899P - Music Special Topics**
- Description: Techniques in the application of financing sport including budgeting and grantwriting.
- Credit: 1-3 hours.

### PE Courses

**PE 801P - Psychology of Sport**
- Description: Study of psychological principles and theories as applied to physical education and athletics. Motor learning, motivation, personality, roles of participants, coaches and spectators will be among topics discussed.
- Credit: 3 hours.

**PE 802 - Philosophy of PE, Sports, Recreation and Leisure**
- Description: Presents historical backgrounds and philosophic bases from which contemporary physical education, recreation, sports and leisure has evolved.
- Credit: 3 hours.

**PE 803P - Financing Sport**
- Description: Techniques in the application of financing sport including budgeting and grantwriting.
- Credit: 3 hours.

**PE 804P - Sociology of Sports Activities**
- Description: The impact of sports and recreation on society, community and the individual, and the impact of these institutions on sports.
- Credit: 3 hours.

**PE 806 - Seminar: Physical Education**
- Description: Philosophies of physical education, current issues and trends, and methods of dealing with problems in the field. The course will deal with all levels from elementary school through college and graduate study.
- Credit: 1-3 hours.

**PE 821 - Administrative Problems in Physical Education**
- Description: Study of organization and administration of physical education programs in secondary schools. This will help prepare students to organize and develop a program in public schools.
- Credit: 3 hours.

**PE 822P - Facilities for Sports and Recreation**
- Description: Principles for planning indoor and outdoor facilities, materials, standards, programs, liability, and maintenance will be discussed. Visits to modern facilities will be arranged.
- Credit: 3 hours.

**PE 825P - Sport and Recreation Law**
- Description: Survey course on the principles and application of legal issues in the areas of sport and recreation.
- Credit: 3 hours.

**PE 828P - Secondary School Physical Education**
- Description: Curriculum organization and techniques of teaching physical education in the secondary school.
- Credit: 3 hours.

**PE 829P - Marketing in Sport and Recreation**
- Description: Application and techniques of marketing and promotion in the sport and recreation setting.
- Credit: 3 hours.

**PE 831P - Curriculum Design in Physical Education**
- Description: This course will focus on the critical study of the value orientations, principles, problems and procedures involved in the construction of a physical education program. Application of curriculum models will be practiced upon curricular materials as specific courses of study are constructed for instruction in teaching situations.
- Credit: 3 hours.

**PE 841P - Physical Education for Elementary Schools**
- Description: Curriculum organization, methods and techniques for developing elementary school physical education curriculum.
- Credit: 3 hours.

**PE 845 - Motor Development**
- Description: The ways in which infants and children assimilate and interpret sensory stimuli and the resultant effects on learning.
- Credit: 3 hours.

**PE 851P - Organization and Administration of Sports and Recreation**
- Description: This course emphasizes the skills needed to manage sport, athletic training and recreation programs. Topics will include management principles, leadership, organizational development, budgets, policies and procedures, communication and legal aspects.
- Credit: 3 hours.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.

*This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.*
PHYS 809 - Meteorology ........................................... 3 hours
An investigation and application of the basic principles of physics and
chemistry to the understanding of weather including a study of the
atmosphere’s origin, composition, circulation patterns, energy budget
and its role in the hydro-logic cycle. Topics include: instruments for
observation, precipitation process, wave cyclones, jet streams, weather
forecasting, weather modification and applications of meteorology to
air pollution, agriculture, and aviation. Summer only.

PHYS 810P - Mathematical Techniques in Physics ...........4 hours
Prereq: MATH 202* or permission of instructor
A formal development of selected topics from infinite series, determinants
and matrices, partial differentiation, vector analysis, Fourier series,
functions of a complex variable, and coordinate transformations,
calculus or residues, and calculus of variations. Fall only.

PHYS 811 - Astronomy for High School Teachers ........... 3 hours
The basic principles of astronomy are studied and applied through
research and observation to topics ranging from sunspots and meteors,
to quasars, pulsars and black holes. Summer only.

PHYS 817P - Quantum Mechanics ............................... 3 hours
Prereq: PHYS 411* or permission of instructor
A formal development of the principles of quantum mechanics. The
mathematics of Hamiltonian Mechanics are presented as a bridge from
Classical Physics to Quantum Physics. Topics are selected to extend
the treatment given in Modern Physics II. Fall only, odd years.

PHYS 822 - Topics in Physical Science .........................1-4 hours
The following special subjects which are not covered in traditional 800
level courses will be discussed here at the graduate level.

PHYS 823P - Electronics ........................................ 4 hours
Prereq: PHYS 332* or equivalent
Operational amplifiers, their use in instrumentation and analog
computer, logic circuits, digital electronics, applications to computer
and control systems.

PHYS 825 - Classical Mechanics ............................... 3 hours
Prereq: permission of instructor
The Newtonian, Lagrangian, and Hamiltonian formulation of the laws of
motion, including the dynamics of rigid bodies.

PHYS 830P - Optics .............................................. 4 hours
Prereq: PHYS 276*, MATH 202*
Geometric and wave optics including optical instruments. Spring only,
even-numbered years.

PHYS 840P - Heat and Thermodynamics ..................... 4 hours
Prereq: permission of instructor
The study of temperature, heat, and work, the laws of thermodynamics,
heat engines, Maxwell’s relations and an introduction to statistical
thermodynamics. Spring only, odd years.

PHYS 846P - Modern Physics for High School Teachers I .... 4 hours
Prereq: PHYS 206* or PHYS 276* or permission of instructor
An advanced study of selected topics in electricity and modern physics
including introductory concepts in atomic and nuclear physics.
Research or design of educational projects will be used to aid in
explaining these areas.

PHYS 847 - Modern Physics for High School Teachers II .... 4 hours
Prereq: PHYS 346* or PHYS 446* or PHYS 846P* or permission of instructor
A continuation of PHYS 846P. Introductory concepts in quantum mechanics
and quantum statistics will be treated. Other areas of emphasis will include
atomic structure, solid state, and nuclear physics. Research or design of
educational projects will be used to aid in explaining these areas.

PHYS 856P - Regional Field Study ............................. 1-4 hours
Includes visits to specialized research or scientific centers, or expeditions
to observe or study special events such as solar eclipses.

PHYS 871P - Methods in Secondary Science Teaching ....... 3 hours
Prereq: 10 hours of work in chemistry or physics
Included in this course will be a study of curriculum, teaching techniques,
and materials. Fall only.

PHYS 872P - Science Curricula .................................. 1-3 hours
Involves the history of science curricula, introduction to the specifics
of selected science curricula, and experience working with science
curricula materials in elementary, junior high, or senior high school.

PHYS 895P - Research in Physics .............................. 1-3 hours
Prereq: one senior-level physics course, permission of the instructor
Approximately five hours per week for each semester hour of credit. A
student may accumulate a total of nine hours.

PHYS 896 - Thesis ............................................... 1-6 hours

PHYS 899P - Problems in Physical Science .................. 1-3 hours
Prereq: elementary courses necessary for the problem to be undertaken,
permission of instructor
Independent investigation of physical science problems. Three hours of
laboratory work each week for each hour of credit.

PSCI 800P - Public Administration ............................. 3 hours
Nature, functions and problems of public administration in the United
States. Emphasis is placed on the utilization and control of public
administrative agencies by the legislative, executive and judicial
branches of national and state government. Assumes basic knowledge
of American government.

PSCI 840P - Advanced Study in Comparative Politics:
Special Topics ................................................... 3 hours
A seminar in a special topic in the subfield of comparative politics, e.g.,
Cross-national political behavior, or The politics in the former Soviet
Union. May be repeated up to 6 hours with a different topic.

PSCI 850P - Nations in Transition ............................. 3 hours
This course examines the nations that are going through significant
transformation. Covering a wide range of countries around the world,
this class considers how these countries struggle to move toward stable
democracies despite different obstacles. Furthermore, we will critically
explore the roles that the United States and the international community
should assume in these transitional societies.

PSCI 856P - Regional Field Study ............................. 1-4 hours
Designed to give students a first-hand acquaintance with the political
perspective of a particular area of the world.

PSCI 868P - Advanced International Politics .................. 3 hours
Concerned with applying methods and models of analysis to major
contemporary issues in international affairs.

PSCI 886P - Policy Analysis .................................... 3 hours
This course develops both a normative conception of the analyst’s role
and understandings needed to perform basic analysis. Specifically, the
course will survey basic quantitative techniques (i.e., survey research,
focus groups and more) for analyzing policies. This course may be
used by participants in the UNO “Greater Nebraska” M.P.A. program
as an elective.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
The psychology of child and adolescent development is studied. Special measurement concepts, the selection, administration, and interpretation of standardized tests are reviewed. Spring only, even years.

Topics concerning intellectual functioning are reviewed. Emphasis is placed on the information processing approach to the study of mental life. Topics include perception, attention, consciousness, memory, problem solving, and language. Spring only.

The psychological aspects of various Eastern philosophical traditions including Sufism, Yoga, Taoism, and Buddhism are examined. The psychology of Zen is emphasized. Experiential as well as theoretical approaches are used. Fall only.

The tenets and methods of humanistic psychology, its historical roots, theoretical concepts, and how it is distinguished from Psychoanalysis and Behaviorism are reviewed, as is the emergence of transpersonal psychology. Discussion group format. Spring only.

Advanced Research Design and Analysis in Psychology is a class the delves into the analysis of data using various advanced statistical techniques concentrating on how to determine which particular analysis technique is suited to a particular research design. We will place a heavy emphasis on the acquisition and interpretation of results using a common statistical package, SPSS.

Topics concerning intellectual functioning are reviewed. Emphasis is placed on the information processing approach to the study of mental life. Topics include perception, attention, consciousness, memory, problem solving, and language. Spring only.

Basic measurement concepts, the selection, administration, and interpretation of standardized tests are reviewed. Spring only, even years.

The psychology of child and adolescent development is studied. Special emphasis is placed on experimental findings related to the development of physical, intellectual and cognitive functioning, and the development of personality. Fall only.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
SOC 820P - Race and Minority Relations ............................ 3 hours
Prereq: SOC 100 or SOC 250 or permission
Examines the history and status of minority groups in society; the
relationship between minority groups and the dominant group;
focusing on the causes of intergroup conflict and solutions to
intergroup problems.

SOC 830P - Sociology of Family ...................................... 3 hours
Prereq: SOC 100 or SOC 250 or permission
A sociological analysis of the family as a social unit. Topics focus on
historical changes, cultural patterns, alterations in gender roles as
they affect family roles, social class influences, group processes in
families, institutional relationships with the polity, economy, religious,
and economic institutions, and the future of the family.

SOC 842P - Sociology of Religion ..................................... 3 hours
Prereq: SOC 100 or SOC 250 or permission
Examines religion as a social phenomenon and attempts to relate it to
other aspects of human social life. Topics include the dilemmas of belief
and institutionalization, religious movements, religion and change,
secularization, and the future of religion.

SOC 861P - Deviance and Social Control ............................ 3 hours
Prereq: SOC 100 or SOC 250 or permission
The philosophical assumptions embedded in the theories of deviance are
examined and applied in the critical reading of deviance texts. A basic
question explored is who and what are defined as deviant by each of the
sociological perspectives. Through this examination we will investigate
who controls social behavior and the basis of control contained within
the theories. Topics include crime, mental illness, victimless crime, and
elite/corporate deviance.

SOC 862P - Sociology of Health and Illness ........................ 3 hours
Prereq: SOC 100 or SOC 250 or permission
This course provides an introduction to the field of medical sociology
with attention to physical as well as mental illnesses. The emphasis
will be upon the influence of social factors in becoming ill and social
factors which influence treatment. Topics to be covered will include:
epidemiology, health and illness behavior, the health professions, health
care institutions, and alternative systems of health care.

SOC 876 - Seminar in Social Psychology ............................ 3 hours
This course is designed to investigate the effect of various social
factors and situations on the perceptions and behavior of humans.
Analysis of the conceptual tools for investigating human activity and
applications of the theoretical and conceptual perspectives will be
considered as they are related to social settings and organizations
where humans interact.

SOC 890 - Directed Research ............................................ 1-3 hours
Prereq: SOC 237 or permission
Independent original research of a selected topic in sociology under the
direction of a sociology graduate faculty member.

SOC 896 - Thesis ......................................................... 3-6 hours

SOC 899 - Directed Readings ............................................ 1-3 hours
Prereq: two 300- or 400-level SOC courses OR permission
Independent readings on advanced sociological topics. Readings are to
be selected and directed by a sociology graduate faculty member.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
SPCH 800 - Philosophy of Communication ..................3 hours
Prereq: SPCH 890P or SPCH 899P or permission
A consideration and analysis of the nature of speech as an activity of daily life. An in-depth investigation of the traditional speech disciplines from historical, critical, and theoretical perspectives.

SPCH 801P - Special Topics in Speech Communications..1-3 hours
Course work on a specific topic of communication designed by the instructor. Topics vary per offering.

SPCH 802 - Introduction to Graduate Study in Speech .......3 hours
Introduction to the graduate program and principles and standards of research in communication. Critical consideration of the literature of the discipline, and an introduction to major research methods: empirical, creative, analytical, and historical.

SPCH 805 - Administration and Direction of Forensic Programs..3 hours
Organization and administration of forensic programs in high schools and colleges, management of inter-school contests and tournaments, coaching of debate, discussion and individual events, and principles of judging.

SPCH 830 - The Teaching of Speech/Theatre ..................3 hours
Consideration of problems and techniques in the teaching of speech and theatre on the high school and college level. Construction of courses of study, evaluation of textbooks, and analysis of developments in various areas of speech/theatre.

SPCH 850P - General Semantics..................................3 hours
A study of the relationships of symbolic systems of the development of personalities, organizations, and societies.

SPCH 851P - Leadership Communication......................3 hours
A study of the characteristics, styles, roles, and motivation of successful leaders. Includes study and practice in parliamentary process.

SPCH 852P - Theories of Organizational Communication ....3 hours
A study of major theories of communication within the organization: scientific, humanistic, systems decision making and communication approaches.

SPCH 853P - Interviewing ........................................3 hours
Theories and techniques of interviewing, including information gathering, employment, appraisal, and persuasive interviewing.

SPCH 854P - Intercultural Communication....................3 hours
Study of communication across cultures.

SPCH 855P - Communication Training and Consulting.......3 hours
A study of how to plan, conduct, and evaluate communication training and development programs within the organization.

SPCH 856P - Rhetorical Theory ...............................3 hours
A study of theories of persuasion in Greek, Roman, continental, and modern periods. Special emphasis on the works of Aristotle, Campbell, and Burke.

SPCH 857P - Contemporary Rhetorical Theory ................3 hours
A study of modern rhetorical theories of intervention, human knowing, ethics of communication, and media effects.

SPCH 860 - Directed Studies .......................................1-4 hours
Independent research or special assignment in the student’s major field.

SPCH 875P - Internship ............................................1-6 hours
Prereq: SPCH 856P or permission
An examination and study of the principles of rhetorical criticism from Aristotle to contemporary critics. Application of critical principles in analysis of speakers, speeches and social movements.

SPCH 890P - Theories of Interpersonal Communication.......3 hours
A survey of major theories and research in interpersonal communication.

SPCH 892 - Seminar in Speech ....................................3 hours
Concentrated study of selected topics in speech communication. (May be repeated for a total of 6 hours.)

SPCH 896 - Thesis ................................................3-6 hours
A study of social and scientific theories of interpersonal, group, organizational, and mass communication.

STAT 835P - Statistical Techniques ................................3 hours
An introduction to statistics for educational and sociological research. Will include descriptive statistics, normal distribution, and an introduction to correlation, hypothesis testing, and analysis of variance.

STAT 837P - Computer Analysis of Statistical Data ..........3 hours
Prereq: one introductory statistics course and one computer science course
The analysis of data taken from the social sciences. The computer will be a tool for the course.

STAT 840 - Stochastic Modeling ....................................3 hours
Prereq: STAT 441*
Methods quantifying the dynamic relationships of sequences of random events. Methods studied include Markov chains, Poisson, renewal, branching, and queuing, and their many applications to real life situations.

STAT 841P - Probability and Statistics .........................3 hours
Prereq: MATH 202* or permission of instructor
Elementary probability theory and statistical applications.

STAT 842P - Mathematical Statistics ..........................3 hours
Prereq: MATH 260*, STAT 441 OR STAT 345*, STAT 441*
A continuation of 441/841P. The further mathematical development of special probability densities, functions of random variables, sampling distributions, decision theory, point and interval estimators, hypotheses testing, and covariance.

STAT 891P - Expanded Campus Workshop ....................1-3 hours
Selected contemporary topics in statistics are covered.

STAT 895P - Independent Study in Statistics ....................1-3 hours

TE 800 - Educational Research .................................3 hours
This introductory web-based course in educational research focuses on evaluating and interpreting educational research and applying its findings to educational practice. The course will provide opportunities for students to (a) define and differentiate between and among basic, applied, and action research and explain how each contributes to practice; (b) conduct and interpret preliminary, primary, and secondary sources of research in both online and hard copy formats; (c) compare and contrast various research designs, and (d) analyze qualitative and quantitative research methodology. This will include the use of statistical techniques and conditions to describe educational phenomena and to determine the validity and reliability of research methods, case studies, critical-theory, historical, and ethnographical methodology.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
**TE 801 - Teachers in Classroom Research** ........................................3 hours
A survey of the systemic framework of teacher action research with emphasis on qualitative design applied in field-based inquiry. Through readings, guided experience in research, and fieldwork, students will develop competencies in conducting, evaluating, and interpreting educational research.

**TE 802 - Techniques of Research** ..................................................3 hours
A survey of the techniques of research with emphasis on educational applications. Students will develop competencies in conducting, evaluating and interpreting educational research.

**TE 803 - Philosophy of Education** ..............................................3 hours
Survey of the philosophical foundations of western culture and their relation to the development of earlier and contemporary educational philosophies.

**TE 804 - Curriculum Development in Multicultural Education** ....3 hours
Students learn to evaluate, create, and implement multicultural lesson plans, unit plans, textbooks, curriculum guides, classroom rules and regulations, and school policies. In addition, students study diverse learning and teaching styles as well as explore the meaning and the reality of creating an environment that is conducive to and supportive of infused multicultural education.

**TE 805P - Overview of Assistive Technology** ..........................3 hours
This course examines the applications of assistive technology for individuals with disabilities as it relates to teaching and learning. Existing research with students with special needs will be reviewed and new applications of existing and developing technology will be explored.

**TE 807P - Multiple Intelligences: Theories Into Practice** ..........3 hours
This course is focused on practical application of the use of multiple intelligences and “brain compatible” approaches in the design and development of instructional activities and assessment strategies in the K-12 curriculum.

**TE 808P - Human Relations** ......................................................1-3 hours
This course meets the Nebraska Department of Education Human Relations requirement for certificate renewal. Participants will develop skills in guiding student learning in an environment of respect for diversity, personal values, and heritage.

**TE 809P - Curriculum Implementation** .................................3 hours
This course addresses the curriculum implementation process, theoretical concepts associated with the implementation process, and related implementation issues, including the contested nature of the curriculum and the relationship between curriculum and equity issues. This information is used to critique current curriculum implementation efforts in the public school setting and to develop curriculum for use in the classroom. The course includes a writing component.

**TE 810 - Design and Development of Instruction** ..................3 hours
This course deals with the principles of instructional design and how to apply these principles in instructional development projects. The course utilizes a systems approach to the instructional design process by focusing on a series of interrelated procedures and techniques to design, develop, implement, and evaluate instruction for diverse learners.

**TE 811 - The Activities Director** ...............................................3 hours
Contemporary trends in consolidating administration of athletics, music, speech, drama, journalism, and other intramural and extramural activities of the school under a single administrator are the focus of this course.

**TE 812P - Alternative Assessments of Student Performance: Theory Into Practice** ................................3 hours
This course provides participants with an opportunity to learn about, create, and apply alternative (authentic) assessment strategies to the K-12 school setting. Key strategies to be explored include rubrics, portfolios, and the relationship/connections between alternative assessment and the Nebraska State Curriculum Standards.

**TE 813P - TESA: Teacher Expectations and Student Achievement** .........................................................3 hours
This course is designed to develop specific teacher skills needed to enhance learning expectations. The skills are grouped into three strands: Response Opportunities, Feedback, and Personal Regard. Grouped into these strands are 15 specific teacher competencies.

**TE 814P - Developing Capable People** ........................................3 hours
This class will provide very useful and well researched strategies and concepts which will help educators assist children and teenagers to perceive themselves as more capable and significant as they improve their self-discipline, self-control, judgment, and their interpersonal skills. Improved results will be seen in classroom and/or family management, discipline, motivation, and achievement.

**TE 815P - The Effective Teacher: Enhancing Classroom Instruction** ..................................................3 hours
This course is designed to provide participants with research and experience-based information, strategies, techniques and “hands-on” activities they can use to improve and enrich the quality of their teaching and to increase the probability of learning and success of their students.

**TE 816A - Practicum: Education** ..............................................1-6 hours
This practicum course requires, depending on the number of credit hours desired, between 40 and 240 clock hours of participation by the student in an educational setting. The specific experiences to be gained and the setting will be determined by the supervising professor and the student.

**TE 816B - Practicum: Reading** ..................................................3 hours
Prereq: TE 845, TE 846 (exceptions with department permission)
Students participate in supervised remedial tutoring of individual children or small groups of children having similar reading disabilities.

**TE 816C - Practicum: Reading-Primary K-3** ..........................1 hour
Prereq: TE 845, TE 846
This course focuses on the application of the newest innovations in reading and language arts instruction. This involves supervised remedial tutoring of individual children or small groups of children having similar reading disabilities. The course also provides opportunities for the student to evaluate and assess the reading problems of primary school children (K-3) and to select materials for remediation.

**TE 816D - Practicum: Reading-Intermediate 4-6** ....................1 hour
Prereq: TE 845, TE 846
This course focuses on the application of the newest innovations in reading and language arts instruction. This involves supervised remedial tutoring of individual children or small groups of children having similar reading disabilities. The course also provides opportunities for the student to evaluate and assess the reading problems of intermediate school children (4-6) and to select materials for remediation.

**TE 816E - Practicum: Reading-Middle/Secondary 7-12** ......1 hour
Prereq: TE 845, TE 846
This course focuses on the application of the newest innovations in reading and language arts instruction. This involves supervised remedial tutoring of individual children or small groups of children having similar reading disabilities. The course also provides opportunities for the student to evaluate and assess the reading problems of middle school/secondary students and to select materials for remediation.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
This course will provide students with an opportunity to investigate the changing demographics underlying the issue of access to knowledge, one of the bedrocks in the renewed focus increasingly demanding accountability standards. In most cases, include English Language Learners, mainstream and ESL teachers are stressed, including administration and supervision factors and relationship to the affected areas of curriculum.

**TE 851P - Home, School, and Community Relations in Early Childhood Education**

Acquaints students with the knowledge and skills required to develop, administer and supervise early education and care programs serving children birth to age 8. (2 hours lecture/1 hour supervised field experience)

**TE 852 - Trends in Early Childhood Education**

Emphasizes the importance of the child’s early years. A survey of model programs in Early Childhood Education is presented.

**TE 853A - Improvement of Instruction in Early Childhood Education**

This course is designed to present the most recent philosophy, literature and teaching strategies as they relate to the curriculum content advocated for young children.

**TE 853B - Improvement of Instruction in Elementary School Mathematics**

Designed to acquaint the student with the latest trends in content, method, materials, and philosophy of elementary mathematics.

**TE 853C - Improvement of Instruction in Elementary School Language Arts**

Attention is directed to the newest innovations in language arts instruction and to the selection of materials for diagnostic and instructional programs. Students will evaluate the various teaching techniques through a comparative study of current programs in elementary language arts.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
TE 853D - Improvement of Instruction in Elementary School Science .................. 3 hours
An examination of current literature and practices is made relative to science content, methods, and materials in elementary school science.

TE 853E - Improvement of Instruction in Elementary School Social Studies ................ 3 hours
Students completing this course will have an opportunity to examine current literature and programs in elementary social studies and to reevaluate their teaching of the social studies.

TE 854 - Reading in the Content Areas .................................................... 3 hours
Students completing this course will have an opportunity to examine the nature of the reading process and the kinds of particular problems teachers in content areas of middle and secondary school face daily. It will also provide the teacher with the ability to apply specific strategies in helping those students having difficulty reading the materials necessary for specific content areas.

TE 855P - Improving the Reading Program ............................................. 3 hours
The department will provide an inservice course upon the request of a school system for the purpose of assisting local staff in the evaluation and improvement of the school's reading program. The course is designed to develop an analytical approach to reading program evaluation and improvement. This course is not applicable to the program for endorsement as a special reading teacher.

TE 868 - Copyright, Fair Use, and Ethics ................................................. 3 hours
This course focuses on the ethical use of copyrighted material and Fair Use Guidelines as they relate to education and business training.

TE 869 - Introduction to Library Media ................................................... 3 hours
This course is an overview of selected library media topics: current trends, genres, issues, and instructional and motivational strategies in children’s and adolescent literature; library media and educational professional ethics including issues concerning the individual, society, and the profession; and, an introduction to information literacy.

TE 870 - Developing Web-based Portfolios ............................................ 3 hours
This course will focus on planning, revising, and developing web-based working and academic portfolios. Tools such as web editors and imagine editing software will be used. Students will create a working portfolio to use during their academic programs.

TE 871 - Collection Development and Management ......................... 3 hours
Prereq: TE 869
Collection Development and Management is designed to provide the student with the basic competencies needed for print and non-print collection selection, development and evaluation.

TE 872 - Organization of Library Media and Technology Resources ...................... 3 hours
Prereq: TE 869
Students will learn a variety of techniques for providing access to resources, including exploring the types and functions of automation systems and basic methods and procedures of cataloging and classification within a school library media program.

TE 873 - Reference Services and Resources ........................................ 3 hours
Prereq: TE 869
This course will focus on the range of reference resources which support the school library media center, including the evaluation and use of print and electronic reference sources, reference procedures, and the instructional role of reference resources in the overall school curriculum.

TE 874 - Production of Instructional Resources .................................... 3 hours
Students taking Production of Media and Technology Resources will learn sound instructional design principles and develop competencies in applying them to specific learning objectives within the overall production process. Various audiovisual and technological mediums will be used for the actual production of the resources. Students will also develop skills in determining the appropriateness of producing local resources as opposed to selecting commercially produced resources.

TE 875 - Administration of the School Library Media Program .................. 3 hours
Prereq: TE 869
This course will focus on the administration of the library media program’s mission, budgeting, supervision of personnel, planning, resource needs, communication within the school and public communities, the role of the information specialist in the instructional process, and the interrelationships of information agencies.

TE 876 - Integration of Curriculum, Technology and Media Resources .............. 3 hours
This course will focus on the practical application of theories of instruction; models of teaching; curriculum design; utilization of print, non-print, electronic, and on-line resources; research paradigms; and, studies and findings related to curriculum integration of technology in teaching effectiveness for K-12 educators. Students are required to observe and analyze the teaching process and to conduct micro-teaching exercises.

TE 877 - Developing Web-based Educational Environments ......................... 3 hours
This course is for teachers and instructional technologists who wish to design, implement and evaluate learner-centered instructional environments. Students will create, implement and evaluate nonlinear, student-centered interactive web-based projects, based upon their students’ assessed learning needs.

TE 878 - Leadership in Instructional Technology .................................... 3 hours
This seminar course will provide students with the skills and tools necessary to be an effective, innovative instructional leader in the field of instructional technology. The constructivist perspective of building community leadership will be examined. Staff/faculty development, planning and funding in instructional technology will be emphasized.

TE 879 - Seminar in Instructional Technology ...................................... 3 hours
This is a variable content course which focuses on advanced topics in instructional technology. Students will critically analyze issues and problems in the discipline. Empirically testable research questions related to the topics will be identified. This course may be repeated provided the topics differ, but no more than six hours may count towards a degree.

TE 880 - Management of Educational Technology .................................. 3 hours
This course is an in-depth study of the administration of technology in educational settings; primarily K-12. Management of school computing laboratories, local area networks, and classroom computing will be examined. At the conclusion of this course, the student will be able to manage a school computer laboratory and administer educational technology throughout the school.

TE 881 - Distance Education ............................................................. 3 hours
This course will investigate a variety of distance education technologies and related teaching strategies. Emphasis will be on the historical, current, and future use of telecommunications, satellites, audiographics, fiber optics, and other distance education media.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
This course will produce teacher trainers in instructional technology. Students will work with contemporary instructional technology, in a transcurricular setting. Students will learn how to train classroom teachers to integrate technology into the teachers' disciplines. A variety of learning and teaching strategies will be examined. It is suggested that students should have completed or be concurrently enrolled in CSIS 840P.

This course will cover the use of presentation software to produce multimedia projects. Students will be required to complete several projects using these tools. The focus of this course will be on learning desktop publishing skills and using them to create a variety of projects for use in a classroom setting. The course will consist of a mixture of theoretical and researched-based concepts and components and various hands-on activities. Design principles and elements will be included.

This course will examine the use of electronic on-line resources and other types of telecommunication in education. In addition to using resources such as the Internet, students will use and integrate into their teaching, tools such as web browsers, electronic conferencing, electronic mail, on-line library resources and similar tools. Curricular integration of these tools will be emphasized.

This course will prepare the student to design, create, produce and edit instructional videos for use in their classrooms. The focus is on using currently available classroom equipment for production and editing. After creating a story outline, script, storyboard and performing other pre-production activities.

This course is a general introductory course for using computers and other technology in a classroom environment. Students will learn how to use electronic gradebooks, integrate computer-based instruction programs into their curriculum, and use electronic library and other on-line resources, in addition to presentation software, page scanners, and presentation devices. Students will also evaluate educational software and multimedia programs for use in their classrooms.

This course will cover the use of presentation software to produce effective electronic presentations. A variety of presentation programs will be introduced, examined and used. Topics will include: computer graphics; a brief examination of the psychology of color usage; hypertext linkages; and integrating video, sound, clip art and animation into electronic presentations.

This course will have two major foci: the first will be to enhance previously learned multimedia development skills which will advance the student to a higher level of expertise with those skills; and, to familiarize students with several professional multimedia authoring systems, thereby making the students highly proficient multimedia developers. Topics which include screen design, scripting, project time management and computer graphics will be covered. Students will be required to complete several multimedia projects.

This course is a continuation of TE 888. Students will plan, design, develop and manage a major multimedia project using the team concept. Student teams will work on a tangible, marketable product under the direction of a faculty mentor. Student teams receive a cooperative grade.

This course provides local area network (LAN) managers with networking fundamentals, router troubleshooting techniques, network-management configuration, Macintosh workstation configuration, technology planning, Internet addressing, PPP connections, cable and Ethernet installations, hardware and software troubleshooting guidelines, vendor-relationship techniques, upcoming technology trends, file-transfer and expansion procedures, web-page management, and other school-related networking issues.

This course will provide field experiences for students pursuing the instructional technology program. Basis of the experience will be decided upon between the student and the advisor.

This course is intended to allow students to participate in various "real-life" experiences in IT settings. Projects and internships will be selected and conducted under the guidance of a supervising professor. Focus areas will range from interning in technology centers in school districts and businesses to creating innovative classroom and/or hypermedia projects. Students, with the consent of the professor, can take one, two or three courses. This course may be repeated, but only six hours will be counted towards the degree.

This course is the capstone experience for students in the MSED-Instructional Technology (Library Media) or Library Media Endorsement programs. Students will be gain experiences in school library media center settings. Students must have completed TE 869, TE 871, TE 872, TE 873 and TE 875 as prerequisites.

This course provides local area network (LAN) managers with networking fundamentals, router troubleshooting techniques, network-management configuration, Macintosh workstation configuration, technology planning, Internet addressing, PPP connections, cable and Ethernet installations, hardware and software troubleshooting guidelines, vendor-relationship techniques, upcoming technology trends, file-transfer and expansion procedures, web-page management, and other school-related networking issues.

This course is intended to allow students to participate in various "real-life" experiences in IT settings. Projects and internships will be selected and conducted under the guidance of a supervising professor. Focus areas will range from interning in technology centers in school districts and businesses to creating innovative classroom and/or hypermedia projects. Students, with the consent of the professor, can take one, two or three courses. This course may be repeated, but only six hours will be counted towards the degree.

This course is intended to allow students to participate in various "real-life" experiences in IT settings. Projects and internships will be selected and conducted under the guidance of a supervising professor. Focus areas will range from interning in technology centers in school districts and businesses to creating innovative classroom and/or hypermedia projects. Students, with the consent of the professor, can take one, two or three courses. This course may be repeated, but only six hours will be counted towards the degree.
TEMO 816A - Montessori Elementary I - Practicum

The primary goal of this course is to acquaint the student with the Montessori practice of Montessori education. Students will study the basic theories, stages and areas of child development according to the major contemporaries. Students will become knowledgeable about the complex interaction between heredity and environmental factors (including school, home and neighborhoods). An introduction to the philosophical ideas (i.e., absorbent mind, sensitive periods, social-mathematical mind, spiritual and moral development) of Dr. Maria Montessori as they relate to the child, material, teacher and environment are presented. A background of the history of the Montessori Method, comparing and contrasting with alternate educational approaches is studied. An overview of the Early Childhood curriculum as the foundation of understanding for the previous and following levels of Montessori’s curriculum, pedagogy and methodology are presented.

TEMO 803 - Montessori Elementary I - Philosophy/Child Development

Students will study the basic theories, stages and areas of child development according to the major contemporaries. Students will become knowledgeable about the complex interaction between heredity and environmental factors (including school, home and neighborhoods). The student will develop, refine and demonstrate the skills necessary to become an effective Montessori teacher in the area of lower elementary Montessori Philosophy/Child Development.

TEMO 806 - Montessori Elementary I - Physical Science/Biology

The primary goal of this course is to acquaint the student with the Montessori Physical Science/Biology methodology, rationale, scope and sequence of curriculum in the lower elementary classroom (ages 6-9 years). The student will develop, refine and demonstrate the skills necessary to become an effective Montessori teacher in the area of lower elementary Montessori Physical Science/Biology.

TEMO 807 - Montessori Elementary I - History/Geography

The primary goal of this course is to acquaint the student with the Montessori History/Geography methodology, rationale, scope and sequence of curriculum in the lower elementary classroom (ages 6-9 years). The student will develop, refine and demonstrate the skills necessary to become an effective Montessori teacher in the area of lower elementary Montessori History/Geography.

TEMO 808 - Montessori Elementary I - Integrated Arts

The primary goal of this course is to acquaint the student with the Montessori arts methodology, rationale, scope and sequence of curriculum in the elementary classroom. The student will develop, refine and demonstrate the skills necessary to become an effective Montessori teacher in the area of lower elementary Montessori Integrated Arts.

TEMO 809 - Montessori Elementary I - Language/Grammar

The primary goal of this course is to acquaint the student with the Montessori language/grammar methodology, rationale, scope and sequence of curriculum in the lower elementary classroom (ages 6-9 years). The student will develop, refine and demonstrate the skills necessary to become an effective Montessori teacher in the area of lower elementary Montessori language/grammar.

TEMO 810 - Montessori Elementary I - Mathematics/Geometry

The primary goal of this course is to acquaint the student with the Montessori mathematics/geometry methodology, rationale, scope and sequence of curriculum in the lower elementary classroom (ages 6-9 years). The student will develop, refine and demonstrate the skills necessary to become an effective Montessori teacher in the area of lower elementary Montessori mathematics/geometry.

TEMO 816A - Montessori Elementary I - Practicum

The function of the Practicum Phase is to provide for the student a supervised teaching/learning experience and a period of observation, internalization, and further study, to bring together the theory and practice of Montessori education.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
**TESE 826 - Program Design for Gifted/Talented Education** 3 hours  
Prereq: TESE 822P or TESE 823P or departmental permission  
This course is concerned with the development, implementation, and evaluation of programs for gifted/talented learners, including procedures utilized when developing a distinct definition of giftedness, philosophy and goals for gifted education, staff hiring and development, service delivery options, and public relations.

**TESE 827P - Introduction to Early Childhood**  
Special Education ......................................................... 3 hours  
Philosophical and legal bases for early intervention, and current trends, issues, policies and procedures are examined. Factors related to developmental risk or delay and to atypical developmental processes are presented, along with intervention models and curricular adaptations. Prior completion of PSY 853 is recommended.

**TESE 828A - Intervention Methods: Birth to Two Years** 3-6 hours  
Prereq: TESE 827P or department approval  
This course provides knowledge and skills to intervene with infants and toddlers. Included are medical and physical aspects of developmental delay and the influences of these conditions on developmental processes. Family focused intervention strategies are planned and implemented by the student in field experiences.

**TESE 828B - Intervention Methods: Three to Five Years** 3-6 hours  
Prereq: TESE 827P or departmental permission  
This course provides knowledge required to develop and manage programs, and to adapt teaching strategies, curricula, and materials for preschool and kindergarten children with disabilities. Students acquire methodology, promote domain specific development, functional skills, and child-child interactions in group settings. Field experiences included.

**TESE 829P - Assessment of Young Children: Birth to Five** 3 hours  
Prereq: TESE 827P or departmental permission  
This course prepares students to evaluate assessment tools for young children, determine their appropriateness for various purposes, write and interpret evaluation reports, and translate assessment results into intervention goals and strategies. In field experiences students administer tests and interpret and report results.

**TESE 830 - Consultation and Collaboration with Families and Agencies Serving Individuals with Disabilities** 3 hours  
This course involves the study and application of specific communication skills that teachers may use in conferences, in team meetings, and while collaborating or consulting with others. Skills in listening, empathizing, and interpreting body language are practiced within the educational context. This course also provides specific information about families, family systems, and meeting the needs of families.

**TESE 834 - Characteristics and Identification of Behavior and Learning Disabilities** 3 hours  
This course provides in depth coverage of the identification process, etiologies and characteristics associated with disorders that are categorized as learning disabilities or behavior disorders. Distinction from Pervasive Developmental Disorders and Severe Emotional Disturbance will be discussed.

**TESE 835 - Applications of Assistive Technology Across Environments** 3 hours  
This course provides an in-depth, hands-on examination of the applications of assistive technology for individuals with disabilities as it relates to various fields. New applications of existing and developing technology will be explored. Students will apply their knowledge of assistive technology through action research.

**TESE 837P - Medical Aspects of Individuals with Disabilities** 3 hours  
This course provides students with a general knowledge of the medical conditions seen in children with disabilities. It will familiarize students with terminology, medications, procedures, equipment, and interventions used for children with medical complications. Teacher responsibilities in regards to medical conditions will be covered.

**TESE 840 - Bilingual Special Education** 3 hours  
Students will be exposed to the latest research into the education of English language learners with disabilities, their identification, assessment, and instruction. Particular attention will be paid to the development of Appropriate Individualized Education Plans that reflect culturally responsive instruction in both segregated and inclusive environments.

**TESE 861 - Legal Issues in Special Education** 3 hours  
This course provides students with the competencies needed to develop individualized programming for children with exceptionalities. Verification criteria, parent’s rights, IEP development and implementation, goal and objective development, placement procedures and IEP monitoring will be emphasized.

**TESE 862 - Formal and Informal Assessment in Special Education** 3 hours  
This course is designed to introduce students to the assessment process in special education by addressing procedural safeguards; data collection via informal and standardized procedures; issues in assessment; psychometric properties of standardized tests; and administration, scoring, and interpretation of selected instruments.

**TESE 863 - Research Based Instructional Strategies for Students with Disabilities** 3 hours  
This course is designed to address the wide range of instructional needs of students with disabilities. Students will learn to synthesize and evaluate research on instructional techniques for classroom application. Academic instructional interventions will be emphasized. Students will apply their knowledge of lesson development and classroom management strategies. Contains a field component.

**TESE 864P - Field Experience in Special Education** 1 hour  
The course is designed to provide practical application of learned skills. Students will be placed in an elementary special education setting for a total of fifty clock hours. Students will develop and implement lesson plans and a behavior change plan.

**TESE 867 - Applied and Functional Behavior Analysis** 3 hours  
This course is designed for graduate level students to examine function-based behavior intervention strategies for individuals with disabilities who engage in challenging behavior. Students will be taught basic elements of functional analysis that includes: defining, observing, and recording behaviors as well as the creation of graphic displays for analysis. Ethical standards for behavior management, crisis intervention, and positive behavioral support will be highlighted. This course contains a functional assessment/intervention field component.

**TESE 875P - Curriculum Content for Secondary Students with Disabilities** 3 hours  
This course is designed to address the instructional needs of secondary students with disabilities. Task analysis, community-based interventions, functional academics, modification of materials, and alternative programming and assessment will be emphasized. Students will apply their knowledge of lesson plan development in the development of age appropriate lessons in reading, math, and writing both in a school and community setting.

* This course is the immediate prerequisite. Other preparation is required prior to this immediate prerequisite.
TESE 876P - Transitional Issues for Individuals with Disabilities .................................3 hours
Assessment planning and instruction to facilitate educational and employment post-school outcomes will be emphasized. Federal and state laws governing minimum transition practices will be covered. Assessment, transition planning, services, interagency collaboration, resources, and instruction will be discussed to facilitate a successful transition.

TESE 879P - Developing Social and Personal Skills in Individuals with Disabilities..........................3 hours
This course is designed to provide students with the knowledge and skills to teach social skills. Students will be exposed to various social skills programs presently on the market that have been designed for students with special needs. The development of social stories and social scripts will be emphasized. Students will apply their knowledge of lesson plan development in the development of age appropriate social skills lessons.

VOED 801 - Seminar in Vocational Education ......................3 hours
Prereq: graduate standing or permission of instructor
Concentrated on the analysis of current problems, trends and recent developments in vocational and technical education, with particular attention to situations related to individual student needs and interests.

VOED 802 - Practicum in Vocational Education .............. 3-6 hours
Prereq: graduate standing or permission of instructor
Designed to provide vocational educators with the opportunity to implement new programs, become involved in related research or gain internship experiences. A proposal must be submitted prior to registering for the course.

VOED 810 - Individual Studies in Vocational Education.... 1-3 hours
Students spend time on a problem which is not included under the regular vocational/technical education program of instruction. Two copies of a well-written paper must be filed before credit is granted, one to be filed with the professor in charge of the study and one with the Director of the Center for Vocational Education. Offered by arrangement.

VOED 831P - Coordinating Techniques.............................3 hours
This course analyzes vocational cooperative programs and their relationship to the comprehensive school curriculum for combining school-based and work-based learning. The challenges of developing and implementing an effective work-based learning experience are explored. Emphasis is placed on the organization and supervision of cooperative programs, the duties and responsibilities of the coordinator, the selection and placement of students, the evaluation of training stations, and the evaluation of student occupational competencies.

VOED 832P - Foundations and Contemporary Issues in Vocational Education ..............................1-3 hours
Origins and philosophy of vocational education and its relationship to the school curriculum. Required for vocational endorsement and recommended as an elective for school administrators.

VOED 834P - Introduction to Student with Special Needs ....3 hours
*(meets the Human Relations requirement for teachers)
This course is designed to assist teachers in understanding some of the causative factors for students’ failure in the regular classroom. Emphasis is placed upon issues and concerns in providing education in a multicultural society. Attention is directed toward state and federal legislation regarding disadvantaged and handicapped students and discrimination as it relates to the classroom. The effect of teacher attitude and behavior upon student learning is surveyed.

VOED 845 - Cooperative Education Programs .....................3 hours
Prereq: VOED 431 or VOED 831P or equivalent
The primary purpose of this course is to provide an inservice opportunity for experienced teacher-coordinators. This course builds on and expands the competencies provided in a basic or introductory course on coordination techniques of cooperative vocational education. Course content will include information on the latest trends in experiential education.

VOED 848 - Equity in Today’s Society .................................3 hours
To increase awareness of the Equal Opportunity Legislation, the equity emphasis in the Vocational Education Legislation, and to survey the underlying attitudes and values of society that make it so difficult to achieve the full implementation of equal opportunity.

VOED 896 - Thesis .............................................3-6 hours
VOED 899 - Special Topics in Vocational Education........ 1-3 hours
This course is designed to enable students to become knowledgeable of recent trends and issues in vocational education.
Vijay Kumar Agrawal  
Associate Professor of Management Information Systems; 2001; B.E., University of Indore, India; M.B.A, University of Toledo; M.S., Bowling Green State University; Ph.D., University of Millia Islamia, India.

Mary Elizabeth Ailes  
Professor of History; 1997; B.A., Pacific Lutheran University; M.A., Ph.D., University of Minnesota.  
Special Interests: Early Modern European History; Scandinavia; British Isles; Military and Diplomatic History

Marc Albrecht  
Associate Professor of Biology; 1996; B.S., Denison University; M.S., Miami University of Ohio; Ph.D., University of Oklahoma.  
Special Interests: Animal Movement; Geographical Information Systems; Modeling of Animal Populations and Genetics

Donna Alden  
Associate Professor of Art Education; 2004; B.A., University of Illinois; M.S., Kansas State University; Ph.D., University of Missouri.

John Anderson  
Professor of Political Science; 1993; B.S., B.A., M.A., University of Wyoming; Ph.D., Washington State University.  
Special Interests: Political Thought; Policy; Public Administration and Political Development; Development of Gentler, Kinder Methods of Power; What Makes Democracies Work in the Smaller Towns and Places Where we Live

Teara Archwamety  
Professor of Counseling and School Psychology; 1979; B.Ed., Chulalongkorn University; Ph.D., University of Minnesota.  
Special Interests: Psychology of Reading; International Education; Computers in Research

Sylvia Asay  
Associate Professor of Family Studies and Interior Design; 1991; B.S., M.S.Ed., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln.  
Special Interests: International Family Strengths; Premarital Preparation

William Avilés  
Associate Professor of Political Science; 2002; B.A., Florida International University; M.A., Ph.D., University of California at Riverside.

Elaine Batenhorst  
Associate Professor of Teacher Education; 1980; B.A., M.A.Ed., Kearney State College; Ph.D., University of Nebraska-Lincoln.  
Special Interests: Curriculum and Instruction; Literacy

Joseph Benz  
Professor of Psychology; 1989; B.S., M.A., Ph.D., University of Nebraska-Lincoln.  
Special Interests: Non-human Vocal Communication and Mate Choice; Evolution of Human Behavior and Mate Selection Strategies; Species: Humans, Sandhill Cranes

Kathryn N. Benzel  
Professor of English and Martin Chair Distinguished Professor in English; 1987; B.Ed., M.A., University of Toledo; Ph.D., University of Illinois at Urbana-Champaign.  
Special Interests: Modern British and American Literature; Literary Criticism; Narrative Theory

Douglas Biggs  
Assistant Professor of History; 2008; B.A., M.A., Iowa State University; Ph.D., University of Minnesota, Twin Cities.  
Special Interests: Fellow, Royal Historical Society; Medieval England; Military History

Paul Bishop  
Professor of Health, Physical Education, Recreation and Leisure Studies; 1974; B.S., Ft. Hays State University; M.S., Bowling Green State University; Ed.D., University of Utah.  
Special Interests: Motor Development; Physical Activity for Persons with Disabilities

Joan Blauwkamp  
Chair and Associate Professor of Political Science; 1997; B.A., Wheaton College; M.A., Ph.D., University of Iowa.  
Special Interests: Political Rhetoric; Public Opinion; Campaigns and Elections

Susanne George Bloomfield  
Professor of English; 1988; B.A., M.A.Ed., Kearney State College; Ph.D., University of Nebraska-Lincoln.  
Special Interests: Western and Plains Literature; American Literature; Women’s Literature; English Education

Vijendra K. Boken  
Associate Professor of Geography and Earth Science; 2007; B.S., Pant University of Agriculture and Technology, Panthagar, India; M.S., Asian Institute of Technology, Bangkok, Thailand; M.S., University of Jodhpur, India; Ph.D., University of Manitoba.  
Special Interests: Remote Sensing; Water Resources; Agriculture; Natural Disasters

Kurt Borchard  
Professor of Sociology; 1998; B.A., University of Alaska; M.A., University of Colorado at Colorado Springs, Ph.D., University of Nevada Las Vegas.  
Special Interests: Qualitative Research Methods; Criminology/ Deviance; Homelessness; Cultural Studies; Symbolic Interaction

Karl J. Borden  
Professor of Accounting/Finance; 1986; A.B., Colgate University; M.Ed., Ed.D., University of Massachusetts; M.B.A., University of Cincinnati.  
Special Interests: Short Term and Small Business Financial Management
Deborah Bridges  
Faculty Assistant to SVCASA and Professor of Economics; 1997; B.S., M.S., University of Wyoming; Ph.D., Washington State University.  
Special Interests: Agricultural Policy and Consumer Attitudes

Wayne Briner  
Professor of Psychology; 1992; B.A., M.A., Sangamon State University; Ph.D., Northern Illinois University.  
Special Interests: Neuropsychology; Neuropharmacology; Neuropsychology

Gregory M. Broekemier  
Chair and Professor of Marketing; 1987; B.S., M.S.Ed., Kearney State College; Ph.D., University of Nebraska-Lincoln.  
Special Interests: Retail Atmospherics; Rural Retailing Issues; Business Ethics; and College Choice

Gregory A. Brown  
Associate Professor of Health, Physical Education, Recreation and Leisure Studies; 2004; B.S., Utah State University; M.S., Ph.D., Iowa State University.

Nathan Buckner  
Professor of Music; 1997; B.M., The Juilliard School; M.M., Indiana University; D.M.A., University of Maryland.  
Special Interests: Historic and Contemporary American Piano and Chamber Music Performance and Literature

Derrick Burbul  
Assistant Professor of Art; 2005; B.S., University of Wisconsin-Superior; M.F.A., University of Idaho.

Paul R. Burger  
Chair of Sociology, Geography and Earth Science and Associate Professor of Geography and Earth Science; 2003; B.S., Northwest Missouri State University; M.A., Kansas State University; Ed.D., Oklahoma State University.  
Special Interests: GIS; Economic; Population; Political

Timothy J. Burkink  
Dean of Business and Technology and Professor of Marketing; 2001; B.S., M.B.A., Ph.D., University of Nebraska-Lincoln.  
Special Interests: Consumer Behavior; Interfirm Knowledge Transfer; Food Marketing; Rural Economic Development

Dion Cautrell  
Assistant Professor of English; 2007; B.A., M.A., University of Nebraska at Kearney; Ph.D., University of Florida.  
Special Interests: Classical Rhetoric; Stylistics; Writing Pedagogies

Ting-Lan Chen  
Associate Professor of Music; 2004; B.F.A., National Institute of the Arts, Taipei, Taiwan; M.M., D.M.A., College-Conservatory of Music University of Cincinnati.  
Special Interests: Violin Performance; Chamber Music; Orchestral Performance

Valerie C. Cisler  
Chair of Music and Performing Arts and Professor of Music; 1994; B.M. Silver Lake College; M.M. Eastern New Mexico University; D.M.A., University of Oklahoma.  
Special Interests: Piano Performance and Pedagogy; Research, Analysis, and Performance of Contemporary American Music

Aaron Clark  
Assistant Professor of Mathematics and Statistics; 2007; B.A., Westfield State College; M.A., Ph.D., University at Albany, State University of New York.  
Special Interests: Low Dimensional Topology; Geometric Group Theory; Dynamical Systems

H. Jason Combs  
Associate Professor of Geography and Earth Science; 2007; B.S., Northwest Missouri State University; M.S., Southwest Missouri State University; Ph.D., University of Nebraska-Lincoln.  
Special Interests: Cultural Geography; Urban Geography

James Cook  
Professor of Music; 1986; B.A., M.A., Conservatory of Music of the University of Missouri at Kansas City; D.M.A., University of Texas at Austin.  
Special Interests: Piano Performance, Pedagogy, and Literature; Performance Emphasis on Music of the Classical and Romantic Periods

Herbert Craig  
Professor of Modern Languages; 1989; B.A., Ohio State University; M.A., Ph.D., University of Wisconsin-Madison; M.A., University of Illinois at Urbana-Champaign.  
Special Interests: Research: Proust and Spanish/Spanish-American Narrative, Women Writers, Film Studies; Teaching: Spanish-American Literature, Spanish Linguistics

Sherry R. Crow  
Assistant Professor of Teacher Education; 2008; B.S.Ed., Ft. Hays State University; M.L.S., Brigham Young University; Ph.D., Emporia State University.  
Special Interests: Teaching: School Library Science, Educational Media; Research: Intrinsic Motivation for Information Seeking

Linda K. Crowe  
Chair and Associate Professor of Communication Disorders; 2008; B.S., Southeast Missouri State University; M.S., University of Nebraska-Lincoln; Ph.D., Louisiana State University.  
Special Interests: Teaching and Research on Language and Literacy Development and Disorders Across the Life Span; Clinical Services to Individuals with Reading and Writing Disabilities

Patricia A. Cruzeiro  
Chair and Professor of Educational Administration; 2004; B.A., Bloomfield College; M.A., Seton Hall University; Ed.D., University of South Dakota.
D

John Damon
Professor of English; 1998; B.A., University Oregon; B.A.Ed., Western Washington University; M.A., Ph.D., University of Arizona
Special Interests: Medieval Literature; Old and Middle English; History of the English Language; Linguistics; Native American Literature and Linguistics

Scott Darveau
Professor of Chemistry; 1997; B.S., University of Nebraska-Lincoln; Ph.D., University of Chicago.
Special Interests: Spectroscopy; Materials Science; Thin Film Photovoltaics

Gary Davis
Professor of Music and Director of the Honors Program; 1990; B.M.E., M.M., University of Nebraska-Lincoln; Ph.D., University of Iowa.
Special Interests: The Art of Conducting; Research in Recruitment and Retention

Roger Davis
Professor of History; 1986; B.A., Youngstown State University; M.A., Ph.D., University of Arizona.
Special Interests: General Latin America; Nineteenth Century South American Andean; State Formation and Nationalism; Gilded Age U.S.; Hispanics on the Great Plains

Jeremy S. Dillon
Associate Professor of Geography and Earth Science; 2002; B.S., University of Nebraska-Lincoln; M.A., University of Nebraska-Omaha; Ph.D., University of Kansas.
Special Interests: Quaternary Geology; Holocene alluvium; Soils; Geomorphology; Geoaarcheology

Aaron Dimock
Assistant Professor of Communication; 2004; B.S.Ed., Black Hills State University; M.A., Ph.D., University of Colorado at Boulder.
Special Interests: Rhetoric; Argumentation; Public Deliberation; Language and Social Interaction

Julie Dinsmore
Professor of Counseling and School Psychology; 1992; B.A., University of Kansas; M.S.Ed., Ed.S., University of Nebraska at Kearney; Ed.D., University of South Dakota.
Special Interests: Elementary School Counseling; Multicultural Counseling and Diversity Issues

E

Bruce Elder
Interim Chair of Economics and Professor of Accounting/Finance; 1983; B.S., Kearney State College; J.D., University of Nebraska-Lincoln College of Law.
Special Interests: Employment Law; Commercial Law; Water Law

Mark R. Ellis
Associate Professor of History; 2001; B.A., M.A., California State University, Northridge; Ph.D., University of Nebraska-Lincoln.
Special Interests: American West; Plains Indians; Nebraska and the Great Plains; American Legal History; Sports History; American Ethnicity

Barbara Emrys
Professor of English; 1992; B.A., M.A., Arizona State University; Ph.D., Florida State University.
Special Interests: Creative Writing (Fiction); the Novel; Contemporary American Literature; Popular Culture; Creative Writing (Prose); Nineteenth Century British

Brad L. Ericson
Associate Professor of Biology; 1989; B.S., University of Nebraska at Kearney; Ph.D., Baylor College of Medicine.
Special Interests: Molecular Biology-Viral Gene Expression; Viral Replication Strategies; Viral Immunology and Applications to Viral Vaccine Strategies; Current Research on Developmental Biology of Medaka (Oryzias latipennis)

Tommy Eshleman
Associate Professor of Economics; 1992; B.S., Northwestern Oklahoma State University; M.A., Washington State University; Ph.D. Oklahoma State University.
Special Interests: Demand and Price Analysis; Food Consumption and Consumer Behavior; International Trade and Marketing

Christopher L. Exstrom
Professor of Chemistry; 1996; B.A., Illinois Wesleyan University; Ph.D., University of Minnesota.
Special Interests: Properties of Solvatochromic Compounds and Applications as Sensor Materials

F

Kerri M. Farnsworth-Hoback
Associate Professor of Biology and Teacher Education; 2001; B.A., Carroll College; M.S., Montana State University; Ph.D., Colorado State University.
Special Interests: Landscape and Community Ecology; Spatial Analysis; Invasive Species

Gene Fendt
Professor of Philosophy; 1987; B.A., Marquette University; M.A., University of Chicago; Ph.D., University of Texas.
Special Interests: Ancient and Medieval Philosophy; Kierkegaard; Kant; Philosophy of Religion; Poetry

Anne Foradori
Professor of Music; 1994; B.M., Ohio University; M.M., Cleveland Institute of Music; D.M.A, Ohio State University.
Special Interests: Vocal Performance; Contemporary American Composers; Musical Theatre; Opera

Krista D. Forrest
Professor of Psychology; 1997; B.S., Old Dominion University; M.S., Ph.D., North Carolina State University.
Special Interests: Group Dynamics; Procedural Justice; Psychology and Law

Scott Fredrickson
Professor of Teacher Education; 1992; B.S., University of Nebraska at Omaha; M.E., Texas Tech. University; Ed.D., Texas Tech. University.
Special Interests: Instructional Technology; Distance Education; Telecommunications; Technology Integration

Lucille Freeman
Professor of Teacher Education; 1986; B.A., Muskingum College; M.S. Ed., Kearney State College; Ph.D., University of Wyoming.
Special Interests: Curriculum and Instruction

Beverly J. Frickel
Associate Professor of Accounting/Finance; 2001; B.A., M.A., Ph.D., University of Nebraska-Lincoln.

Krista K. Fritson
Associate Professor of Psychology; 2004; B.S., University of Nebraska at Kearney; M.S., Fort Hays State University; Psy.D., Forest Institute of Professional Psychology.
Special Interests: Teaching; Clinical Psychology
Janice Fronczak
Associate Professor of Theatre; 2001; B.A., M.A., University of Houston-Clear Lake; M.F.A., Virginia Commonwealth University. Special Interests: Playwriting; Screenwriting

Keith Geluso
Assistant Professor of Biology; 2006; B.S., University of New Mexico; M.S., University of Nevada; Ph.D., University of New Mexico.

Stephen D. Glazier
Professor of Sociology; 1988; A.B., Eastern University; M. Div., Princeton Theological Seminary; M.A., Ph.D., University of Connecticut. Special Interests: Sociology of Religion; General Anthropology; Sociology of Medicine; Ethnicity; Minority Relations; African-Americans; Caribbean; Latin America; Shamanism

Victoria Goro-Rapoport
Associate Professor of Art; 2004; B.F.A., Moscow Art College; M.F.A., University of Utah; M.F.A., University of Illinois at Urbana-Champaign.

Steven C. Hall
Chair and Professor of Accounting/Finance; 2001; B.S., Weber State College; Ph.D., University of Utah; C.P.A. Special Interests: Financial Accounting; Corporate Reporting

Ralph Hanson
Professor of Communication; 2008; B.S., M.S., Iowa State University; Ph.D., Arizona State University.

Sherri K. Harms
Chair and Associate Professor of Computer Science and Information Systems; 2001; B.S., Buena Vista University; M.S., Iowa State University; Ph.D., University of Missouri.

Janette Harriott
Associate Professor of Music; 2002; B.S.E., Northern Illinois University; M.A., California State University, Sacramento; Ph.D., University of Oklahoma.

Anita Hart
Professor of Modern Languages; 1996; B.A., Furman University; M.A.T., University of Florida; Ph.D., Florida State University. Special Interests: Contemporary Spanish Poetry; Hispanic Women Writers; Twentieth Century Spanish Literature

John Hastings
Associate Professor of Computer Science and Information Systems; 2001; B.S., M.S., Ph.D., University of Wyoming.

Suzanne K. Hayes
Assistant Professor of Accounting/Finance; 2004; B.S., Nebraska Wesleyan University; M.B.A., East Carolina University; Ph.D., University of Texas at Dallas. Special Interests: Investments; Personal Finance

Michelle Beissel Heath
Assistant Professor of English; 2009; B.A., Gustavus Adolphus College; M.A., University of Maine; Ph.D., The George Washington University.

Allison Hedge Coke
Associate Professor of English and the Paul W. Reynolds and Clarice Kingston Reynolds Chair in Poetry and Writing; 2007; A.F.A.W., Institute for American Indian Arts; M.F.A.W., Vermont College.

Kate Heelan
Associate Professor of Health, Physical Education, Recreation and Leisure Studies; 2001; B.A., Drury College; M.A.Ed., University of Nebraska at Kearney; Ph.D., University of Kansas. Special Interests: Physical Activity and Obesity

William Hoback
Professor of Biology; 1999; B.A., Randolph-Macon College; M.S., Southwest Missouri State University; Ph.D., University of Nebraska-Lincoln. Special Interests: Ecological, Physiological, and Behavioral Differences that Allow Closely-related Organisms to Co-exist; Current Research Includes the Study of Carrion Beetles, Tiger Beetles, and the Effects of Exotic Species on Native Organisms; Applied Research on Potato-Insect Interactions being Conducted

Patricia Hoehner
Associate Professor of Educational Administration; 1998; B.A., M.S., Ed.S., Kearney State College; Ed.D., University of Nebraska-Lincoln. Special Interests: Educational Leadership

David D. Hof
Associate Professor of Counseling and School Psychology; 2000; B.A., M.A., Chadron State College; Ed.D., University of South Dakota.

Nanette M. Hogg
Associate Professor of Communication; 2002; B.S., Kearney State College; M.S.E., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln. Special Interests: Communication Technology

Susan Honeyman
Associate Professor of English; 2002; B.A., M.A., University of Kansas; Ph.D., Wayne State University. Special Interests: Children’s and Adolescent Literature; Cultural Studies/Theory

Syed A. Hossain
Associate Professor of Mathematics; 1994; ASA., Society of Actuaries; Ph.D., Old Dominion University.

Larry Hughes
Assistant Professor of Management; 2006; M.B.A., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln.

Howard Jacobson
Professor of Art; 1987; B.A., M.A., M.F.A., Fort Hays State University. Special Interests: Ceramics, Kiln Design Construction and Low Fire Glaze

Thomas Jacobson
Associate Professor of Educational Administration; 1991; B.S., Bemidji State University; M.S., St. Cloud State University; Ed.S., Ph.D., University of Minnesota. Special Interests: Leadership and Organizational Behavior

Akbar Javidi
Associate Professor of Communication; 1986; B.A., College of Translation, Tehran, Iran; M.A., Oklahoma City University; Ph.D., University of Oklahoma. Special Interests: Communication Apprehension; Interpersonal Relations; Intercultural Communication; Communication Education

Allan Jenkins
Professor of Economics; 1987; B.A., University of Oklahoma; M.A., Ph.D., University of Nebraska-Lincoln. Special Interests: Environmental Economics; Endangered Species Issues

Susan M. Jensen
Associate Professor of Management; 2003; B.S., University of Kansas; M.B.A., John M. Olin School of Business, Washington University; Ph.D., University of Nebraska-Lincoln.
Christa Jones
Assistant Professor of Modern Languages; 2007; M.A., PhD., Washington University in St. Louis.

William Jurma
Dean of Fine Arts and Humanities and Professor of Communication; 1998; B.A., Oberlin College; M.A., Ph.D., Indiana University.
Special Interests: Organizational Communication; Leadership and Group Decision-Making

Daryl Kelley
Professor of Sociology; 1986; B.A., Indiana University at Fort Wayne; M.A., Ph.D., Western Michigan University.
Special Interests: Worker Participation; Corporate Crime; Sociology of Work

Nyla Khan
Associate Professor of English; 2004; B.A., Lady Shri Ram College, University of Delhi, New Delhi, India; M.A., University of Delhi, New Delhi, India; M.A., Ph.D., University of Oklahoma.
Special Interests: Twentieth Century Anglophone Postcolonial Literature; Nineteenth and Twentieth Century British Literature; Postcolonial Theory; Cultural Studies

Katherine Kime
Associate Professor of Mathematics and Statistics; 1997; B.A., University of Colorado-Boulder; M.A., Ph.D., University of Wisconsin-Madison.
Special Interests: Control Theory of Partial Differential Equations

Janice Kimmons
Assistant Professor of Family Studies and Interior Design; 2003; B.S., Texas Tech University; M.S. Kansas State University; Ph.D., University of Nebraska-Lincoln.
Special Interests: Original Design Using Textiles; History of Interiors

Ron Konecny
Professor of Management; 1988; B.S., Northwest Missouri State University; M.A., Ph.D., University of Nebraska-Lincoln.
Special Interests: Environmental Economics; Management Science

Vani Vijaya Kotcherlakota
Professor of Economics; 1986; B.A., Andhra University, Waltair, A.P., India; M.A., University of Western Ontario, Canada; M.A., Queen’s University, Canada; Ph.D., Andhra University, India.
Special Interests: International Economics and International Marketing

Frank A. Kovacs
Associate Professor of Chemistry; 2002; B.S., University of West Florida; Ph.D., Florida State University.
Special Interests: Protein Biochemistry with a Focus on Structure/Function Relationships

Liubov V. Kreminska
Assistant Professor of Physics and Physical Science; 2007; M.S., Kiev State University; Ph.D., The Institute of Physics of the National Academy of Sciences of Ukraine.
Special Interests: Optics of Singularities; Applications of Liquid Crystals

Sonja Kropp
Chair and Associate Professor of Modern Languages; 1987; B.A., Kearney State College; M.A., Ph.D., University of Nebraska-Lincoln.
Special Interests: Nineteenth Century French Narrative; Symbolist Poetry; French and Francophone Film; French and Francophone Women Writers

Martha Kruse
Chair and Associate Professor of English; 1996, B.A., University of Iowa; M.S.E., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln.

K

Michael Larsen
Assistant Professor of Physics and Physical Science; 2007; B.S., Ph.D., Michigan Technological University.
Special Interests: Clouds, Radiative Transfer, Aerosols, and Precipitation Physics; Radar and Physical Meteorology; Airborne Pathogen Risk Analysis; Spatial Point Process Models; Natural Variability in Physical Systems

L

Lillian C. Larson
Associate Professor Communication Disorders; 1987; A.B., Augustana College; M.A., Western Michigan University; Ph.D., Indiana University.
Special Interests: Vocal Hygiene Charts to Treat Voice Disorders; Phonological Development and Disorders; Clinical Supervision

Janet L. Lear
Assistant Professor of Economics; 2001; B.A., M.A.Ed., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln.
Special Interests: Web-based Teaching/Learning; Business Communications; Business

Joan D. Lewis
Professor of Teacher Education; 1998; B.A., University of Southern California; M.Ed., Ph.D., University of Southern Mississippi.
Special Interests: Gifted Girls; Diverse Populations; Identification of Gifted Learners; Program Development Particularly in Rural Areas; Public Relations and Advocacy for Gifted Education; Administrator Support for Gifted Education

Carol Lilly
Professor of History and Interim Director of International Studies; 1992; B.A., University of Colorado; M.A., Ph.D., Yale University.
Special Interests: Former Yugoslavia; Balkans; Central and Eastern Europe; Soviet Union; Propaganda; Stalinism; Cultural and Political History

Xuli Liu
Assistant Professor of Computer Science and Information Systems; 2006; B.S., M.S., Beijing Jiaotong University; Ph.D., University of Nebraska-Lincoln.
Special Interests: Distributed System; Parallel Compiler

Carol Lomicky
Associate Dean of Graduate Studies and Research, Director of the Institutional Review Board (IRB), and Professor of Communication; 1982; B.S., M.A.Ed., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln.
Special Interests: First Amendment and Public Policy; Women in Journalism History; New Media Technology
Peter J. Longo
Professor of Political Science; 1988; B.A., Creighton University; J.D., University of Nebraska College of Law; Ph.D., University of Nebraska-Lincoln.
Special Interests: Environmental Politics and State Constitutionalism

Claude A. Louishomme
Associate Professor of Political Science and Director of Ethnic Studies; 2000; B.A., M.A., Ph.D., University of Missouri-St. Louis.

Robert M. Luscher
Professor of English; 1995; B.A., University of California-San Diego; M.A., Ph.D., Duke University.
Special Interests: Nineteenth and Twentieth Century American Literature; Short Story

Lutfi A. Lutfiyya
Chair and Professor of Mathematics and Statistics; 1987; B.A., Simpson College; M.S., Oklahoma State University; Ph.D., University of South Carolina.
Special Interests: Technology in the Mathematics Classroom; Problem-solving; Educational Measurement and Evaluation

Kyle W. Luthans
Chair and Professor of Management; 1999; B.S., M.A., Ph.D., University of Nebraska-Lincoln.
Special Interests: High Performance Work Practices; Positive Psychological Capital

B. Jean Mandernach
Visiting Assistant Professor of Psychology; 2003; B.S., University of Nebraska at Kearney; M.S., Western Illinois University; Ph.D., University of Nebraska-Lincoln.

Mark E. Marbes
Associate Professor of Physics and Physical Science; 1999; B.S., Ph.D., Oklahoma State University.
Special Interests: Dusty Plasmas; Band Theory of Carbon Nanotubes; Nuclear Weapon EM; Radiation Effects on Materials and Electronics

Phyllis Markussen
Chair and Professor of Family Studies and Interior Design; 1988; B.S.Ed., M.S.Ed., University of Nebraska at Kearney; Ed.D., University of Nebraska-Lincoln.
Special Interests: Interior Design; Kitchen and Bath Design; Universal Design; Computer-Aided Design

Craig S. Marxsen
Associate Professor of Economics; 1987; A.B., Georgia Southern College; Ph.D., Georgia State University.
Special Interests: Environmental Regulation and the Productivity Growth Slowdown

Suzanne L. Maughan
Program Director and Associate Professor of Sociology; 2001; B.S., M.S., Ph.D, Brigham Young University.

Max A. McFarland
Chair and Professor of Counseling and School Psychology; 1986; B.S., M.S.Ed., Ed.S., Kearney State College; Ed.D., University of South Dakota.
Special Interests: Ecological Assessment of Behavior Disorders; International Research; Infant Mental Health

Michele McKeelvey
Assistant Professor of Communication Disorders; 2006; B.S., University of Nebraska-Omaha; M.S.Ed., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln.
Special Interests: Adults with Acquired Communication Disorders; Augmentative and Alternative Communication

Jose Mena-Werth
Professor of Physics and Physical Science; 1992; B.S., University of San Francisco; M.S., Ph.D., University of Washington.
Special Interests: Astronomy; Stars; Planetarium Education; Search for Extra-solar Planetary Systems; Search for Life Beyond the Earth

Richard Meznarich
Assistant Professor of Industrial Technology; 2004; A.A., Illinois Valley Community College; B.A., M.A., University of Northern Colorado; Ph.D., Texas A&M University.

Richard L. Miller
Chair and Professor of Psychology; 1990; B.S., Weber State College; M.A., Ph.D., Northwestern University.
Special Interests: Attitude Change and Persuasion; Human Territoriality; Interpersonal Attraction and Social Comparison Processes

Grace A. Mims
Associate Professor of Counseling and School Psychology; 2008; B.A., University of Central Missouri; M.S., Western Illinois University; Ph.D., Southern Illinois University at Carbondale.

Darleen Mitchell
Associate Professor of Music; 2000; B.M., DePaul University; M.M., Northwestern University; Ph.D., University of Chicago.
Special Interests: Contemporary Music, Especially Non-tonal and Women Composers; Contemporary Applications of Music Analysis such as Post-tonal and Shenkerian

Dawn L. Mollenkopf
Associate Professor of Teacher Education; 2003; B.A., Andrews University, Michigan; M.S., University of Oregon; Ph.D., University of Kansas.
Special Interests: Professional Development for Preservice and Inservice Teachers; Early Childhood Policy Issues

Donna Montgomery
Associate Professor of Teacher Education; 2001; B.S., University of Maryland; M.S., Johns Hopkins University; Ph.D., Purdue University.
Special Interests: Assistive Technology; Autism Spectrum Disorder; Writing Disabilities; Parent Involvement in the IEP Process; Modifications and Adaptations for the Classroom

Jan Moore
Associate Professor of Communication Disorders; 2008; B.S.E., University of Central Arkansas; M.S., Purdue University; Ph.D., University of Illinois.
Special Interests: Cochlear Implantation in Children and Adults; Speech Development in Children Following Cochlear Implantation; Early Intervention of Children with Hearing Loss; Newborn Hearing Screening

Tami James Moore
Associate Professor of Family Studies and Interior Design; 2000; B.S., M.S., University of Nebraska-Lincoln; M.S., Emporia State University; Ph.D., University of Nebraska-Lincoln.

Marta Moorman
Professor of Health, Physical Education, Recreation and Leisure Studies; 1996; B.S, University of Oklahoma; M.S., State University College at Cortland, NY; Ed.D., University of Arkansas.
Special Interests: Community Recreation, Outdoor Recreation and Environmental Education
Donald Ace Morgan  
Professor of Accounting/Finance; 1988; B.S., Northeast Missouri State University; M.A., University of Missouri; Ph.D., University of Iowa; C.P.A.  
**Special Interests:** Students - Perceptions, Achievement, Assessment, Evaluations

Annette C. Moser  
Assistant Professor of Chemistry; 2006; B.S., University of Nebraska at Kearney; Ph.D., University of Nebraska-Lincoln.

Michael D. Mosher  
Chair and Professor of Chemistry; 1995; B.S., University of Idaho; M.S., Dartmouth College; Ph.D., Texas Tech. University.  
**Special Interests:** Design and Synthesis of Substituted Acridines, Phenazines, and Isoxazoles for Use as Anti-tumor Agents; Molecular Interactions Studied by NMR and X-ray; Development of Upper-division Organic Chemistry Courses

Yozan Mosig  
Professor of Psychology; 1977; B.A., Eastern New Mexico University; M.A., Ph.D., University of Florida.  
**Special Interests:** Non-Freudian Psychohistory of Hannibal and the Punic Wars; Stress Management Through Zen Meditation; Non-Western Conceptions of the Self

Robert Murphy  
Assistant Professor of Biology; 2006; B.S., M.S., University of Wisconsin-Stevens Point; Ph.D., Montana State University.

David B. Nabb  
Professor of Music; 1994; B.M., M.M., Indiana University; Ph.D., University of North Texas.  
**Special Interests:** Woodwind Performance and Pedagogy; Music History; Music Education

Ken Nelson  
Associate Professor of Educational Administration; 2001; B.A., Nebraska Wesleyan University; M.S., Wayne State College; Ed.D., University of Nebraska-Lincoln.

Timothy Obermier  
Chair and Professor of Industrial Technology; 1996, B.S., M.S., Kearney State College; Ph.D., Colorado State University.  
**Special Interests:** Telecommunication Regulation

Hector Palencia  
Assistant Professor of Chemistry; 2009; B.S., University of Michoacan, Mexico; M.S., Universidad Nacional Autonoma de Mexico (UNAM); Ph.D., University of Nebraska-Lincoln/UNAM.

David Palmer  
Professor of Management; 1997; B.S., State University of New York University Center at Binghamton; M.B.A., Bowling Green State University; Ph.D., Purdue University.  
**Special Interests:** Organizational Behavior; Organizational Time; Human Resource Management; Staffing and Selection; Job Choice Processes

James Payne  
Professor of Music; 1974; B.M., University of North Texas; M.Ed., University of Missouri-Columbia; D.M.A., University of North Texas.  
**Special Interests:** Trumpet Performance and Pedagogy; Jazz Performance; Music Business; Music Technology; History of Jazz, Rock, and Blues Music

Elizabeth Peck  
Associate Professor of English; 1986; B.A., University of Oklahoma; M.A., Ph.D., University of Rhode Island.  
**Special Interests:** Colonial, Early, and Nineteenth Century American Literature; Women's Studies; American Women Writers; Children's Literature

Dennis Potthoff  
Chair and Professor of Teacher Education; 1996, B.S., M.S., Ph.D., University of Nebraska-Lincoln.  
**Special Interests:** Purposes for Education in a Democratic Society; School/University Partnerships; Community Service Learning; Online Education

Glen Powell  
Associate Dean of Education and Professor of Teacher Education; 1979; B.S., M.S., Southwest Missouri State University; Ph.D., University of Georgia.  
**Special Interests:** Research on Community Literacy; Family Influence on Literacy; Motivational Factors Involving Reading, Fluency

James R. Rohrer  
Associate Professor of History; 2005; B.A., Kent State University; M.A., The Ohio State University; M.Div., University of Dubuque Theological Seminary; Ph.D., The Ohio State University.

Steven Rothenberger  
Professor of Biology; 1992; B.S., M.S.Ed., University of Nebraska at Kearney; Ph.D., North Dakota State University.  
**Special Interests:** Ecology/Plant Taxonomy: Plant Species Composition of Natural Areas in Nebraska, Threatened and Endangered Plant Species

David Rozema  
Director and Professor of Philosophy; 1992; B.S., Northern Arizona University; Ph.D., University of Utah.  
**Special Interests:** Philosophy in Literature; Philosophy of Science; Ethics; Plato; and Wittgenstein

Robert F. Rycek  
Interim Dean of Natural and Social Sciences and Professor of Psychology; 1983; B.A., University of Illinois, Chicago; M.A., Ph.D., Northern Illinois University.  
**Special Interests:** Cognitive Development; Logical Reasoning and Problem Solving; Adolescent Egocentrism

Ed Scantling  
Dean of Education and Professor of Health, Physical Education, Recreation and Leisure Studies; 1985; B.A., Humboldt State University; M.A., University of Northern Colorado; Ph.D., University of New Mexico.  
**Special Interests:** Sport Pedagogy; Fitness Education

Neal Schnoor  
Associate Professor of Music and Teacher Education; 1997; B.F.A.E., Wayne State College; M.M., Ph.D., University of Nebraska-Lincoln.  
**Special Interests:** Music Education; Secondary Education; Developing Aesthetic Sensitivity and Assessment in Rehearsal Settings

Casey Schoenebeck  
Assistant Professor of Biology; 2009; B.S., Kansas State University; M.S., University of Wisconsin Stevens Point; Ph.D., South Dakota State University.
Richard D. Schuessler
Professor of Art; 1993; A.A.S. in Advertising, Design and Production/MVCC; B.F.A., SUNY at Fredonia; M.F.A., Virginia Commonwealth University.
Special Interests: Graphic Design; Three-dimensional Design; Typographic Design; and Design Theory/Methodology

Srivatsa Seshadri
Professor of Marketing; 1993; B.E., University of Mysore; Ph.D., University of Arkansas.
Special Interests: International Marketing; E-Commerce; Competitive Intelligence; Marketing Research; Marketing Strategy; Ethics

Julie J. Shaffer
Associate Professor of Biology; 1999; B.S., Sioux Falls College; Ph.D., University of Nebraska-Lincoln.
Special Interests: Microbial Ecology with an Emphasis on Antimicrobial Compounds and Their Effects on Microbial Composition

Kurt Siedschlaw
Professor of Criminal Justice; 1989; B.A., Huron College; M.S., Michigan State University; J.D., University of South Dakota School of Law.
Special Interests: Native American; Juvenile Justice and Legal Issues

Kathleen J. Smith
Professor of Accounting/Finance; 1989; B.S., J.D., M.Prof.Acc., University of South Dakota; LL.M., University of the Pacific; C.P.A.
Special Interests: Uniform Accountancy Act and CPA Licensure Issues; Income Taxation History

Daren Snider
Associate Professor of Modern Languages and Director of General Studies; 2000; B.A., University of California-Riverside; M.A., University of Wisconsin-Madison; Ph.D., University of Utah.

Robin R. Sobansky
Associate Professor of Counseling and School Psychology; 2005; B.A., M.S., Wayne State College; Ph.D., University of Nebraska-Lincoln.
Special Interests: Resiliency and Developmental Competence in School-aged Children, Including Ethnic Identity Development; Developmental Issues is Psychopathology; Delivery of Mental Health Services to School-based Populations

Linda Spessard-Schuetz
Professor of Biology; 1976; B.S., M.S., Eastern Illinois University; Ph.D., University of Tennessee.
Special Interests: Botany Bryology-Evaluation of Moss Species of Nebraska Counties; Statistical Analysis of the Morphological Difference and Similarities in Moss Genera; Ethnobotany

Joseph T. Springer
Professor of Biology; 1979; B.A., Knox College; M.S., Ph.D., Washington State University.
Special Interests: Wildlife Biology; Animal Behavior; Gene flow between mammal populations across apparent geographic barriers; Prairie Mammals

Janet E. Steele
Professor of Biology; 1993; B.S., Texas A&M University; M.S., Eastern Illinois University; Ph.D., Miami University.
Special Interests: Cardiovascular, Exercise and Renal Physiology

Christopher Stevens
Assistant Professor of Political Science; 2007; B.A., University of Massachusetts-Amherst; M.A., University of Delaware; Ph.D., Brandeis University.
Special Interests: International Relations Theory; American Foreign Policy; Security Studies and the Politics of Eurasia

Jeanne Stolzer
Associate Professor of Family Studies and Interior Design; 2002; B.S., M.S., Ph.D., University of Nebraska-Lincoln.
Special Interests: Advisory Board member for the International Center for the Study of Psychiatry and Psychology (ICSPPP); Executive Board Member for Attachment Parenting International (API); Research interests include the biocultural implications of attachment parenting, human lactation, ethology, neurobiology, and the multivariational effects of labeling and drugging children and adolescents

Jane Strawhecker
Associate Professor of Teacher Education; 2000; B.A., Kearney State College; M.A., Mid-America Nazarene University; Ph.D., University of Nebraska-Lincoln.
Special Interests: Math Education

Laurie Swinney
Professor of Accounting/Finance; 1991; B.S., Nebraska Christian College; M.B.A., University of Cincinnati; Ph.D., University of Nebraska-Lincoln; C.P.A.
Special Interests: Expert Systems; CPA Licensure Issues

Marguerite Tassi
Professor of English; 1997; B.A., Columbia University; M.A., University of Virginia; Ph.D., Claremont Graduate School.
Special Interests: Shakespeare; Renaissance Drama; Milton; Lyric Poetry

Allen Ross Taylor
Assistant Professor of Management Information Systems; 2004; B.S., University of Arkansas; M.B.A., Webster University; Ph.D., University of Arkansas.
Special Interests: Computer-Aided Decision Making; Technology and Innovation; User Adoption of New Technologies

Kenya Taylor
Dean of Graduate Studies and Research and Professor of Communication Disorders; 1996; B.A., M.S., Baylor University; Ed.D., University of Tennessee.
Special Interests: Audiologic Rehabilitation of the Elderly; Noise-induced Hearing Loss

Frank Tenkorang
Assistant Professor of Economics; 2006; B.S., University of Ghana; M.S., University of Wyoming; Ph.D., Purdue University.
Special Interests: Agriculture Related Issues; Econometric Analysis

Glenn E. Tracy
Assistant Chair and Associate Professor of Teacher Education; 1999; B.S.E., M.A., Truman State University; Ed.D., Oklahoma State University.
Special Interests: English as a Second Language; Language Acquisition

Kenneth Trantham
Chair and Associate Professor of Physics and Physical Science; 2009; B.S., Arkansas Tech University; M.S., University of Missouri-Rolla; Ph.D., University of Nebraska-Lincoln.

Janet Trewin
Associate Professor of Accounting/Finance; 2004; B.A., M.B.A., Ph.D., Michigan State University.
Special Interests: Individual, Corporate and Estate & Trust Taxation; Behavioral Issues in Taxation

Paul Twigg
Professor of Biology; 1992; B.S., Indiana University of Pennsylvania; Ph.D., University of Tennessee.
Special Interests: Plant Molecular Biology; Genomics of Bioenergy Crops; Gene Expression in Plant-Virus Interactions; Plant Physiology
Rebecca Umland
Professor of English; 1988; B.A., M.A., Ph.D., University of Iowa.
Special Interests: Nineteenth Century British Literature; Arthurian Literature; Continental Literature

Sam Umland
Professor of English; 1988; B.A., M.A., Ph.D., University of Nebraska-Lincoln.
Special Interests: Film Studies; Critical Theory; Media Studies

Nita Unruh
Chair and Associate Professor of Health, Physical Education, Recreation and Leisure Studies; 1999; B.S., Henderson State University; M.S., Florida State University; Ed.D., University of Arkansas.
Special Interests: Sports Marketing and Sponsorship; Management and Administration of Sport; Sport Law

Scott Unruh
Professor of Health, Physical Education, Recreation and Leisure Studies; 1999; B.S., School of the Ozarks; M.Ed., Ed.D., University of Arkansas.

Linda Van Ingen
Associate Professor of History and Director of the Women’s and Gender Studies Program; 2001; B.A., University of Iowa; M.A., Ph.D., University of California, Riverside.
Special Interests: Twentieth-century U.S. History; Women’s History; Civil Rights; Race and Gender; Historical Methods

Vernon Volpe
Chair and Professor of History; 1987; B.A., M.A., Youngstown State University; Ph.D., University of Nebraska-Lincoln.
Special Interests: Nineteenth-century U.S. History; Civil War and Reconstruction; Slavery; Antislavery; Western Expansion and Exploration; U.S. Constitution; Political, Military, and Quantitative History

Theresa A. Wadkins
Associate Professor of Psychology; 1990; B.S., Kearney State College; M.S., Fort Hays State University; Ph.D., University of Nebraska-Lincoln.
Special Interests: Teaching Issues; Procrastination and Stress of Emergency Responders

Andrew White
Assistant Professor of Music; 2005; B.M., M.M., Artist Diploma; D.M.A., Cleveland Institute of Music/Case Western Reserve University.

Beth Wiersma
Associate Professor of Criminal Justice; 2001; B.S., Moorhead State University; M.S., Northern State University; Ph.D., South Dakota State University.
Special Interests: Sex Offenders; Institutional and Community Based Corrections

Barton Willis
Professor of Mathematics and Statistics; 1992; B.S., Kansas State University; Ph.D., Virginia Polytechnic Institute and State University.
Special Interests: Mathematical Physics; Functional Analysis; and Computer Algebra Systems

William Wozniak
Professor of Psychology; 1978; A.B., University of Notre Dame; M.A., Ph.D., Miami University.
Special Interests: Irrational Belief Systems; Teaching Techniques; Environmental Psychology

Gene G. Wubbels
Professor of Chemistry; 1995; B.S., Hamline University; Ph.D., Northwestern University.
Special Interests: Organic Chemistry; Photochemistry; Catalysis of Photochemical Reactions

Diane Kholos Wysocki
Professor of Sociology; 1996; B.A., Arizona State University; M.A., Ph.D., University of California, Santa Barbara.
Special Interests: Gender; Sexuality; Women’s Studies; Research Methods; Post Traumatic Stress Disorder; Women with Bleeding Disorders; Relationships on the Internet

Maha Younes
Chair of Criminal Justice and Social Work and Professor of Social Work; 1991; B.S., M.S.Ed. Kearney State College; M.S.W., University of Nebraska-Omaha; Ph.D., University of Nebraska-Lincoln.
Special Interests: Domestic and International Social Policy; Multicultural and Global Education; Adult Education, Child Welfare, and Advocacy and Social Action

Jane Ziebarth-Bovill
Associate Professor of Teacher Education; 1984; B.A., M.A.Ed., Kearney State College, Ph.D., University of Nebraska-Lincoln.
Special Interests: Field-based Education; Service-Learning; Democratic Teaching Strategies; Brain-based Learning; Human Relations; Classroom Civility

Kathryn M. Zuckweiler
Assistant Professor of Management; 2005; B.A., Whittier College; M.B.A., University of Houston; Ph.D., University of Nebraska-Lincoln.

Guidelines for the Use of Information Technology Resources at UNK

I. INFORMATION TECHNOLOGY RESOURCES

Information technology (IT) resources at UNK include computers, mobile devices, storage devices, peripheral devices, supplies, software, documentation, networks, services, and support.

UNK is a provider of a means to access the vast amount of information available through electronic resources, but is not a regulator of the content of that information and takes no responsibility for the content, except for that information the University itself and those acting on its behalf create.

UNK cannot and does not guarantee user privacy. Users should be aware that on occasion duly authorized personnel have authority to access individual user files or data in the process of performing repair or maintenance of equipment. Users should also be aware that the Nebraska public records statutes are very broad in their application and some University records contained in electronic form require disclosure if a public record request is made.

II. PERMITTED USE

Accepting any account and/or using UNK’s IT resources shall constitute an agreement on behalf of the user to abide by these Guidelines. Access to IT resources at UNK is a privilege, not a right, and must be treated as such by all users. Failure to act in accordance with these guidelines and relevant local, state, and federal laws and regulations may result in denial of access to IT resources or other disciplinary action.

IT resources are to be used predominately for University-related business. However, personal use is permitted so long as it conforms with these Guidelines and does not interfere with University operations or an employee’s performance of duties as a University employee.

III. MISUSE OF INFORMATION TECHNOLOGY AND NETWORK SYSTEMS

Misuse of University IT and network systems is prohibited. Misuse includes the following:

A. Attempting to modify or remove IT equipment, software, or peripherals without authorization.
B. Accessing without proper authorization computers, software, information, or networks to which the University belongs, regardless of whether the resource accessed is owned by the University or the abuse takes place from a non-University site.
C. Taking actions, without authorization, which interfere with the access of others to information systems.
D. Circumventing logon or other security measures.
E. Using information systems for any illegal or unauthorized purpose.

F. Personal use of information systems or electronic communications for non-University consulting, business or employment, except as expressly authorized by Section 3.4.5 of the Bylaws of the Board of Regents.
G. Sending any fraudulent electronic communication.
H. Violating any software license or copyright without the written authorization of the software owner.
I. Using electronic communications to violate the property rights of authors and copyright owners.
J. Using electronic communications to harass or threaten others, so as to interfere with the educational or employment experience.
K. Using electronic communications to disclose proprietary information without the explicit permission of the owner.
L. Reading other users’ information or files without permission.
M. Academic dishonesty.
N. Forging, fraudulently altering or falsifying, or otherwise misusing University or non-University records.
O. Using electronic communications to hoard, damage, or otherwise interfere with academic resources available electronically.
P. Using electronic communications to steal another individual’s works, or otherwise misrepresent one’s own work.
Q. Using electronic communications to fabricate research data.
R. Launching a computer worm, computer virus or other rogue program.
S. Downloading or posting illegal, proprietary or damaging material to a University IT resource.
T. Transporting illegal, proprietary or damaging material across a University network.
U. Violating any state or federal law or regulation in connection with the use of any IT resources.
V. Personal use of any University information system to access, download, print, store, forward, transmit or distribute obscene material.
W. Using another’s ID or access codes without permission of the appropriate System Manager.
X. Creating a web page or similar service using or attached to UNK IT or network resources that does not comply with UNK’s Web page guidelines.

IV. ENFORCEMENT

The Assistant Vice Chancellor for Information Technology is authorized to monitor the use of all campus-wide IT resources and Department and Program Administrators are authorized to monitor their specific IT resources, to manage and protect those resources and the rights of their users, and to recommend the imposition of sanctions against any person who violates these guidelines. Sanctions may be both internal, involving loss of IT privileges or other university disciplinary measures, and external, involving civil or criminal action under the Nebraska Computer Crimes Act or Federal Statutes.

04/23/2009
Policy for Responsible Use of University Computers and Information Systems

Executive Memorandum No. 16

1. PURPOSE
It is the purpose of this Executive Memorandum to set forth the University's administrative policy and provide guidance relating to responsible use of the University's electronic information systems.

2. GENERAL
The University of Nebraska strives to maintain access for its faculty, staff, students, administrators and Regents (the "users") to local, national and international sources of information and to provide an atmosphere that encourages sharing of knowledge, the creative process and collaborative efforts within the University's educational, research and public service missions.

Access to electronic information systems at the University of Nebraska is a privilege, not a right, and must be treated as such by all users of these systems. All users must act honestly and responsibly. Every user is responsible for the integrity of these information resources. All users must respect the rights of other computer users, respect the integrity of the physical facilities and controls, and respect all pertinent license and contractual agreements related to University information systems. All users shall act in accordance with these responsibilities, and the relevant local, state and federal laws and regulations. Failure to so conduct oneself in compliance with this Policy may result in denial of access to University information systems or other disciplinary action.

The University of Nebraska is a provider of a means to access the vast and growing amount of information available through electronic information resources. The University of Nebraska is not a regulator of the content of that information and takes no responsibility for the content of information, except for that information the University itself and those acting on its behalf create. Any persons accessing information through the University of Nebraska information systems must determine for themselves and their charges whether any source is appropriate for viewing.

Accepting any account and/or using the University of Nebraska's information systems shall constitute an agreement on behalf of the user or other individual accessing such information systems to abide and be bound by the provisions of this Policy.

The University may restrict or prohibit the use of its information systems in response to complaints presenting evidence of violations of University policies or state or federal laws. When it has been determined that there has been a violation, the University may restrict or prohibit access by an offending party to its information systems through University-owned or other computers, remove or limit access to material posted on University-owned computers or networks, and, if warranted, institute other disciplinary action.

3. DEFINITIONS
For purposes of this policy the following definitions shall apply:

a. "Electronic communications" shall mean and include the use of information systems in the communicating or posting of information or material by way of electronic mail, bulletin boards, World Wide Web (internet), or other such electronic tools.

b. "Information systems" shall mean and include computers, networks, servers and other similar devices that are administered by the University and for which the University is responsible. "Networks" shall mean and include video, voice and data networks, routers and storage devices.

c. "Obscene" with respect to obscene material shall mean (1) that an average person applying contemporary community standards would find the material taken as a whole predominantly appeals to the prurient interest or a shameful or morbid interest in nudity, sex, or excretion, (2) the material depicts or describes in a patently offensive way sexual conduct specifically set out in Neb. Rev. Stat. §§ 28-807 to 28-809, as amended, and (3) the material taken as a whole lacks serious literary, artistic, political, or scientific value.

d. Circumventing logon or other security measures.

e. Accessing without proper authorization computers, software, or material by way of electronic mail, bulletin boards, World Wide Web (internet), or other such electronic tools.

f. Using information systems for any illegal or unauthorized purpose.

g. Sending any fraudulent electronic communication.

h. “Personal use of information systems or electronic communications” shall mean and include video, voice and data networks, routers and other similar devices that are administered by the University and for which the University is responsible. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

i. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

j. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

k. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

l. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

m. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

n. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

o. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

p. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

q. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

r. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

s. “Networks” shall mean and include video, voice and data networks, routers and storage devices.

3. DEFINITIONS
For purposes of this policy the following definitions shall apply:

a. "Electronic communications" shall mean and include the use of information systems in the communicating or posting of information or material by way of electronic mail, bulletin boards, World Wide Web (internet), or other such electronic tools.

b. "Information systems" shall mean and include computers, networks, servers and other similar devices that are administered by the University and for which the University is responsible. "Networks" shall mean and include video, voice and data networks, routers and storage devices.

c. "Obscene" with respect to obscene material shall mean (1) that an average person applying contemporary community standards

4. PERMITTED USE

a. University Business Use and Limited Personal Use. University information systems are to be used predominately for University-related business. However, personal use is permitted so long as it conforms with this Policy and does not interfere with University operations or an employee user’s performance of duties as a University employee. As with permitted personal use of telephones for local calls, limited personal use of information systems does not ordinarily result in additional costs to the University and may actually result in increased efficiencies. Personal use of any University information system to access, download, print, store, forward, transmit or distribute obscene material is prohibited. UNDER ALL CIRCUMSTANCES, PERSONAL USE BY EMPLOYEES MUST COMPLY WITH SUBSECTION b. OF THIS SECTION AND SHALL NOT CONFLICT WITH AN EMPLOYEE’S PERFORMANCE OF DUTIES AND RESPONSIBILITIES FOR THE UNIVERSITY.

b. Prior Approval Required for Personal Use for Outside Consulting, Business or Employment. Personal use of University information systems resources or equipment by any user for personal financial gain in connection with outside (non-University) consulting, business or employment is prohibited, except as authorized for employees by Section 3.4.5 of the Bylaws of the Board of Regents. Employee personal use in conjunction with outside professional consulting, business or employment activities is permitted only where such use has been expressly authorized and approved by the University Administration or the Board of Regents, as appropriate, in accordance with the requirements of said Section 3.4.5 of the Bylaws.

5. ACCESS
Unauthorized access to information systems is prohibited. No one should use the ID or password of another; nor should anyone provide his or her ID or password to another, except in the cases necessary to facilitate computer maintenance and repairs. When any user terminates his or her relation with the University of Nebraska, his or her ID and password shall be denied further access to University computing resources.

6. MISUSE OF COMPUTERS AND NETWORK SYSTEMS
Misuse of University information systems is prohibited. Misuse includes the following:

a. Attempting to modify or remove computer equipment, software, or peripherals without proper authorization.

b. Accessing without proper authorization computers, software, information or networks to which the University belongs, regardless of whether the resource accessed is owned by the University or the abuse takes place from a non-University site.

c. Taking actions, without authorization, which interfere with the access of others to information systems.

d. Circumventing logon or other security measures.

e. Using information systems for any illegal or unauthorized purpose.

f. Personal use of information systems or electronic communications for non-University consulting, business or employment, except as expressly authorized pursuant to Section 3.4.5 of the Bylaws of the Board of Regents.

g. Sending any fraudulent electronic communication.
h. Violating any software license or copyright, including copying or redistributing copyrighted software, without the written authorization of the software owner.

i. Using electronic communications to violate the property rights of authors and copyright owners. (Be especially aware of potential copyright infringement through the use of e-mail. See the provisions under “E-Mail” contained in this Policy.)

j. Using electronic communications to harass or threaten users in such a way as to create an atmosphere which unreasonably interferes with the education or the employment experience. Similarly, electronic communications shall not be used to harass or threaten other information recipients, in addition to University users.

k. Using electronic communications to disclose proprietary information without the explicit permission of the owner.

l. Reading other users' information or files without permission.

m. Academic dishonesty.

n. Forging, fraudulently altering or falsifying, or otherwise misusing University or non-University records (including computerized records, permits, identification cards, or other documents or property).

o. Using electronic communications to hoard, damage, or otherwise interfere with academic resources available electronically.

p. Using electronic communications to steal another individual’s works, or otherwise misrepresent one’s own work.

q. Using electronic communications to fabricate research data.

r. Launching a computer worm, computer virus or other rogue program.

s. Downloading or posting illegal, proprietary or damaging material to a University computer.

t. Transporting illegal, proprietary or damaging material across a University network.

u. Personal use of any University information system to access, download, print, store, forward, transmit or distribute obscene material.

v. Violating any state or federal law or regulation in connection with use of any information system.

7. PRIVACY

a. User Privacy Not Guaranteed. When University information systems are functioning properly, a user can expect the files and data he or she generates to be private information, unless the creator of the file or data takes action to reveal it to others. Users should be aware, however, that no information system is completely secure. Persons both within and outside of the University may find ways to access files. ACCORDINGLY, THE UNIVERSITY CANNOT AND DOES NOT GUARANTEE USER PRIVACY and users should be continuously aware of this fact.

b. Repair and Maintenance of Equipment. Users should be aware that on occasion duly authorized University information systems technological personnel have authority to access individual user files or data in the process of performing repair or maintenance of computing equipment the University deems is reasonably necessary, including the testing of systems in order to ensure adequate storage capacity and performance for University needs. Information systems technological personnel performing repair or maintenance of computing equipment are prohibited by law from exceeding their authority of access for repair and maintenance purposes or from making any use of individual user files or data for any purpose other than repair or maintenance services performed by them.

c. Response to a Public Records Request, Administrative or Judicial Order or Request for Discovery in the Course of Litigation. Users should be aware that the Nebraska public records statutes are very broad in their application. Certain records, such as unpublished research in progress, proprietary information, personal information in personnel and student records are protected from disclosure. However, most other University records contained in electronic form require disclosure if a public record request is made. Users should remember this when creating any electronic information, especially e-mail. Also, users should be aware that the University will comply with any lawful administrative or judicial order requiring the production of electronic files or data stored in the University’s information systems, and will provide information in electronic files or data stored in the University’s information systems in response to legitimate requests for discovery of evidence in litigation in which the University is involved.

d. Response to Misuse of Computers and Network Systems. When for reasonable cause, as such cause may be determined by the Office of the Vice President and General Counsel, it is believed that an act of misuse as defined in section 6 above has occurred, then the chief information services officer serving Central Administration or serving the relevant campus may access any account, file or other data controlled by the alleged violator and share such account information, file or other data with those persons authorized to investigate and implement sanctions in association with the misuse of the University’s computer and information systems. Should any of the chief information service officers reasonably believe that a misuse is present or imminent such that the potential for damage to the system or the information stored within it, is genuine and serious (e.g. hacking, spamming or theft), then the chief information officer may take such action as is necessary to protect the information system and the information stored in it, including the denial of access to any University or non-University user, without a determination from the Office of the Vice President and General Counsel regarding reasonable cause; provided however, that the chief information officer shall contact the Office of the Vice President and General Counsel as soon as possible to confirm that any protective actions taken were appropriate and within the parameters of this executive memorandum.

e. Access to Information Concerning Business Operations. Employees regularly carry out the business functions of the University using the University’s information systems. Business records, inquiries and correspondence are often stored such that individuals may control the access to particular information stored within the University’s information system. Should any employee become unavailable, be incapacitated due to illness or other reasons, or refuse to provide the information necessary to carry out the employee’s job responsibilities in a reasonably timely manner, then following consultation with and approval by the Office of the Vice President and General Counsel, the chief information officer of Central Administration or of the relevant campus may access the employee’s records in order to carry out University business operations on behalf of the unavailable or uncooperative employee.

8. E-MAIL

a. Applicability. ALL POLICIES STATED HEREE ARE APPLICABLE TO E-MAIL. E-mail should reflect careful, professional and courteous drafting—particularly since it is easily forwarded to others. Never assume that only the addressee will read your e-mail. Be careful about attachments and broad publication messages. Copyright laws and license agreements also apply to e-mail.

b. E-mail Retention. E-mail messages should be deleted once the information contained in them is no longer useful. When e-mail communications are sent, the e-mail information is stored in one or more backup files for the purposes of "disaster recovery", i.e. inadvertent or mistaken deletions, system failures. In order to provide for the recovery of deleted e-mail, while maintaining efficient use of storage capabilities, e-mail information on backup files shall be retained for a period of time not to exceed seven days.
9. WEB PAGES

The Central Administration and each University campus may establish standards for those Web Pages considered to be “official” pages of the University. All official Web Pages shall contain the administrative unit’s logo in the header and footer in order to identify it as an official University of Nebraska Web Page. No other Web Pages shall be allowed to use University of Nebraska logos without the express permission of the University.

Originators of all Web Pages using information systems associated with the University shall comply with University policies and are responsible for complying with all federal, state and local laws and regulations, including copyright laws, obscenity laws, laws relating to libel, slander and defamation, and laws relating to piracy of software.

The persons creating a Web Page are responsible for the accuracy of the information contained in the Web Page. Content should be reviewed on a timely basis to assure continued accuracy. Web Pages should include a phone number or e-mail address of the person to whom questions/comments may be addressed, as well as the most recent revision date.

10. NOTIFICATION

This Policy shall be published in all employee and faculty handbooks and student catalogs, and placed on the World Wide Web in order to fully notify users of its existence.

11. APPLICATION AND ENFORCEMENT

This Policy applies to all administrative units of the University of Nebraska. The Central Administration and each University campus is encouraged to provide supplemental policy guidance, consistent with this Policy, designed to implement the provisions herein.

Each University campus shall be responsible for enforcing this Policy in a manner best suited to its own organization. It is expected that enforcement will require cooperation between such departments as computer systems administration, human resources, affirmative action, academic affairs and student affairs. Prior to any denial of access or other disciplinary action, a user shall be provided with such due process as may be recommended by the University’s Office of the General Counsel.

Revised and dated August 28, 2001
L. Dennis Smith, Ph.D., President
